Bryn Samuelson, Assistant Vice Chancellor: Bryn.Samuelson@CUAnschutz.edu
Krista Khramov, Budget Senior Analyst: Krista.Khramov@CUAnschutz.edu
Charmaine Vote, Budget Senior Analyst: Charmaine.Vote@CUAnschutz.edu
Natalie Skaggs, Business Services Senior Professional: Natalie.Skaggs@CUAnschutz.edu
BUDGET OFFICE: BUDGET.ANSCHUTZ@CUANSCHUTZ.EDU
Introduction/Considerations

This guide is intended to be used as a reference for the various scenarios encountered within the 2nd Level Approval (2LA) Process for CSA positions budgeted on the General Fund 10/11 and Office of Advancement Fund 36, as well as a guide for the future use of the new, 2LA Approval Request SmartSheet form. The next meeting is scheduled on December 9th – please be prepared to complete the following scenarios during the meeting and come with questions, so we can test how the process will be working, as a group.

Things to consider within the new 2nd level (2LA) process:

- **Confirmation of funding prior to beginning the process/submitting to 2LA form**
  
  - Any 2LA action requiring additional funding beyond what’s currently shown in your budget to include new positions, increases/promotions, replacements, transfers and reclassifications should have budget confirmed before beginning the 2nd Level Approval process - *please ensure you’re not creating new positions until you’ve confirmed funding for them*. As a reminder – the approved 2LA Approval Request must be attached to the NPP in HCM in the new process.
  
  **Funding options include:**
  
  - Salary Savings  
    - Sufficient balances  
  - Vacant Positions  
    - Consideration should be given to future plans to back-fill the position, e.g., staffing needs, proposed salaries respective of the job level (classification) of replacement (up or down)

  Additional funding commitment from other sources

- **FORM ACCESS**
  
  - 2nd Level Approval Process (smartsheet.com)

- **Split Funding**
  
  - When positions require the budget to be split across more than one speedtype, please provide the applicable FTE percentage, along with the annual salary

- **Salary ranges on the new 2LA form**
  
  - While the minimum and maximum salary amounts are included on the form (refers to the established range from Central HR), the Budget, Planning and Analysis Office will be providing approval for the proposed salary amount entered.

- **Use Types**
  
  - New  
  - Replacement  
  - Promotion or Pay Increase

- **Actions**
  
  - Search  
  - Update with Increase  
  - Appointment Type  
  - Promotion  
  - Resubmission  
  - Other-Comment Required

- **All HR salary actions for Central Services Administration areas (EVCAF, Chancellor, Chief Academic Officer, VCR and VCHA), funded in part or in whole by fund groups 10, 11, 36 follow the new second level budget approval process in Smartsheet. Any requests that circumvent the process should be redirected to Smartsheet (either directly, or by including the Budget team: Budget.Anschutz@cuanschutz.edu in the communication.)**
### 2LA Scenarios

**Scenario Testing Instructions:** For each of the below Use Types, please initiate a new 2LA Approval Request for each of the below scenarios, ensuring you’re making note to include the minimum and maximum salary amounts (established range), the proposed salary for which budget approval will be given, and providing applicable comments for the request and/or uploading attachments pertaining to funding distributions if there are changes or split funding will be needed going forward. If you need to submit an amendment to a previously-approved 2LA Approval Request, due to an increase to the position’s budget respective to an offer for a new employee/replacement, please choose “Resubmission” and add the applicable comments/attachments.

**Special Note:** The use type refers to the action to be taken on the position for the applicable, active employee (not someone else’s), e.g., an increase for John Doe on position 00123456, due to the resignation/retirement of Mary Jane on position 00789000 is a promotion for John, not a replacement of Mary. If/when someone is hired as a back-fill on Mary’s vacant position 00789000, then that respective action will be a replacement.

