# LIFE-CHANGING EDUCATION

At CU Denver, we strive to make education work for all. Education has the power to transform lives, expand economies, and uplift communities, and everyone must have access to these opportunities. That is why we seek to become the nation's first equity-serving institution—an inclusive, supportive university where all excel.

In our immersive research culture, you will discover possibilities at the forefront of technology. In our innovative academic programs, you will learn to think critically about issues with global impact. You will develop the skills you need to reach the next level in business and creative industries. You will become part of our growing network of talented Lynx alumni.

# STUDENT LIFE

## JOIN THE CLUB

---

CU Denver hosts 130+ student-led organizations focused on shared interests such as sports, arts, activism, and faith. Whether you decide to join the Biology Club, Black Student Alliance, Visual Art Club, or the Society of Women Engineers (just to name a few), you are sure to find a community that shares your passion. Interested in creating a brand new club for something else? Then you can start your own, with the help of a few friends, of course.

### **The Sentry**

This student-run newspaper and podcast hires up to 40 students each year to be writers, photographers, editors, and producers. Learn more at [cu-sentry.com](http://cu-sentry.com).

### **Student Government Association**

Elected representatives advocate for student interests during regular meetings with university administration. First-year students are welcome to participate.

### **Club Sports**

This program is designed to provide students with the opportunity to engage in team sports in a friendly and competitive environment. Sports include basketball, cycling, swimming, tennis, running, and more.

## MENTAL HEALTH RESOURCES

---

Without treatment, pressures that affect your mental health can keep you from fully enjoying the college experience. As a CU Denver student, you have access to supportive resources that help improve and maintain good mental health.

### **The Counseling Center**

Counseling services are available at no additional cost for all fee-paying students.

### **The Phoenix Center at Auraria**

The Phoenix Center provides free and confidential resources and assistance for survivors of interpersonal violence (relationship violence, sexual violence, and stalking), as well as their friends, families, and concerned others.

# WE ARE HERE FOR YOU

---

## **Build Your Support System with the Center for Identity & Inclusion (CII)**

All students benefit from being part of a diverse student body, and CU Denver is the most diverse public research university in the state. Each year, the CII helps thousands of students to succeed academically and professionally.

Dedicated support offices consist of:

- American Indian Student Services
- Asian American Student Services
- Black Student Services
- Latinx Student Services
- Undocumented Student Services
- Women and Gender Center

On our pathway to become an equity-serving institution, CU Denver has reached the threshold to be considered both a Hispanic-Serving Institution (HSI) and an Asian American Native American Pacific Islander-Serving Institution (AANAPISI).

## **Veteran & Military Student Services**

Whether you are active duty, a reservist, in the National Guard, a veteran, or a dependent of someone in the military, the Office of Veteran and Military Student Services (VMSS) supports students as they adjust from military life to the classroom or civilian workforce.

## **LGBTQ+ Student Resource Center**

The LGBTQ+ Student Resource Center serves students, faculty, and staff of all genders and sexualities on the Auraria Campus. Here, you will find supportive resources related to gender identity, sexuality, and the prevention of discrimination or harassment.

## **Disability Resources & Services**

The Office of Disability Resources & Services promotes an inclusive experience for students in all aspects of campus life. They coordinate reasonable accommodations to provide each student equal access to the university's programs, activities, and services.

# LOLA & ROB SALAZAR STUDENT WELLNESS CENTER

---

The Lola & Rob Salazar Student Wellness Center provides welcoming activity spaces for everyone. Features of the Wellness Center include:

- Six-lane pool with 25-yard lap lanes and warm spa
- Outdoor adventure rental shop and bicycle repair station
- Climbing wall with gear and routes for all levels
- Weightlifting platforms, free weights, and training spaces
- Three full-size basketball courts, including one multi-activity court
- Fitness area with cardio equipment and strength-training machines
- Group fitness classes such as dance, yoga, and cycling
- Reflection rooms, food pantry, lactation rooms, and nap rooms
- Furnished study rooms with televisions and coworking technology
- Student kitchen and lounge with microwaves, snacks, and seating
- Gender-inclusive restrooms and shower rooms

# LIVE WHERE YOU THRIVE

Denver, Colorado is the largest and most diverse metropolitan area in the Rocky Mountain region. With more than 300 days of sunshine and year-round outdoor activities to enjoy, it is no surprise that our city ranks as one of the very best places to live.

