Eligibility

All students enrolled in a degree and certain approved certificate seeking programs taking 1 or more credit hours are enrolled in this High Option Plan A (2016-202512-1) on a mandatory hard waiver basis unless they choose to enroll in the Low Option Plan B (2016-202512-2), or waive coverage by providing proof of comparable coverage.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Effective and Termination Dates

The Master Policy becomes effective at 12:01 a.m., August 1, 2016. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 31, 2017. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

Choice of Plan

Each eligible student has a choice of one of the benefit Plans. Plan A has higher benefits than Plan B and it has a higher premium. Make your selection carefully, you cannot upgrade or downgrade coverage after the initial purchase of the Plan for the policy year.

Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.
Waiver and Enrollment Policy

All students taking 1 or more credit hours will automatically be enrolled in Plan A (High Option 2016-202512-1) on a hard waiver basis unless they choose to enroll in Plan B (Low Option 2016-202512-2), or waive coverage by providing proof of comparable coverage. To waive coverage, a selection/waiver enrollment form must be completed and returned within the prescribed enrollment/waiver period.

The enrollment/waiver deadline for the Annual/Fall semester is August 24, 2016. Open enrollment for Spring/Summer and Summer only applies to new students or previously ineligible students. All continuing students must provide documentation of being involuntarily dropped from other group coverage for enrollment in Spring/Summer or Summer semesters. The enrollment/waiver deadline for new Spring semester students is January 11, 2017 and for new Summer students the enrollment/waiver deadline is June 6, 2017. Insurance plans that are not required to meet State and Federal benefit mandates are not considered comparable and consequently will not be considered proof of comparable coverage.

Students are AUTOMATICALLY billed for the Student Health Insurance on their tuition bill. For those students who have outside coverage, it is their responsibility to complete a “waiver form” by the waiver deadline in order to have the insurance charge removed from their tuition bill. Waiver forms will not be accepted after the enrollment/waiver deadline.

Waiver/enrollment forms are located online at www.ucdenver.edu/amcstudentinsurance. Waiver forms can also be obtained at the Student Insurance Office located in Education Facility II North, Room #3213. Health insurance waiver/enrollment forms are only valid for one academic year.

Continuing students are required to complete a new waiver/enrollment form ANNUALLY prior to each Fall semester. Students with a break in their academic enrollment are required to complete a new waiver form when they re-enroll and every Fall semester thereafter.

**IMPORTANT**: Failure to follow the notification procedures will not affect benefits otherwise payable under the policy; however, pre-notification is not a guarantee that benefits will be paid.
Preferred Provider Information

“Preferred Providers” are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

Cofinity and First Health.

The availability of specific providers is subject to change without notice. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling Cofinity (inside Colorado) call 1-800-831-1166, and First Health (outside Colorado) call 1-800-226-5116 and/or by asking the provider when making an appointment for services.

“Preferred Allowance” means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

“Out-of-Network” providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured’s responsibility.

“Network Area” means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

PREFERRED PROVIDERS – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Call 1-855-639-8679 for information about Preferred Hospitals.

OUT-OF-NETWORK PROVIDERS - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by Cofinity (inside Colorado) and First Health (outside Colorado) will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

SPECIAL PROVIDER ARRANGEMENTS

The University of Colorado Anschutz Medical Campus Department of Psychiatry has contracted with certain providers for outpatient psychiatric services. These Special Select Providers have agreed to accept special reduced reimbursement rates for treatment rendered to Insureds. Eligible outpatient Mental Illness (including Biologically Based Mental Illness) services provided by the contracted providers will be paid at 100% of these negotiated rates for Covered Medical Expenses, up to the Schedule of Benefits limits.

The Preferred Provider for this plan is Cofinity (inside Colorado) and First Health (outside Colorado).

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. Covered Medical Expense incurred at a Preferred Provider facility by an Out-of-Network Provider will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

The Policy provides benefits for the Covered Medical Expenses incurred by an Insured Person for loss due to a covered Injury or Sickness.

