Funding Limit: \$1500/year Eligibility: All Faculty <u>Deadlines</u> Fall: Late November Implementation Plan: Early May Link

Name of Opportunity	Scope of Grant	Funding Activities	Funding Guidelines
Arts and Humanities Seed Grants Program	Provides support to Arts and Humanities Faculty who are seeking external funding in the form of grants, contracts, and fellowship. Specifically, to support the preparation of a proposal for external funding or the creation of artistic works or preliminary research in the humanities necessary to the preparation of an external funding application.	Funds may be used to support the preparation of a proposal for external funding or the creation of artistic work or preliminary research in the humanities necessary to the preparation of an external funding application. Funds are not intended to support specific projects or professional development needs. These seed grants are intended to launch research or creative work as well as advance existing activities and investigations in an effort to strengthen applications to external funding agencies or foundations. The purpose is to support researchers and creative activities specific to the Arts and Humanities.	Funding Limit: Up to \$10,000/year Eligibility: Faculty in any college whose research would be considered arts and/or humanities <u>Deadlines</u> Spring Deadline: Mid-February Fall Deadline: Mid-September Link
Grand Challenges Grant Program	Provides support for planning, team formation, and proposal development around “high impact” research and creative work.	This program is designed to provide funding and administrative support that will strengthen the following types of convergence research activities: generating ideas with wide-ranging societal impact, growing convergence research across campus, and building lasting collaborative networks.	Funding Limit: Type I: Up to \$100,000, Type II: Up to \$50,000 Eligibility: Research teams comprised of CU Denver Faculty <u>Deadlines</u> Research Symposium: Early February Letter of Intent: Mid-February Application Deadline: Mid-March Link
Open/All Disciplines Seed Grants Program	Provides support for faculty proposal development efforts that seek external funding for traditional research activities, but that require small amounts of funding to launch initial research activities providing the initial data, archival material, and community engagement necessary to complete an external grant application.	Funds may be used to support the preparation of an external funding proposal or development of preliminary research necessary to the preparation of an external funding application. Funds are not intended to support specific projects or professional development needs such as conference travel or publication costs. These seed grants are intended to launch research, scholarly activities, or creative activities as well as advance existing activities and investigations in an effort to strengthen applications to external funding agencies or private foundations.	Funding Limit: \$10,000/year Eligibility: All Faculty <u>Deadlines</u> Spring Deadline: Late-February Fall Deadline: Mid-September Link

Name of Opportunity	Scope of Grant	Funding Activities	Funding Guidelines
