

## **Out-of-State, Online Only Tuition Rate**

### **What Is It?**

A special [tuition rate](#) that is 120% of the regular resident rate.

### **Who Qualifies For This Rate?**

Students who are 1) ***physically living outside of Colorado*** and 2) are enrolled in online classes only.

### **Who Does Not Qualify For This Rate?**

Students who 1) physically live in Colorado and/or 2) are not enrolled in online only courses.

### **Is There A Form That Needs To Be Filled Out?**

Yes. It's located [at http://www.ucdenver.edu/registrar/forms](http://www.ucdenver.edu/registrar/forms) or [here](#) and must be turned in by the deadlines on the form. The rate is not retroactively applied.

### **Is this information verified?**

Yes. Enrollment and contact information will be monitored each term. If a student's address changes to in-state or they enroll for on-campus classes in any given term, the online tuition rate will be revoked and tuition will be assessed at the **nonresident rate** for **all** classes taken that term. A new application will be required to re-establish eligibility after a term in which the online tuition rate was revoked.

## **FAQ**

### **"I am a Colorado resident, can I get this rate?"**

No. If you are classified as a resident, you will receive the in-state resident rate.

### **"I live in Colorado, but have not been classified as a resident. Can I get this rate since I am non-resident?"**

No because you do physically live in Colorado. Please visit [www.ucdenver.edu/residency](http://www.ucdenver.edu/residency) for more information on gaining residency status.

### **"What happens if I update my address to Colorado or I decide to take on campus courses?"**

The Office of the Registrar will contact you to verify this information is correct and remind you that your rate will be revoked if you now live in the state or are taking on campus courses.

### **"Do I Have To Submit The Form To Receive This Rate?"**

Yes. This rate is not automatically applied and cannot be applied retroactively.
