Dear Student,

The University of Colorado Denver, Downtown Campus (DC) strongly encourages all students to have health insurance coverage. This will help insure success in the academic community even in the event of an unexpected medical expense. The University highly recommends that you consider this health program to help protect yourself against unexpected health emergencies which might arise. Without adequate medical protection your ability to maintain good health and meet education expenses could be seriously jeopardized. If you are not currently covered by other medical insurance at an adequate level, we urge you to take advantage of this opportunity to purchase medical protection at a very reasonable cost. The Student Injury and Sickness Insurance Plan is designed to coordinate with the Health Center at Auraria to assure the availability of quality health care at the lowest possible cost. The endorsed plan made available by the University of Colorado Denver, Downtown Campus Student Injury and Sickness Insurance Plan is described in this brochure. Be sure to read the Schedule of Benefits as well as the Exclusions and Limitations sections of this brochure. Coverage is voluntary and you must enroll in every coverage period that you want coverage (your coverage does not automatically renew after the semester in which you were enrolled). It is very important to know what the Policy does and does not cover. If you have any questions about this plan, please contact AmeriBen at 855-539-8678. We look forward to assisting you in maintaining good health while you achieve your educational goals.

Sincerely,  
Student Insurance Office

### REFUNDS

Refunds will be made upon the entry of any Insured Person into the armed forces of any country. Refund rates are pro-rated. A refund will be returned to such person upon written request, less any claims paid.

Students must actively attend classes the first 31 days of the semester for which the student purchased insurance coverage. If the student withdraws from school or drops below the required credit hours within the first 31 days they are not eligible for the Student Injury and Sickness Insurance Plan. Any student who withdraws from school or who drops below the required credit hours during the first 31 days of the Coverage Period for which he or she is enrolled will not be covered under the Policy and a full refund of premium will be made less any claims paid. Students who withdraw from school or drop below the required credit hours will not be entitled to any benefits during the days described above and no claims received will be honored. **No other refunds will be issued.**

If the Insured Person elects coverage and wants to terminate coverage at a later date due to any reason except for entrance into the Armed Forces, or if the Insured Person withdraws from school within 31 days of the semester in which he or she enrolled for insurance, he or she **cannot terminate coverage** under this Plan and get a refund after the Enrollment Deadline date.

## ENROLLMENT PROCESS

All fee-paying students attending credit courses at the University of Colorado Denver, Downtown Campus, including on-line students, enrolled in 6 credit hours or more as a domestic undergraduate, or a degree-seeking graduate student may enroll in the Plan. See the University of Colorado Denver, Downtown Campus website for enrollment information at [www.ucdenver.edu/studentlife/healthinsurance](http://www.ucdenver.edu/studentlife/healthinsurance).

A specified period of time will be allowed at the beginning of each semester for enrolling in the plan. See "Coverage Dates and Costs" on page 3 for the Enrollment Deadline dates.

**Coverage is voluntary and the Insured Person must enroll in every coverage period for which he or she wants coverage (coverage does not automatically renew).**

## DEPENDENT COVERAGE (Including Newborn Enrollment and Eligibility)

Eligible students who do enroll may also insure their eligible dependents on a voluntary basis. Eligible dependents are the spouse or Domestic Partner and dependent children under age 26. Dependent/Domestic Partner eligibility expires concurrently with that of the Insured Student unless the dependent is covered through the Extension of Benefits provision after termination of coverage.

### Newborn Children

In the event of the birth of a child to an Insured Person while the student's health plan is in force, that child automatically becomes a Insured Person from the moment of birth. Coverage will continue for 31 days. If the student wants continuing coverage for the newborn after 31 days, enrollment and payment of premium must be made within the first 31 days, or the coverage will terminate for that child at the end of the 31-day period. While covered under the Policy, coverage is subject to all Policy provisions, including the deductible. Benefits mandated by the state of Colorado that apply to newborn infants are payable under the Policy for the first 31 days.

## LATE ENROLLMENT

Students will not be allowed to enroll in the Plan after the applicable enrollment deadline period unless proof is furnished that the eligible student was dropped from coverage under another Creditable health plan during the 30 days\* immediately preceding the date of the request for late enrollment. In such cases, the cost of the period will be the same as it would have been at the beginning of that period but the effective date will be the date the student enrolls and makes the full payment. The premium for the period purchased will not be pro-rated unless the period purchased is 60 days or less. In such cases, a one month premium amount will apply to coverage periods of up to 30 days and a two month premium amount will apply to Coverage Periods of 31 to 60 days.

\*30 days means the enrollment form and full payment is due at the Student Insurance Office within that 30 day period.

### IMPORTANT NOTICE

Federal regulations now permit the time you are on the University of Colorado Denver, Downtown Campus Student Injury and Sickness Insurance Plan to be counted as a credit toward satisfying pre-existing clauses in future health insurance plans you may participate in after you leave the University.

These regulations provide that, when your coverage under the University sponsored plan terminates (for example, your academic studies at University of Colorado Denver, Downtown Campus are completed or your eligibility under this Plan ends), you are eligible to receive a certificate showing the amount of time you were covered.

Please call AmeriBen at 855-539-8678 to obtain a certificate.

## CREDITABLE COVERAGE

An Insured Person whose coverage under prior Creditable Coverage ended no more than 90 days before the Insured Person's effective date under the current Plan will have any applicable Pre-Existing Condition limitation reduced by the total number of days the Insured Person was covered under such coverage. If there is a break in Creditable Coverage of more than 90 days, the Company will credit only the days of such coverage under the break.

