### KEY

The symbol [INJ] next to a drug name indicates that the drug is available in injectable form only.

**For the member:** Generic medications contain the same active ingredients as their corresponding brand-name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

**For the physician:** Please prescribe preferred products and allow generic substitutions when medically appropriate. Thank you.

Brand-name drugs are listed in CAPITAL letters.

Generic drugs are listed in lower case letters.
