

INDIVIDUALLY DESIGNED MAJOR

INTEGRATED HEALTH STUDIES

Bachelor of Arts (B.A.) - Catalog Year Fall 2023

PROGRAM OVERVIEW

The College of Liberal Arts and Sciences (CLAS) Individually Designed Major (IDMA) Integrated Health Studies option is designed for students who are interested in health from the perspective of the liberal arts and sciences and who seek interdisciplinary training focused around particular health topics. An interdisciplinary approach to health through the liberal arts and sciences seeks to create broadly-educated citizens who can apply critical thinking, information literacy, analysis, and independent problem solving to a wide variety of situations. Students can choose from a selection of health-focused minors and certificates that they combine with interdisciplinary clusters, which permits deeper understanding of a focused health topic. The track supports students seeking positions in health education and administration; community health; non-profit health organizations; environmental health; community organizing; social work; occupational health; health policy; gerontology, and more.

ACADEMIC ADVISING

The College of Liberal Arts and Sciences (CLAS) supports students to graduation using a shared advising system. CLAS students have two academic advisors with whom they should meet regularly to discuss academic and degree progress: a CLAS Academic Advisor and a major advisor.

For questions related to CU Denver Core Curriculum, CLAS, general graduation requirements, university/college academic policies, or campus resources contact:

GENERAL GRADUATION REQUIREMENTS & POLICIES

All CU Denver CLAS students are required to complete the following minimum general graduation requirements to be eligible to apply for graduation:

- 1. Complete a minimum of 120 credit hours
- 2. Achieve a minimum 2.0 CU cumulative grade point average (GPA)
- Complete a minimum of 45 upper-division (3000- to 4000-level) credit hours
- 4. Complete all CU Denver Core, CLAS, and major requirements
- Complete a minimum of 30 CLAS credit hours with letter grades at CU Denver

The following are **maximum** credit hours that can apply toward the minimum 120 hours required for graduation:

- 16 credit hours Pass/Fail
- 12 credit hours of Independent Study/Directed Research
- 12 credit hours of internship credit
- 8 credit hours of physical education credit

PROGRAM REQUIREMENTS & POLICIES

Students are responsible for meeting with the major advisor to confirm major requirements. In addition to completing all CU Denver Core and CLAS requirements, students completing the Individually Designed Major - Integrated Health Studies B.A. Degree are required to complete the following minimum program requirements:

- 1. Students must complete a minimum of 39 credit hours from the approved courses.
- 2. Students must complete a minimum of 9 upper-division (3000-level and above) credit hours in the approved cluster area and must complete all of the upper-division requirements for the minor or certificate they choose to pair with the cluster.
- 3. Students must earn a minimum grade of C- (1.7) in all courses that apply to the major and must achieve a minimum cumulative major GPA of 2.0. All graded attempts in required and elective courses are calculated in the major GPA. Courses taken using P+/P/F or S/U grading cannot apply to major requirements.
- 4. Students must complete a minimum of 15 credit hours with CU Denver faculty from the approved cluster area and must complete all of the residency requirements for the minor or certificate they choose to pair with the cluster.
- 5. Students combine **one** of the identified CLAS minors or certificates with **one** of the topical clusters to make up their **major areas**. Students will earn the minor/certificate they use to form a cluster for their major, as long as they have completed all of the requirements for that program.
- 6. Students can double-count a maximum of one course across their areas (in addition to an introductory course).
- 7. Students must take courses from at least **two** different disciplines in their topical cluster.
- 8. Students are required to take **two** courses as an introduction to their major. If an introductory course is also part of a student's topical cluster, a student may count one introductory course as part of that area's credits. Note: Some courses in each cluster require prerequisites that must be met making them a 21 credit cluster. Please see course descriptions.
