Application Deadline: Monday, March 13, 2023, 11:59 pm MT

Funding Period: June 2 - July 29, 2021

Summer Research Symposium: Friday, July 28, 2023

The EURēCA! Summer Fellows program is a highly competitive summer research program that provides a small number of CU Denver undergraduates with stipend support to conduct original research, creative, or other scholarly activities in collaboration with a CU Denver | Anschutz faculty mentor. These eight-week fellowships last through June and July and include weekly professional development training, cohort meetups, and other learning opportunities. The EURēCA! Fellows program is open to all disciplines.

How it works:

- Students work with their faculty mentor to complete a joint application, including a project proposal and mentoring plan
- Fellowships last 8-weeks (June 2 - July 28, 2023)
- Applicants can request up to 40hrs/week in stipend support (inclusive of all program activities)
- In addition to their research experience, EURēCA! Fellows attend weekly professional development training and cohort meetups
- EURēCA! Fellows present their work to the CU Denver community at the annual Summer Research Symposium

Stipend Levels (total):

40 hrs/week - \$5,000

20 hrs/week - \$2,500

10 hrs/week - \$1,250

Professional Development Training - Fridays 11:30 am - 1:00 pm

Topics include: Accessing library resources, how to read an academic paper, research ethics and regulatory bodies, writing an abstract, designing a research poster, presentation skills,

sharing your research with public audiences, identifying your leadership skills, grad school do's and don'ts, networking, and crafting CVs and resumes

Regulatory Bodies

///. Application Section III: Regulatory Bodies

Undergraduate research, creative, or other scholarly activities that involve human subjects, animal care and/or areas of risk may need permission, waivers, and/or arrangements that comply with University of Colorado Denver policies established by the [Human Subjects Research Committee](#), the [Institutional Animal Care and Use Committee](#), and/or the [University of Colorado Office of Risk Management](#).

Faculty mentors are responsible for completing the appropriate forms and following the policies for the research requirements below. These should be completed as soon as possible, so that students have ample time to complete their proposals. Funds will not be released until proof of appropriate approvals has been submitted to undergrad.research@ucdenver.edu.

Q26.

Does the proposed activity involve gathering information from human subjects or using data previously obtained from human subjects?

If you are unsure whether your project falls under COMIRB regulations, we suggest attending their virtual office hours or arranging a 1:1 consultation

No

Mentorship Plan

IV. Application Section IV - Mentoring Plan

An essential aspect and expectation of the EURēCA! Fellows Program is ***mentorship***. This experience should nurture the intellectual and scholarly development of the fellow, which requires active investment from their mentor. Below, please submit the mentoring plan for this fellowship, collaboratively written by the applicant and their faculty mentor.

Please address the following:

- What expectations do you have for one another?
- What expectations do you have for the project? How will you measure progress?
- How will you nurture a structured learning environment (i.e. regular meetings)
- How will you maintain open lines of communication? What will you do if conflict arises?

We recommend using a mentee-mentor contract to structure your conversation. [An example from our office can be downloaded HERE](#)

Q29.

Please submit a PDF of your Mentoring Plan signed by both the mentor and mentee.
