#### SEARCH

TRACK

Search for course descriptions from a database containing millions of records. Access complete course details, including course title, course code, and credits. View institution profiles, including accreditation, calendar/unit, and more.

Route course descriptions and proposed equivalencies to faculty and staff for evaluation. Track the approval process and add notes as needed. Store the results as an equivalency, if desired, and the log of evaluation activity for later review.

### МАТСН

Create and manage course equivalencies between your course inventory and other institutions. Create both simple and complex articulations. Group articulations for uses like program-to-program articulations, general studies packages, or statewide initiatives.

### MANAGE

Administer your TES account. Add users, set user rights, customize your public display, export equivalencies, view usage statistics, and more.

The functions advisors use in TES<sup>®</sup> vary based on the roles and responsibilities in their advising center or department. Most advisors use TES<sup>®</sup> to view course details and equivalencies, although some advisors are responsible for entering and managing course details and equivalencies TES<sup>®</sup>.

## Searching for Individual Course Information

Advisors can access course descriptions, prerequisite information (when available), and credit information using TES<sup>®</sup>. On the top, gray navigation bar, click on the "Search" menu. To search for individual course information, click "Course Finder."

Search for an institution by entering the name and clicking "Search." You may also select a specific institution by searching and selecting from the alphabetical list of colleges.

When you select an institution, you will be directed to the Equivalency Finder page. On this page, you may search by course code (i.e., prefix and number) or may search the list of available courses from the institution. The column to the right of available courses from the institution indicates CU Denver's evaluation of the course. Please note: course evaluations have *begin* and *end* dates – that is, date during which respective listed equivalencies apply/applied.