## YOUR HOME AWAY FROM HOME

---

Whether you want to live on campus, at home, or elsewhere in Denver, you can find the right environment for your needs. Housing options include:

### City Heights

This residence hall right in the heart of campus allows first-year students to live with their peers while they settle into college life. Amenities include fully furnished rooms, on-site dining, free laundry, and stunning views of downtown and the Rocky Mountains.

### Lynx Crossing

A short walk from most classrooms, Lynx Crossing offers undergraduate students a range of private and shared living arrangements to choose from, all at a fair price.

### Off-Campus Resources

CU Denver's housing database can help you find a convenient place to live. Browse roommate profiles and rental listings for an option that works for you.

## FOOD FOR THOUGHT

---

Your brain consumes about 20% of your daily energy, so you must eat to learn. Whatever your dietary needs, CU Denver offers food to fuel all your brilliant ideas.

### On-Campus Choices

In the Tivoli Student Union and at various locations around campus, students have access to healthy options and tasty treats from restaurants, cafes, and food trucks.

### Residence Halls

You do not need to live in City Heights to enjoy its dynamic food stations that feature guest chefs and samplings from local restaurants. Lynx Crossing offers everyone a variety of grab-and-go choices inside its new Eat Food Market, too.

### Local Discounts

Exclusive student discounts through UniverCity Key can help you enjoy an affordable night out.

## GETTING AROUND CAMPUS

---

CU Denver is located on the Auraria Campus in downtown Denver, surrounded by museums, restaurants, and an entertainment district of theater, music, and sports venues. To go beyond downtown safely and efficiently, Denver has a reliable public transit system that includes buses and light rail. Every student receives a pass to use public transportation without additional fees.

Bicycle commuting is a popular option among students, made possible by Denver's sunny weather, active lifestyle, and miles of protected bike lanes. If you prefer to drive, there are many paid parking spots available, too.

# EARN, LEARN, AND EXPLORE

Learning by doing allows you to develop skills through direct experiences outside a classroom. CU Denver's LynxConnect coordinates opportunities for you to gain knowledge in your desired career field.

## SETTING YOU UP FOR SUCCESS

---

The Career Center engages you in purposeful discussions to help you realize your full professional potential. During appointments, you can address any career-related need, including finding on-campus employment that aligns with your career goals. Staff in the Career Center can assist with:

- Choosing a major
- Building your résumé
- Searching for jobs
- Preparing for interviews
- Making a career change

## STUDY ABROAD

---

You deserve the chance to experience affordable international study opportunities. These experiences can grow your perspective. For many students, the hardest part of studying abroad is deciding where to go, but the Office of Global Education can help make the process as simple as possible. They will work with you on finding the best program at the best price.

## INTERNSHIPS AND BEYOND

The Experiential Learning Center (ELC) in LynxConnect is your source for all information related to internships. Bringing together classroom learning with hands-on experiences, this office coordinates campus resources to support you at every stage. Reasons to get an internship:

- Amplify academic training with real-world perspective
- Establish professional skills and confidence
- Understand a career path from inside different industries
- Expand your network by meeting new people
- Improve your résumé for better job prospects

## UNDERGRADUATE RESEARCH

Our students are building robots, making films, and creating tools that help save lives. Through research, you can be part of an exciting world of discovery. The Office of Undergraduate Research & Creative Activities (URCA) is your connection to roles in laboratories, studios, and industries beyond the campus. Financial aid such as work-study, grants, and fellowship opportunities can help you to pursue your passions.

# SCHOOLS AND COLLEGES

## COLLEGE OF ARCHITECTURE AND PLANNING

The College of Architecture and Planning (CAP) is the only school in Colorado that offers NAAB-accredited degrees in architecture, as well as degrees in landscape architecture and urban planning.

### **Bachelor of Science in Architecture**

A curriculum centered on studio design combines critical thinking with active making, which encourages students to discover creative solutions to contemporary design problems. Architecture students learn the fundamentals of design, how to apply those fundamentals to the design of buildings, neighborhoods, and cities, and how to graphically communicate a design solution.

Graduates have been hired by renowned local and international firms, including Snohetta, Hargreaves, Stantec, Allied Works, Open Studio, and Rowland + Broughton.

