Welcome

In 2006, clinical students at the Institute of Taoist Education and Acupuncture (ITEA) founded the Free Acupuncture Clinic for Veterans. The ITEA Clinic has been affiliated with Acupuncturists Without Borders (AWB) since 2010.

About the Service

The Clinic serves U.S. veterans, those currently serving in the U.S. military, and members of their households.

The Free Acupuncture Clinic for Veterans is held Wednesday's from 6–8 PM.

No appointment or registration is necessary.

For more information call (720) 890-1577.

Ear needling

Treatments are based on the National Acupuncture Detoxification Association (NADA) ear protocol, proven to be extremely powerful in alleviating symptoms of treating acute stress and trauma. Additional benefits are listed on the back.

Participants are seated fully clothed. Interns place five tiny needles in each ear, using the NADA five needle ear protocol. Needles are sterile, for single use, and are disposed of immediately after removal. Participants are invited to close their eyes and sit quietly for 30–45 minutes as the acupuncture does its work.

Acupuncture is currently being provided at Walter Reed Medical Center in Washington, D.C. for returning veterans experiencing combat stress. The military is also using acupuncture on the battlefield to help relieve pain.

About our Clinic

The Clinic was the vision of ITEA graduate Brad Austin, Class of 2007. In order to transform his vision into reality, he laid the groundwork and raised funds to support the clinic. Since its founding, ITEA students have helped to further define, implement, market and expand our place in the community.

Each year, the Clinic grows to serve more veterans and their household members in our community.

The ITEA Clinic is proud to be part of the national network of independent and locally-based free clinics—Acupuncturists Without Borders (AWB), and operates within the AWB guidelines.

“ I’ve been coming to the Veterans clinic for a year. I love my weekly session. The people are very friendly and willing to explain everything. I’ve had sleep problems my entire life. Since I started coming for acupuncture, I get to sleep and stay asleep. The longer you come, the longer the effects last. The clinic is wonderful.” – EK

Acupuncture Without Borders (AWB)

AWB is a 501(c)(3) non-profit organization that relies on contributions to work with communities in crisis. To make a tax deductible donation please visit www.ACBW.info.