Creditable Coverage means benefits or coverage provided under: 1) Medicare or Medicaid; 2) An employee welfare benefit plan or group health insurance or health benefit plan; 3) An individual health benefit plan; 4) A state health benefits risk pool (including but not limited to CoverColorado); or 5) Chapter 55 of title 10 of the United States code, a medical care program of the federal Indian health service or tribal organization, a health plan offered under chapter 89 of title 5, United States code, a public health plan, or a health benefit plan under section 5(e) of the federal "Peace Corps Act"(U.S.C. sec. 2504(e)).

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit. After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

When an Insured Person chooses to exercise this right, his or her written request and the appropriate premium must be received by the Company (or authorized representative) within 31 days following the date coverage under the Policy terminates. In no event will this option to continue coverage be extended beyond the number of months initially requested. Continuation of Coverage will be subject to the terms and conditions of the Policy in effect on the date the Insured Person becomes eligible under this option.

## COORDINATION OF BENEFITS

The purpose of this medical insurance policy is to assist in the payment of medical bills. It is not intended that an Insured Person receive benefits greater than his/her total allowable expenses. *This plan will coordinate benefits with any other valid and collectible insurance.*

Benefits paid by the Master Policy will not exceed: 1) any applicable Policy maximums; and, 2) 100% of the compensable expenses incurred when combined with benefits paid by any Other Valid and Collectible Insurance.

### Medicare or Medicaid

If an Insured Person is eligible for Medicare or Medicaid benefits, this plan may (or may not) be primary to Medicare or Medicaid. This is determined by Medicare or Medicaid regulations, as applicable. **NOTE: THE HEALTH CENTER AT AURARIA IS NOT A MEDICARE OR MEDICAID PROVIDER.**

## DEFINITIONS

**Coinsurance** means a provision of the insurance by which the Insured Person and the insurance carrier share in a specified ratio (e.g. 80% / 20%, 100% / 0%) for the payment of hospital or medical expenses resulting from a Sickness or Injury.

**Copayment** means a charge for Covered Medical Expense which must be paid by the Insured Person.

**Covered Medical Expenses** means reasonable charges which are: 1) not in excess of Usual and Customary charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of benefits; 4) made for services and supplies not excluded under the policy;

5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

**Deductible** means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a Deductible, it shall mean an amount to be subtracted from the amount or an amount otherwise payable as

## DEFINITIONS (CON'T)

Covered Medical Expenses before payment of any benefit is made. The Deductible will apply as specified in the Schedule of Benefits.

A domestic partner relationship may be demonstrated by any three of the following types of documentation: 1) a joint mortgage or lease; 2) designation of the domestic partner as beneficiary for life insurance; 3) designation of the domestic partner as primary beneficiary in the Named Insured's will; 4) domestic partnership agreement; 5) powers of attorney for property and/or health care; and 6) joint ownership of either a motor vehicle, checking account or credit account.

**Elective Surgery or Elective Treatment** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective Surgery or Elective Treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**Injury** means bodily Injury which is all of the following: 1) directly and independently caused by specific accidental contact with another body or object; 2) unrelated to any pathological, functional, or structural disorder; 3) a source of loss; 4) treated by a Physician within 30 days after the date of accident; and 5) sustained while the Insured Person is covered under this policy. All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one Injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

**Medical Emergency** means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a reasonable person could believe the condition would result in any of the following: 1) Death; 2) Placement of the Insured's health in jeopardy; 3) Serious impairment of bodily functions; 4) Serious dysfunction of any body organ or

The Medical Necessity of being confined as an Inpatient means that both: 1) the Insured requires acute care as a bed patient; and, 2) the Insured cannot receive safe and adequate care as an outpatient. This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

**Mental Illness** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. Mental Illness does not mean a Biologically Based Mental Illness or a Mental Disorder as defined in the Benefits for Biologically Based Mental Illness. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

**Policy Year** means a twelve (12) month period beginning each Fall semester and specifically defined by the University as the academic year.

**Pre-existing Condition** means any condition for which an Insured Person: 1) incurred charges; 2) received medical treatment; 3) consulted a health care professional; or 4) took Prescription Drugs within the 6 months immediately prior to the Insured's Effective Date under this policy. **"Preferred Allowance"** means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses. "Out of Network" providers have not agreed to any prearranged fee schedules. You may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are your responsibility. Regardless of the provider, you are responsible for the payment of your Deductible. You must satisfy your Deductible before benefits are paid. We will pay according to the benefit limits in the Schedule of Medical Expense Benefits.

**Sickness** means sickness or disease of the Insured Person which causes loss, and originates while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy's Effective Date will be considered a sickness under this policy.

**Usual and Customary Charges** means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality of the Policyholder. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.

## CLAIM SUBMISSIONS REQUIREMENTS/PROOF OF LOSS DEADLINES

You have 90 days after the date of loss to furnish proof of loss to AmeriBen. If you do not furnish notice of proof within the time allotted, your claim will still be considered if you show that it was not reasonably possible to furnish the notice of proof and that the notice of proof was furnished as soon as reasonably possible. Except for absence of legal capacity, no claim for benefit will be accepted after one year from date treatment was completed. AmeriBen and University of Colorado Denver reserve the right and opportunity to examine the person whose Injury or Sickness is the basis of a claim as often as it may reasonably require during continuance of the claim. No action at law or in equity shall be brought to recover on the Policy prior to the expiration of 60 days after proof of loss has been filed. Nor shall action be brought at all unless brought within three years from the expiration of the time within which proof of loss is required by the Policy. If any time limitation of the Policy with respect to giving notice, filing proof of loss or commencing an action at law or in equity is less than permitted by the law of the state in which you reside at the time the Policy is issued, the limitation is hereby extended to agree with the minimum period permitted by such law.
