CRITERIA AND PROCEDURES FOR COMMUNITY-BASED FACULTY APPOINTMENT, REAPPOINTMENT AND PROMOTION

University of Colorado Department of Ophthalmology,
University of Colorado School of Medicine

Appointment Criteria:

1. Attainment of professional degree (e.g., M.D., D.O.) appropriate for clinical faculty appointment.
2. Satisfactory completion of training and experience appropriate for clinical faculty appointment.
3. Unrestricted licensure for the practice of Medicine or other professional activity in the State of Colorado.
4. For ophthalmologists, certification through the American Board of Ophthalmology or American Osteopathic College of Ophthalmology following satisfactory completion of an accredited United States residency training program. Recent graduates of U.S. residency programs who are Board Eligible may be considered at the discretion of the Chair.
5. Completion of application for Clinical Faculty Appointment in the University of Colorado Department of Ophthalmology.
6. Interviews with two faculty members.
7. Letters of recommendation from three peer professionals with whom there has been significant recent professional interaction. For ophthalmologists who have completed training within the past five years, a fourth letter is required from the Director of the Residency program attended by the applicant.
8. Possession of personal and professional skills and ethics appropriate for service as a role model to medical students, residents, fellows, staff physicians and other staff members. Compliance with American Academy of Ophthalmologist’s “Ethics Policies.”
9. Willingness to participate in the University of Colorado Department of Ophthalmology teaching program and related academic activities in accordance with policies and procedures of the applicable institutions.
10. Initial appointments will be made at the level of Clinical Instructor unless, at the discretion of the Chair, a candidate can document significant prior academic/teaching experience.

11. Attainment of unrestricted hospital privileges at University of Colorado Health Science Center and appropriate affiliate institutions, as well as appropriate membership in U.P.I.

12. Appointments generally are not considered until the candidate has been in practice for one year in Colorado.

**Maintenance Criteria:**

1. Maintenance of a position on the staff at University Hospital and, if applicable, at least one of the hospitals in the University of Colorado Health Sciences affiliate hospital training program.

2. Maintenance of unrestricted licensure for the practice of Medicine or other professional activity in the State of Colorado. Any changes in Medical/Professional license status must be reported to the University of Colorado Department of Ophthalmology within 60 days of the change.

3. Demonstration of consistent teaching at the University of Colorado Health Sciences Center or affiliated teaching hospitals. On average, one half day per month is required of all clinical faculty. Community-based faculty who practice out of the Denver-Boulder corridor may fulfill this service requirement with six half-days per year. This service requirement may be modified at the discretion of the Chair with other significant teaching activities.

4. Attendance at two educational/teaching conferences (Friday 7 AM Grand Rounds (September through June), Wednesday 7 AM Conference (year round), Annual Symposium, Alumni Day) is required. Community-based faculty who practice outside the Denver/Boulder corridor are required to attend one educational/teaching conference per year.

5. Evaluation by the Clinical Faculty Promotions Committee for continuation of appointed position, consideration of promotion, or deletion by due process.

**Appointment/Reappointment/Promotion Process:**
1. Initial appointment is by approval of the University of Colorado Department of Ophthalmology Clinical Committee and by approval via additional review and process by the University of Colorado School of Medicine.

2. Annual reappointment and/or promotion are by approval of the University of Colorado Department of Ophthalmology Clinical Faculty Promotions Committee and by approval via additional review and process by the University of Colorado School of Medicine.

**General Promotion Criteria:**

1. Tangible contributions in more than one area of academic life of the University of Colorado Department of Ophthalmology.

2. Demonstration of outstanding activity in the teaching aspects of the Ophthalmology program. Specifically this would include:
   
a. attendance and participation in teaching conferences,

b. attendance at Grand Rounds,

c. staffing of resident surgery,

d. staffing of clinics, assistance of residents in publication of papers and/or presentations to regional or national meetings,

e. lectures to residents, medical students and/or nursing personnel,

f. preceptorship of medical students, and

g. assisting residents with research activities.

3. Service to the University of Colorado Department, affiliated hospitals, University of Colorado School of Medicine and/or University.

4. Contributions to community or national groups.

5. Demonstration of scholarly activity, such as publications of clinical or basic science research.

**Exceptions and Amendments:**

Exceptions or amendments to the above criteria and procedures may be made by the University of Colorado Department of Ophthalmology Clinical Committee with a two-thirds vote of the members at a meeting with a quorum present.
OPHTHALMOLOGY COMMUNITY-BASED FACULTY

Criteria for Promotion to

Assistant Clinical Professor

The criteria for promotion to the rank of Assistant Clinical Professor are:
