CU Denver students may request a grade change to Pass Plus (P+)/Pass (P)/No Pass (NP) for any undergraduate or graduate course taken in Spring Semester 2020.

- All undergraduate and graduate courses on the CU Denver campus are eligible for Pass Plus/Pass/No Pass grade designations for Spring Semester 2020.
- Students can request a grade change to Pass Plus/Pass/No Pass; the deadline is extended to June 5. Any grade change request must be submitted to the student’s advisor (or program directors for some graduate programs) by 5 p.m. on June 5, 2020.
- The deadline for a student to request a Withdrawal (W) has been extended to the last day of the term, May 16, 2020.
- Pass Plus (P+) is defined as a grade of C- or higher. Pass (P) is defined as a grade of D+, D, or D-. No Pass (NP) is defined as lower than D-. None of these options will impact GPA calculations.
- Faculty will submit letter grades as outlined in the syllabus. The student’s permanent record will show both the original letter grade and the modified P+/P/NP grade. The modified grade will appear on the transcript.
- In order to request a grade change, students must work with their advisors (or program directors for some graduate programs). Advisors will remind students to confer with the appropriate resources regarding potential academic and financial impacts of the requested grade change(s), including possible implications for veterans’ benefits, satisfactory academic progress for financial aid purposes, scholarship eligibility, prerequisite and major requirements, competitiveness of graduate program applications, or other important considerations.
- Published prerequisites and graduation requirements remain in effect. If a student’s letter grade is below the required standard to satisfy a prerequisite or graduation requirement, the grade of “P+” or “P” will remain on the transcript, but the prerequisite will not be fulfilled. However, Schools/Colleges may make exceptions to these requirements.
- Grades of “P+” or “P” in Spring Semester 2020 semester will not be counted against any existing “P” credit limits.
- Students can still follow grade appeal processes, and other policies remain in force.
