

General Business

Bachelor of Science in Business Administration
Catalog Year 2026-2027

PROGRAM OVERVIEW

CU Denver's general business specialization is intended for business students who wish to gain breadth in skills and knowledge within their undergraduate studies. It is particularly appropriate for students who wish to combine a study of business with a minor or extended coursework in a non-business field. The general business major is also suitable for students who intend to pursue a specialized master's degree in business.

Admission to this degree will be restricted to students that have completed at least 45 credit hours prior to transferring into this program. Please speak with a business advisor about how those credit hours can be applied toward the degree. Students with less than 24 credits should consider one of our other BSBA majors.

ACADEMIC ADVISING

It is recommended that students meet with an advisor regarding their individualized degree plan at least once per year.