**“Before graduating at CU Denver I had already received offers for internships at local and national firms.”** - *Aaron Best, CAP Undergraduate*

# COLLEGE OF ARTS & MEDIA

 CUDenverCAM  CUDenverCAM

With close ties to Denver’s vibrant arts scene, the College of Arts & Media (CAM) produces graduates who are ready to lead in creative industries. Experienced faculty guide students as they earn career-ready degrees in the fields of music and entertainment business, film and television, media forensics, or visual arts.

## Living, Learning, and Creating Community

City Heights, CU Denver’s first-year residence hall, is home to the Living, Learning, and Creating Community. This unique residential space forms a creative environment for student artists, filmmakers, and musicians.

*- Molly Farrell White, Film & Television, BFA*

# BUSINESS SCHOOL

---

CUDenverBusiness

CUDenverBusiness

CUDenverBusiness

CU Denver has the most connected business school in the city. The Business School also leverages strong partnerships with more than 300 companies throughout the state. From downtown's central business district, students enjoy direct access to representatives from top firms as well as internship and career opportunities. Hiring managers look to CU Denver because our students and alumni have the skills to get work done.

## A Career Team Dedicated to You

Our Business Career Connections team develops close relationships with competitive employers who participate in career fairs and industry panels. These employers tell us they prefer to hire CU Denver students because they are motivated to succeed.

### The Business Career Connections team can help you:

- Gain confidence to interview and network with employers
- Find internships or jobs to get the career you want
- Develop your unique brand online and in-person

## Get Exposure to Business

Our minors pair well with a number of degrees, such as mathematics, economics, engineering, humanities, and many others. With four minors to choose from, you can add business expertise to your chosen major to help you succeed in any industry.

## MORE CHOICES THAN ANY OTHER BUSINESS SCHOOL IN COLORADO

---

**11** UNDERGRADUATE MAJORS

**10** MASTER OF SCIENCE DEGREES

# SCHOOL OF EDUCATION & HUMAN DEVELOPMENT

The School of Education & Human Development (SEHD) is a national leader for quality, access, and equity. Our programs prepare education and mental health professionals to cultivate opportunity, achievement, and success in diverse communities.

## **NxtGEN: Get Paid While You Learn to Teach**

This program prepares you to lead the next generation of highly effective urban educators. A residency model integrates classroom theory with clinical practice and coaching. Students in the program participate in paid, part-time internships and teach alongside expert educators during the final year of residency.

We need diverse, culturally sustaining teachers and community service professionals now more than ever—**56% of SEHD's undergraduates are students of color.\*** Our graduates are recognized to be among the most prepared in the nation to support diverse languages, cultures, and abilities in classrooms and community settings.

*\*Data as of fall 2020, not inclusive of international students or students for whom race is unknown.*

**“I see the work of many community-serving organizations in the Denver metro area and how their work is closely tied to CU Denver’s desire to prepare professionals who can serve diverse populations in a variety of community and social service settings.”**

*- Antwan Jefferson, Associate Professor, Human Development and Family Relations program*

## COLLEGE OF ENGINEERING, DESIGN AND COMPUTING

[f CUDenverEngineering](#) [@ CUDenverEngineering](#) [t CUDenverENGR](#)

The College of Engineering, Design and Computing delivers a comprehensive engineering education to prepare students for careers that will define the future. Working alongside students and industry collaborators, our expert faculty conduct transformational research across the five disciplines of bioengineering, computer science, and civil, electrical, and mechanical engineering. These research opportunities give students the experience to excel in the professions of their choice.

### **Bachelor of Arts: CS+ Program**

More than two-thirds of tech jobs exist in industries other than high-tech. That is why the CS+ program allows students to combine a computer science degree with a specialization in another academic discipline. Increased reliance on computer science is transforming careers in fields such as finance, health care, and education. The multiskilled graduates of the CS+ program are ready to meet this demand.

Computing is the most in-demand career sector in the U.S., with approximately 10 open jobs for every graduating computer science student. Professionals with a bachelor's degree earn a median wage of \$86,320.

