PROGRAM OVERVIEW

Psychology is an extremely broad discipline. While consistently focused on the individual, it deals with everything from brain and neurological functions to social and environmental influences on behavior and thought. Here at CU Denver, our undergraduate program covers aspects of all the following: experimental psychology, biopsychology, animal behavior, developmental psychology, cognitive psychology, and abnormal psychology. As a foundation, the programs also include an early exposure to research methods and statistics. The psychology major is designed to help students achieve the following learning goals:

- **Knowledge Base of Psychology**: Students will recognize, explain, and distinguish the major concepts, theoretical perspectives, empirical findings, and historical trends in Psychology.
- **Research Methods in Psychology**: Students will demonstrate the statistical, organizational, writing, and analytical skills necessary to interpret and conduct meaningful and valid research in Psychology.
- **Critical Thinking Skills**: Students will use skeptical inquiry and scientific thinking skills to interpret and solve problems related to behavior and mental processes.
- **Application of Psychology**: Students will apply psychological principles to solve personal, social, and/or organizational problems.
- **Values in Psychology**: Students will evaluate evidence, tolerate ambiguity, act ethically, recognize and respect diversity, and/or reflect other values that are the underpinnings of psychology as a discipline.

The Department of Psychology strives to provide the highest quality, state-of-the-art educational experience for our undergraduate students. Our faculty members bring alive for students the subject matter and methodologies of psychology and prepare students to become sophisticated consumers and evaluators of information. Our students can collaborate with faculty on research projects at the intersection of psychology and neuroscience in areas such as drug abuse, stress, brain development, health and wellness, depression, and marital relationships—research that is often focused on problems of contemporary urban life.

ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major/faculty advisor.

For questions related to CU Denver Core Curriculum, CLAS, general graduation requirements, university/college academic policies, or campus resources contact:

GENERAL GRADUATION REQUIREMENTS & POLICIES

All CU Denver CLAS students are required to complete the following minimum general graduation requirements to be eligible to apply for graduation:

1. Complete a minimum of 120 semester hours
2. Achieve a minimum 2.0 CU cumulative grade point average (GPA)
3. Complete a minimum of 45 upper-division (3000- to 4000-level) semester hours
4. Complete all CU Denver Core, CLAS, and major requirements
5. Complete a minimum of 30 CLAS hours at CU Denver

The following are maximum semester hours that can apply toward the minimum 120 hours required for graduation:

- 56 semester hours in major department/prefix courses
- 16 semester hours Pass/Fail
- 12 semester hours of Independent Study
- 12 semester hours of internship credit
- 8 semester hours of physical education credit

PROGRAM REQUIREMENTS & POLICIES

**Students are responsible for meeting with the major/faculty advisor in the department to confirm major requirements.** In addition to completing all CU Denver Core and CLAS requirements, students completing the Psychology B.S. Degree are required to complete the following minimum program requirements:

1. Students must complete a total of 54-58 credit hours, including a minimum of 31 PSYC credit hours and 23-27 credit hours in ancillary (supporting science) course work.
2. Students must complete a minimum of 16 upper division (3000-level and above) PSYC credit hours.
3. Students must achieve a minimum GPA of 2.0 for all courses applied to major requirements.
4. Students must complete all major courses, taken at CU Denver and all transfer courses applying to major requirements with a minimum grade of C-(1.7). Students cannot complete major or ancillary course requirements as pass/fail.
5. Students must complete a minimum of 16 upper division (3000-level and above) PSYC credit hours with CU Denver faculty.
