3. Under STUDENTS click New Users Register Here
4. Click Register for InternLink
5. Fill out your InternLink Profile. Allow for 2 business days to obtain access

Types of Internships
> Structural Engineering
> Drafting
> Printed Circuit Design
> Electrical Testing
> Cable Engineering
> Software
> Solar Energy Systems
> Manufacturing
> Robotics

Sample Projects/Tasks
> Create cartographic maps
> Design software
> Perform software testing
> Fabricate and install electronics equipment
> Conduct circuit studies
> Prepare construction costs & drawings
> Design and estimate costs associated with facilities and projects
> Develop proprietary web solutions, build & maintain database

Sample Employers
> NASA
> Intel Corporation
> Environmental Protection Agency
> National Institute of Standards and Technology
> Xcel Energy
> EchnoStar
> Ball Aerospace
> National Renewable Energy Laboratory
> Lockheed Martin
> Stanley Consultants
> Colorado Department of Transportation
> Denver Water

“This internship is going to help me in the transition from full-time student to full-time employment. I believe that an internship is crucial to any student who wants to start working in the industry immediately upon graduation.”

- Jason Colley, Senior, Electrical Engineering
