

Introducing Project LIFT! In these most unprecedented of times, your community wants to gather around you and show their support. The idea behind Project LIFT is simple - as a resident or fellow, life was hard before COVID19. And now you have to stand in line to get into a grocery store while wearing a mask and pray they haven't run out of what you need! That's where your community wants to step in.

Thank you for all you (and your families) are doing to serve patients and families impacted by COVID-19. We know this is an incredibly challenging time. Let your Colorado community show their appreciation. Sign up to be paired with a Sponsor who will help support you (and your family) through the COVID-19 surge.

Please use this [form](#) to share your needs, preferences, and willingness to participate in this program. A small group of volunteers, in conjunction with the staff within the University of Colorado Department of Anesthesiology, have launched this program and we are actively recruiting sponsors. It's brand new, and launched quickly, so please don't hesitate to reach out with any questions or concerns.

Many of our early sponsors are physicians at CHCO. If you think your faculty or staff would like to participate, you are welcome to send them the following link: [LIFT Sponsor Invitation](#)

Best,
The Project LIFT Team
Alison, Chelsea, Chrissie, and Kara

Please reach out with any questions using the emails below:

Dr. Alison Brainard, alison.brainard@cuanschutz.edu (Alison is an anesthesiologist at UCH)

Chrissie Butz, chrissie.butz@cuanschutz.edu (Chrissie is an event coordinator at CU within the Department of Anesthesiology)
