

University of Colorado **Denver**

INTERNET ACCESS FOR STUDENTS

As the university works through the complications of COVID-19, we're doing everything in our power to help students succeed following our move to remote learning to wrap up the spring semester.

In an effort to help us develop a suitable virtual environment for our campus community, internet providers are offering support.

[Comcast Essentials](#): Two months free internet to students who are new customers

[Spectrum Internet](#) (844-488-8398): 60 days free internet to students and teachers
