

OIT Approved Changes

Change ID	Title	Description	Start Date/Time	End Date/Time	Outage
11/23/2021					
11238	Monthly Workstation patching	OIT will be installing Microsoft Windows and Office updates using the Intune cloud service. Users will be prompted to restart their computer. If users fails to restart after multiple prompts, the system will automatically reboot.	11/23/21 12:00 AM	11/23/21 12:01 AM	No

Count: 1

11/26/2021					
11233	Cisco Telephone System Maintenance	OIT is performing Cisco telephone system maintenance. Individual telephones may restart as they are reassigned to redundant servers throughout the process. This will require an up to 3 minute outage on individual telephones throughout the maintenance period. Calls in-progress will not be impacted.	11/26/21 10:00 AM	11/26/21 6:00 PM	No