### New Hire ~ Search

**Scenario:** Conducting a search for a newly created position.

<tbody>
<tr>
<td>SEARCH for NEW HIRE</td>
<td>NEW</td>
<td>Search</td>
<td>EVCAF Carothers VC for Research Dr. Flaig</td>
<td>Will the new position be replacing an existing position and thereby utilizing that position's budget? If so, will there be a surplus or deficit between the two positions?</td>
<td>If the position will not be replacing an existing position, the new position must be funded with new budget by utilizing Salary Savings or budget from a vacant position on same speedtype / other Speedtypes within the department.</td>
</tr>
</tbody>
</table>

- **Newly created position, added to the budget on the General Fund 10/11 or Office of Advancement, Fund 36 for a new employee.**

### Replacement ~ Search or Transfer

**Scenario:** Conducting a search (internal or external) for a replacement on either a new or existing position number. If the position is currently occupied by the employee who is expected to resign at a future date and the termination record hasn’t been entered in HCM as of the date the 2LA Approval Request is being submitted, please provide the expected resignation/retirement date for the employee being replaced. Includes lateral reclassifications of current employees into new or existing positions, due to a change in job level and subsequent change in job duties/increase in responsibilities, e.g., from Classified to University Staff, with no salary increase.

<td>BPA Team</td>
<td>Do you expect the replacement's starting salary to require additional budget or be lower than the previous incumbent?</td>
<td>New position for the replacement may or may not need additional budget, depending on replacement's starting salary, utilizing Salary Savings or budget on a vacant position.</td>
</tr>
</tbody>
</table>

- **Search for a replacement or transfer in on the same position at the same or similar job class as the previous incumbent. This includes additional appointments for current university employees.**

- **Current employee is transferring into an existing, University Staff position from a Classified position within the department at the same salary (no salary increase).**

- **Newly created position, added to the budget on the General Fund 10/11 or Office of Advancement, Fund 36 for a new employee.**

- **Newly created position, added to the budget on the General Fund 10/11 or Office of Advancement, Fund 36 for a new employee.**

- **Newly created position, added to the budget on the General Fund 10/11 or Office of Advancement, Fund 36 for a new employee.**
### 2LA Scenarios

**Promotion or Pay/Salary Increase**

**Scenario:** Updating a current employee’s position, due to a promotion, retention/counteroffer or an equity increase, resulting from a compensation review from Central HR, necessitating an increase in salary. Includes reclassifications of current employees into either a new or existing position, due to a change in job level and subsequent change in job duties/increase in responsibilities, e.g., from Classified to University Staff, with a subsequent increase in salary.

<table>
<thead>

<th>BUDGET IMPLICATIONS (THEN)</th>
</tr>
</thead>
<tbody>
<tr>
<td>SALARY INCREASE</td>
<td>PROMOTION or PAY INCREASE</td>
<td>New Position Number</td>
<td>Update with Increase, Promotion</td>
<td>- Will the promotion to the new position negate the need for the previous position or will it be back-filled, respective of future department needs?</td>
<td>If the new position number will be replacing the employee's previous position - that budget can be utilized; if the employee's previous position will be back-filled, the promotion will be funded from Salary Savings, another vacant position within the department/same speedtype or a combination.</td>
</tr>
<tr>
<td>Current employee is transferring into new position, from Classified to University Staff within the department - may be as a result of an open or internal search, or promotion of a specific employee.</td>
<td>Reclassification - New or Existing Position Number</td>
<td>Search, Promotion, Appointment Type</td>
<td>- Due to the reclassification, will the previous (Classified) position be replaced with the employee's move to the University Staff position or will it be back-filled?</td>
<td>If the new position number will be replacing the employee's previous, Classified position - that budget can be utilized; if the Classified position will be back-filled, the reclassification to University Staff can be funded from Salary Savings, another vacant position within the department/same speedtype or a combination.</td>
<td></td>
</tr>
<tr>
<td>Employee's pay is increasing as a result of a retention/counteroffer or percentage increase, resulting from an equity increase/compensation review within the same position.</td>
<td>Same Position Number</td>
<td>Search, Promotion, Appointment Type</td>
<td>- Do you expect the promotion into the existing position to require additional budget or be lower than the previous incumbent?</td>
<td>If higher, utilizing either Salary Savings or existing budget from a vacant position is an option; if lower, the surplus will be moved into Salary Savings within the position's speedtype or other Salary Savings line within the department to be used for upcoming hire and backfill needs.</td>
<td></td>
</tr>
</tbody>
</table>

**Additional “Action” options include:** "Resubmission" and "Other-Comment Required,” which can apply to any of the above Use Types/scenarios.
