

FOR TRANSFER STUDENTS

PROGRAM OVERVIEW

Psychology is an extremely broad discipline, studying everything from brain and neurologic functions to social and environmental influences on behavior and thought. Here at CU Denver, our undergraduate programs cover aspects of all the following: experimental psychology, biopsychology, animal behavior, developmental psychology, social psychology, cognitive psychology, personality, industrial/organizational psychology, and abnormal psychology. The psychology major is designed to help students achieve the following learning goals:

- **Knowledge Base of Psychology:** Students will recognize, explain, and distinguish the major concepts, theoretical perspectives, empirical findings, and historical trends in Psychology.
- **Research Methods in Psychology:** Students will demonstrate the statistical, organizational, writing, and analytical skills necessary to interpret and conduct meaningful and valid research in Psychology.
- **Critical Thinking Skills:** Students will use skeptical inquiry and scientific thinking skills to interpret and solve problems related to behavior and mental processes.
- **Application of Psychology:** Students will apply psychological principles to solve personal, social, and/or organizational problems.
- **Values in Psychology:** Students will evaluate evidence, tolerate ambiguity, act ethically, recognize and respect diversity, and/or reflect other values that are the underpinnings of psychology as a discipline.

The Department of Psychology strives to provide the highest quality, state-of-the-art educational experience for our undergraduate students. Our faculty members bring alive for students the subject matter and methodologies of psychology and prepare students to become sophisticated consumers and evaluators of information. Our students can collaborate with our faculty members on research projects at the intersection of psychological science and areas such as health and wellness, drug abuse, aging, stress, depression and child development, and marital relationships—research that is often focused on problems of contemporary urban life.

ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major advisor.

GENERAL GRADUATION REQUIREMENTS & POLICIES

All CU Denver CLAS students are required to complete the following minimum general graduation requirements to be eligible to apply for graduation:

1. Complete a minimum of 120 credits hours
2. Achieve a minimum 2.0 CU cumulative grade point average (GPA)
3. Complete a minimum of 30 upper-division (3000- to 4000-level) credit hours
4. Complete all CU Denver Core, CLAS, and major requirements
5. Complete a minimum of 30 CLAS credit hours with letter grades at CU Denver

*The following are **maximum** credit hours that can apply toward the minimum 120 credit hours required for graduation:*

- 16 credit hours Pass/Fail
- 12 credit hours of Independent Study/Directed Research
- 12 credit hours of internship credit
- 8 credit hours of physical education credit

PROGRAM REQUIREMENTS & POLICIES

The following program requirements are based on degree requirements for the current Catalog year at CU Denver and are subject to change. Students are responsible for completing degree requirements based on the Catalog year for which they are admitted.

Students are responsible for meeting with the major advisor to confirm major requirements. In addition to completing all CU Denver Core and CLAS requirements, students completing the Psychology B.A. Degree are required to complete the following minimum program requirements:

1. Students must complete a minimum of 37 PSYC credit hours.
2. Students must earn a minimum grade of C- (1.7) in all courses that apply to the major and must achieve a minimum cumulative major GPA of 2.0. Courses taken using P+/P/F or S/U grading cannot apply to major requirements.
3. Students must complete a minimum of 16 upper division (3000-level and above) PSYC credit hours with CU Denver faculty.
4. PSYC 3939 Internship does **not** count toward the 37 credit hour minimum or the 16 credit hour upper division requirement, but it does count as elective psychology credit.
5. PSYC 3600 Topics in Psychology: See your major advisor to determine if they count as Group A or Group B courses.
6. Many courses have prerequisites. Refer to the course descriptions for prerequisite information.
7. Students with transfer credit for PSYC 1005 that was awarded zero credit hours will need to take an additional three credit Psychology Elective course to reach the minimum credit hours required for the Psychology Major.

FOR TRANSFER STUDENTS

COURSEWORK THAT CAN BE COMPLETED AT PREVIOUS INSTITUTION

The following is a “bucket” of requirements students can complete prior to transferring to CU Denver, including equivalent Colorado Community College System (CCCS) courses. To determine the equivalencies of courses to be completed at non-CU Denver institutions, students can visit <https://transferology.com/school/ucdenver>. **It is critical students connect with a CU Denver academic advisor to ensure planned courses will transfer and apply to CU Denver degree requirements.** All non-CU Denver coursework must be completed with a C- or better to be eligible for transfer.

Students interested in completing an Associate (A.A. or A.S.) Degree or a [Colorado Statewide Transfer Articulation Agreement or Degree with Designation \(DWD\)](#) must work with their community/junior college academic advisor to create an academic plan that accounts for all degree or transfer articulation agreement requirements. Colorado Community College Students may also explore the option to complete [Reverse Transfer](#) at CU Denver.
