

PROGRAM OVERVIEW

The Spanish program studies the language, linguistics, literature, culture and civilization of Spain, Spanish America, and the Spanish-speaking areas of the U.S. Through the CU Denver Spanish program, students at all levels may study abroad in Spain, Mexico and other Spanish-speaking countries. Please see a faculty member in Spanish for more information about opportunities to include study abroad as part of the major.

The **International Language and Culture for the Professions (ILCP) track** offers many career possibilities, both in government and private industry, internationally and at home. Languages are useful in business, government, industry, finance, banking, civil service, law, library science, media, science, economics, health and social sciences. Students who follow this course of study could also qualify as teachers of general business subjects in bilingual as well as traditional school systems. However, students who wish to be certified to teach Spanish in the public schools should consult the department for information concerning the undergraduate World Language teaching licensure program.

ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major advisor.