Out-of-Pocket Maximum: After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network per service Deductibles.

Although a new Deductible will apply each Policy Year, Covered Medical Expenses incurred during the last three months of the Policy Year which are applied against the Deductible will also be applied to the Deductible for the next Policy Year and thus reducing that Policy Year’s Deductible.

Outpatient Mental Illness and Biologically Based Mental Illness treatment will be paid at 100% of the negotiated rates with no Copay or Deductible when treatment is rendered at Special Providers. See Preferred Provider Information, Special Provider Arrangements (p. 3).

Usual and Customary Charges are based on data provided by FAIR Health, Inc. using the 80th percentile based on location of provider.

Coverage is available outside the U.S. at the Out-of-Network level of benefits.

Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated. Please refer to the Medical Expense Benefits – Injury and Sickness section for a description of the Covered Medical Expenses for which benefits are available. Covered Medical Expenses include:

Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider. Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-855-639-8679 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.
Non-Network Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

**Covered Dental Services**

Benefits are eligible for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service.

**Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

**Pre-authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

**Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.
B. Provided by or under the direction of a Dental Provider.
C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
D. Not excluded as described in Section 3: Pediatric Dental Services exclusions.

**Dental Services Deductible**

Benefits for pediatric Dental Services are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is $500 per Insured Person.

**Out-of-Pocket Maximum**

Any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this benefit applies to the Out-of-Pocket Maximum stated in the policy Schedule of Benefits.
Benefits

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to the policy DEFINITIONS:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company’s contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.
Necessary - Dental Services and supplies which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

Pediatric Vision Care Services Benefits

Benefits are provided for Vision Care Services for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under Section 3: Claims for Vision Care Services. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.
Network Benefits

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Policy Deductible

Benefits for pediatric Vision Care Services are not subject to any policy Deductible stated in the policy Schedule of Benefits. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the policy Deductible stated in the policy Schedule of Benefits.

Benefit Description

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated. Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Benefits are provided for the Vision Care Services described below, subject to Frequency of Service limits and Copayments and Coinsurance stated under each Vision Care Service in the Schedule of Benefits below.

Routine Vision Examination

A routine vision examination of the condition of the eyes and principal vision functions according to the standards of care in the jurisdiction in which the Insured Person resides, including:

- A case history that includes chief complaint and/or reason for examination, patient medical/eye history, and current medications.
- Recording of monocular and binocular visual acuity, far and near, with and without present correction (for example, 20/20 and 20/40).
- Cover test at 20 feet and 16 inches (checks eye alignment).
- Ocular motility including versions (how well eyes track) near point convergence (how well eyes move together for near vision tasks, such as reading), and depth perception.
- Pupil responses (neurological integrity).
- External exam.
- Retinoscopy (when applicable) – objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.
- Phorometry/Binocular testing – far and near: how well eyes work as a team.
- Tests of accommodation and/or near point refraction: how well the Insured sees at near point (for example, reading).
- Tonometry, when indicated: test pressure in eye (glaucoma check).
- Ophthalmoscopic examination of the internal eye.
- Confrontation visual fields.
- Biomicroscopy.
- Color vision testing.
- Diagnosis/prognosis.
- Specific recommendations.

Post examination procedures will be performed only when materials are required.

Or, in lieu of a complete exam, Retinoscopy (when applicable) - objective refraction to determine lens power of corrective lenses and subjective refraction to determine lens power of corrective lenses.

Eyeglass Lenses - Lenses that are mounted in eyeglass frames and worn on the face to correct visual acuity limitations.

Eyeglass Frames - A structure that contains eyeglass lenses, holding the lenses in front of the eyes and supported by the bridge of the nose.
Contact Lenses - Lenses worn on the surface of the eye to correct visual acuity limitations. Benefits include the fitting/evaluation fees and contacts.

The Insured Person is eligible to select only one of either eyeglasses (Eyeglass Lenses and/or Eyeglass Frames) or Contact Lenses. If the Insured Person selects more than one of these Vision Care Services, the Company will pay benefits for only one Vision Care Service.

