

## PROGRAM OVERVIEW

The Climate Change Studies program prepares students with a comprehensive understanding of climate change; analytical and interdisciplinary skills for climate change research and practice; and an understanding of global perspectives, community engagement, and justice in climate change. The Climate Change Studies program offers B.S. and B.A. degrees and three tracks (e.g., natural sciences, society, and policy) that include a range of courses across multiple departments, colleges, and schools at CU Denver.

## ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major advisor.

## GENERAL GRADUATION REQUIREMENTS & POLICIES

*All CU Denver CLAS students are required to complete the following minimum general graduation requirements to be eligible to apply for graduation:*

1. Complete a minimum of 120 credit hours
2. Achieve a minimum 2.0 CU cumulative grade point average (GPA)
3. Complete a minimum of 30 upper-division (3000- to 4000-level) credit hours
4. Complete all CU Denver Core, CLAS, and major requirements
5. Complete a minimum of 30 CLAS credit hours with letter grades at CU Denver

*The following are **maximum** credit hours that can apply toward the minimum 120 credit hours required for graduation:*

- 16 credit hours Pass/Fail
- 12 credit hours of Independent Study/Directed Research
- 12 credit hours of internship credit
- 8 credit hours of physical education credit

## PROGRAM REQUIREMENTS & POLICIES

**Students are responsible for meeting with the major advisor to confirm major requirements.** In addition to completing all CU Denver Core and CLAS requirements, students completing the Climate Change Studies Natural Sciences B.S. Degree are required to complete the following minimum program requirements:

1. Students must complete a minimum of 51 credit hours and of those 18 must be upper division (3000- level and above) credit hours from the approved courses.
2. Students must earn a minimum grade of C- (1.7) in all courses that apply to the major and must achieve a minimum cumulative major GPA of 2.0. Courses taken using P+/P/F or S/U grading cannot apply to major requirements.
3. A minimum of 30 credit hours must be completed in courses taught by faculty in the College of Liberal Arts and Sciences at CU Denver.
4. Only three credits of Travel Study may be counted toward graduation requirements.
5. Undergraduate students may count up to 6 credit hours of independent study or internship (any combination of relevant independent study, internship, or directed research coursework) towards elective credit in the major as approved by the program director. Students may not receive more than three credit hours per independent study section. No more than three credit hours of independent study may be taken with the same instructor or in the same term.
