Fee Referendum: Phoenix Center at Auraria

CU Denver is proposing an increase to student fees for the Phoenix Center at Auraria (PCA) to strengthen the Center’s ability to provide critical prevention education, survivor support, and advocacy services for students across the Auraria Campus.

This is a proposed fee increase of \$7.00 per term beginning in Fall 2026. The increase would ensure that the Phoenix Center can continue operating effectively and sustainably. The revenue would directly support essential resources such as survivor advocacy, prevention and awareness programs, crisis response, and campuswide outreach initiatives that promote student safety and well-being.

Do you support implementing a student fee increase to support the Phoenix Center at Auraria?
