# Supplemental Instruction (SI) Spring 2020

*Spring SI Sessions begin Tuesday, January 21st through Saturday, May 9th*

SI is a series of weekly interactive and collaborative study sessions for students taking traditionally difficult classes. **What to expect with SI:**

- Actively engage in critical thinking and analyzing concepts
- Receive clarification and reinforcement of most difficult concepts
- Collaboratively work and engage with your classmates
- A place to learn and make mistakes
- NOT a re-lecture
- Develop strategies for studying
- Compare and discuss notes with classmates

Supplemental Instruction Sessions are now being conducted through [Zoom](https://zoom.us)
