Welcome to Denver B-cycle

As a partner of Denver B-cycle, we are happy to provide you with a discounted 2015 Denver B-cycle Student Annual Access Pass. With your B-cycle pass you can pick up one of our red bikes at any B-station and drop it off at any B-station. With unlimited, 30 minute checkouts you can use a B-cycle to run an errand, grab lunch, go to work or an event, or just get out on a bike. To get your pass today, simply follow the instructions and use the promo code to get your 2015 Denver B-cycle Student Annual Access Pass.

New Access Pass Holders
- Go to DenverBcycle.com and click “Join Now”. Or click here.

You will receive your B-card in the mail within one week of registering.

How do I check out a bike?
As an Annual Access Pass Holder, you will receive a B-card by mail within one week of joining. With your B-card, you can check out bikes directly from the docks at any B-station instead of using the kiosk.

- Just choose the bike you want to ride, press the silver button on the dock, tap your B-card to the red square, when you see the green light, your bike will release.
- Return the bike to any B-station, place the bike in a dock and the three beeps is your signal that bike has been returned. Return the bike within 30 minutes to avoid paying overtime fees.
- If you do not have your B-card, you can still check out a bike from the kiosk with the credit card that is tied to your account. Just select “Member” at...
the kiosk screen when you are asked to purchase access and follow the instructions to select a bike.

What are overtime fees?
Overtime fees refer to fees charged based on how long your checkout lasts. If a checkout is 30 minutes or less, the overtime fee is always zero. After the first 30 minutes, overtime fees will accrue. See sidebar chart for full details. NOTE: Overtime fees will show up on your credit card at the first of the month for fees accrued during the previous month.

How do I use the lock?
Wrap the cable around whatever you are locking the B-cycle to, then insert the metal end of the cable lock into the lock hole located underneath the basket. Once the lock is engaged, the black key with a “B” on the end will release. Keep the key with you until you are ready to unlock the B-cycle and continue on your way. Remember if you keep a bike out of the system for more than 30 minutes, you will be charged overtime fees.

How do I find stations?
- Denver.BCycle.com provides a map of all B-stations with real-time information about their status.
- B-cycle Now is our convenient app with real time information for iPhone and Android phones.
- System maps are displayed at each B-station.
