

FOR TRANSFER STUDENTS

PROGRAM OVERVIEW

Political science focuses on fundamental questions that go to the heart of the human experience. Political science students study critical issues such as war and peace, international affairs, environmental challenges, poverty and racism, and the struggles of oppressed peoples. Such study prepares students for various careers by building analytical and writing skills while encouraging independent thought, respect, and interest in current affairs. Graduates commonly work in fields such as law and government, nonprofit organizations, teaching, journalism, international organizations, business, and election campaigns.

The Political Science department prepares students for informed and creative activism by providing them an opportunity to develop analytical skills. The program incorporates historical, quantitative, experimental, ethnographic, psychological, and creative methodologies while aiming to sensitize students to the essential questions of politics and life. Many of our graduates are community organizers, attorneys or public servants in local, state or federal government. We have become nationally known for our programs in indigenous politics, international human rights, and inner-city community development. Students will find ample opportunity to explore the innovative community engagement programs while receiving real-world experience in a variety of professional and community settings.

ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major advisor.

PROGRAM REQUIREMENTS & POLICIES

The following program requirements are based on degree requirements for the current Catalog year at CU Denver and are subject to change. Students are responsible for completing degree requirements based on the Catalog year for which they are admitted.

Students are responsible for meeting with the major advisor to confirm major requirements. In addition to completing all CU Denver Core and CLAS requirements, students completing the Political Science B.A. Degree are required to complete the following minimum program requirements:

1. Students must complete a minimum of 39 credit hours from approved courses.
2. Students must complete a minimum of 21 upper division (3000-level and above) credit hours from approved courses.
3. Students must earn a minimum grade of C- (1.7) in all courses that apply to the major and must achieve a minimum cumulative major GPA of 2.0. Courses taken using P+/P/F or S/U grading cannot apply to program requirements.
4. Students must complete a minimum of 15 PSCI credit hours with CU Denver faculty.
5. Exceptions to the Experiential Learning Requirement:
 - In lieu of taking one of the identified courses, students may complete a substantial learning project in a different PSCI class. The course instructor must certify with a written submission to the departmental undergraduate advisor that the experiential learning project in that course fulfills the departmental experiential learning requirement.
 - Students with significant pre-existing political or civic engagement experience in the community (i.e., community and civic leadership work, or work with government agencies, on political campaigns, or in non-governmental organizations) or for whom the experiential-learning requirement poses a hardship may petition the undergraduate advisor to waive the requirement.
 - In either of these cases, 39 total credit hours for Political Science are still required for graduation.

FOR TRANSFER STUDENTS

COURSEWORK THAT CAN BE COMPLETED AT PREVIOUS INSTITUTION

The following is a “bucket” of requirements students can complete prior to transferring to CU Denver, including equivalent Colorado Community College System (CCCS) courses. To determine the equivalencies of courses to be completed at non-CU Denver institutions, students can visit <https://transferology.com/school/ucdenver>. **It is critical students connect with a CU Denver academic advisor to ensure planned courses will transfer and apply to CU Denver degree requirements.** All non-CU Denver coursework must be completed with a C- or better to be eligible for transfer.

Students interested in completing an Associate (A.A. or A.S.) Degree or a [Colorado Statewide Transfer Articulation Agreement or Degree with Designation \(DWD\)](#) must work with their community/junior college academic advisor to create an academic plan that accounts for all degree or transfer articulation agreement requirements. Colorado Community College Students may also explore the option to complete [Reverse Transfer](#) at CU Denver.
