5. The next screen will be the CU Resources Home.

6. Select the **Skillsoft** tile. Skillsoft will open in a separate window. (bear in mind you would need to be logged into the cu system with your credentials to sign into the course.)

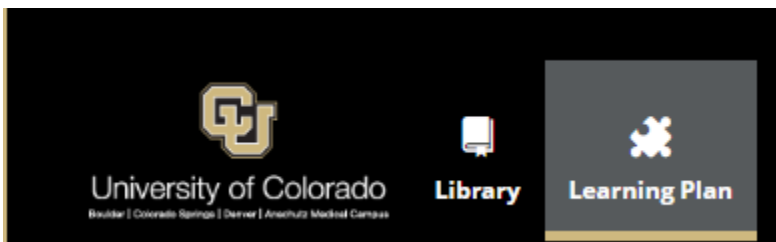

What you should see on screen:

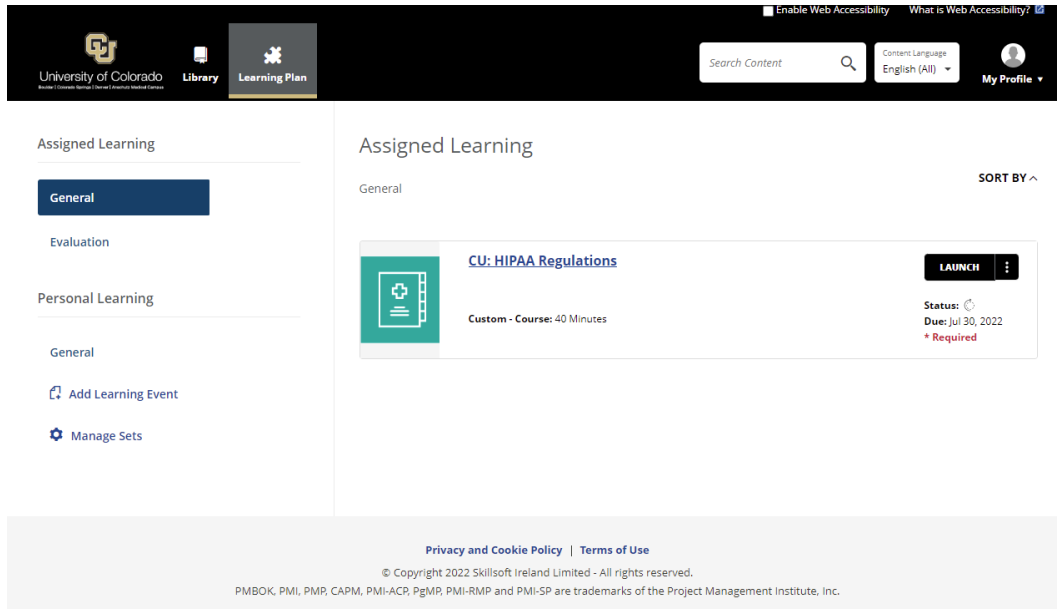

7. Select **Learning Plan** at the top of your screen. Your assigned training will be located here.

Below is how the learning plan looks like.

Note: What you see may vary depending on user.

8. Locate the title of the course **CU:HIPAARegulations**.

9. Click **LAUNCH** under the assigned Skillsoft.

Additional information on the course includes: status, due date, and the word *required*, to indicate the nature of the learning module.

Enjoy the training module! 80% or better is required to pass.