Necessary Contact Lenses - Benefits are available when a Vision Care Provider has determined a need for and has prescribed the contact lens. Such determination will be made by the Vision Care Provider and not by the Company. Contact lenses are necessary if the Insured Person has any of the following:

- Keratoconus.
- Anisometropia.
- Irregular corneal/astigmatism.
- Aphakia.
- Facial deformity.
- Corneal deformity.
- Pathological myopia.
- Aniseikonia.
- Aniridia.
- Post-traumatic disorders.

Low Vision – Benefits are available to an Insured Person who has severe visual problems that cannot be corrected with regular lenses and only when a Vision Care Provider has determined a need for and has prescribed the service. Such determination will be made by the Vision Care Provider and not by the Company.

This benefit includes:

- Low vision testing: Complete low vision analysis and diagnosis which includes a comprehensive examination of visual functions, including the prescription of corrective eyewear or vision aids where indicated.
- Low vision therapy: Subsequent low vision therapy if prescribed.

Notice of Appeal Rights

Right to Internal Appeal

Standard Internal Appeal

The Insured Person has the right to request an Internal Appeal if the Insured Person disagrees with the Company’s denial, in whole or in part, of a claim or request for benefits. The Insured Person, or the Insured Person’s Designated Representative, must submit a written request for an Internal Appeal within 180 days of receiving a notice of the Company’s Adverse Determination. In order to secure an Internal Review after the receipt of the notification of a benefit denied due to a contractual exclusion, the Insured Person must be able to provide evidence from a medical professional that there is a reasonable medical basis that the policy exclusion does not apply to the denied benefit.

The written Internal Appeal request should include:

1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person’s Name and ID number (from the ID card);
3. The date(s) of service;
4. The Provider’s name;
5. The reason the claim should be reconsidered; and
6. Any written comments, documents, records, or other material relevant to the claim.

Please contact the Customer Service Department at 1-855-639-8679 with any questions regarding the Internal Appeal process. The written request for an Internal Appeal should be sent to: Ameriben, PO Box 7887, Boise, ID 83707 Group #0815011.

Expedited Internal Appeal

For Urgent Care Requests, an Insured Person or a Designated Representative may submit a request, either orally or in writing, for an Expedited Internal Appeal (EIR) of an Adverse Determination:

1. involving Urgent Care Requests; and
2. related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company’s decision, shall be transmitted to the Insured Person or a Designated Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Designated Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company’s receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or a Designated Representative files an EIR request, the Insured Person or the Designated Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person’s ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person’s treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

To request an Expedited Internal Appeal, please contact Claims Appeals at 1-855-639-8679. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, Ameriben, PO Box 7887, Boise, ID 83707 Group #0815011.
Right to External Independent Review

After exhausting the Company’s Internal Appeal process, the Insured Person, or the Insured Person’s Designated Representative, has the right to request an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company’s requirements for Medical Necessity, appropriateness, health care setting, level or care, or effectiveness, or the treatment is determined to be experimental or investigational.

Standard External Review

A Standard External Review request must be submitted in writing within 4 months of receiving a notice of the Company’s Adverse Determination or Final Adverse Determination.

 Expedited External Review

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or the Insured Person’s Designated Representative has received an Adverse Determination, and
   a. The Insured Person, or the Insured Person’s Designated Representative, has submitted a request for an Expedited Internal Appeal; and
   b. Adverse Determination involves a medical condition for which the time frame for completing an Expedited Internal Review would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function;
   or
2. The Insured Person or the Insured Person’s Designated Representative has received a Final Adverse Determination, and
   a. The Insured Person has a medical condition for which the time frame for completing a Standard External Review would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person’s ability to regain maximum function; or
   b. The Final Adverse Determination involves an admission, availability of care, continued stay, or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

The Insured Person or Insured Person’s Designated Representative’s request for an Expedited External Review must include a Physician’s Certification that the Insured Person’s medical condition meets the above criteria.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.
