This is a list of suggested items only. You do not need to bring all of these items with you to have a great experience at Campus Village. The items on this list are what students who live at Campus Village have indicated they have found useful. Many students living in the Freshmen Wing do not bring as complete a list of kitchen items. Remember, you are here to study, and have fun! Space is limited, so you will want to prioritize with your roommates what is a necessity, and what items will be a distraction, and in your way throughout the year. If you forget an important item or want to shop with your roommates for some of the shared items (television, dishes, lamps etc.) there are several stores in the Denver area that cater to the needs of college students. We will be taking groups of students to Target using the local bus system throughout your first week at Campus Village.