**“I decided to pursue the Computer Science BA because it allows me to develop a strong foundation in computer science skills (without taking 80+ computer science credits) and apply computer science skills to my other passions and concentrations, such as linguistics and data science.”** - David DeBonis, Computer Science, BA

## COLLEGE OF LIBERAL ARTS AND SCIENCES

---

 CLASCUDenver     CUDenverCLAS

An education in liberal arts and sciences prepares you to answer inspiring and challenging questions in the modern world. With more than 75 major and minor degree programs to choose from in fields such as psychology, history, public health, English, and more, the College of Liberal Arts and Sciences allows you to investigate the issues that matter most to you.

### **Bachelor of Arts or Science in Public Health**

Public health professionals work to identify sources of illness, control disease outbreaks, and develop effective health policy. Public health intersects with an array of academic disciplines, and this program's customizable format prepares graduates for the diverse activities that protect a community's wellbeing.

### **4+1 Program**

The 4+1 accelerated master's program is an expedited program in which students can complete bachelor's and master's degrees in only five years. After declaring their intent to pursue the 4+1 program, high-achieving students take graduate-level courses beginning as early as their junior year. Courses count toward both bachelor's and master's degrees.

### **Health Professions Programs**

Students at CU Denver can prepare for careers as licensed medical professionals by aligning their bachelor's with an advanced degree at CU Anschutz Medical Campus.\* The health care industry is an excellent match for individuals with a commitment to learning and a compassion for others.

*\*Programs hosted on CU Anschutz Medical Campus require an additional application process.*

# SCHOOL OF PUBLIC AFFAIRS

---

 [CUDenverSchoolofPublicAffairs](#)

 [CUDenverSPA](#)

Critical issues such as affordable housing, education policy, and criminal justice have profound impacts on individual neighborhoods and all of society. The School of Public Affairs is Colorado's top school for public affairs, public administration, and criminal justice. For students who wish to continue their studies, the School of Public Affairs offers several top-ranked graduate programs and certificates.

## **Bachelor of Arts in Criminal Justice**

This program is designed for students interested in the American criminal justice system. Students receive rigorous training in research methods and statistics that teaches them how to ask and answer important questions. Students can concentrate their electives in law enforcement, victims and victim studies, or other related topics.

### MILO'S APP

The easiest way to apply to CU Denver.

### COMMON APP

A college admission application that applicants may use to apply to any of its member colleges and universities in all 50 states and the District of Columbia.

BEGIN YOUR  
APPLICATION

[ucdenver.edu/admissions/-apply-now](https://ucdenver.edu/admissions/-apply-now)

## YOU ARE MORE THAN A TEST SCORE

---

On May 25, 2021, Governor Polis signed House Bill 21-1067 into law. Effective immediately, this bill makes it optional for Colorado's public four-year colleges and universities to require or not require national test scores in the admission process. CU Denver has determined it will offer test-optional admissions. It is up to the applicant if they want their test score to be considered in the admission process. Applicants who choose not to submit a test score for admission will be considered the same as students who submit test scores.

The following can be considered in making an admission decision without test scores:

- High school grade point average (GPA)
- Number and mix of academic courses
- Rigor of courses such as honors and higher-level math courses
- College-level courses (concurrent enrollment) completed during high school
- AP/IB courses and exam scores
- Work experiences, such as pre-apprenticeships, job shadowing, and more
- Volunteer experiences
- Leadership experiences
- Campus fit (interest in offered majors, interest in the institution, and more)

### NEED HELP?

Our admissions counselors are ready to assist you.  
Contact us at [Admissions@UCDenver.edu](mailto:Admissions@UCDenver.edu) | 303-315-2601

# TRANSFER YOUR EXPERIENCE

Your experience counts, and we will help you make the most of any credits earned at another institution. As a prospective student, you are welcome to schedule a meeting with an academic advisor before you submit your application. Pre-transfer advising can provide answers to your questions, including an informal evaluation of your transfer credits.

Interested in learning more about CU Denver's admissions process, requirements, and programs? Email [admissions@ucdenver.edu](mailto:admissions@ucdenver.edu).

## BRIDGE TO BACHELOR'S

---

Students at participating Colorado community colleges can easily transfer to CU Denver after earning an associate's degree through the Bridge to Bachelor's program. This program provides automatic admission if you meet the minimum cumulative grade point average required for your intended major and other requirements.

## PRE-TRANSFER ADVISING

---

Get an unofficial, informational transfer credit evaluation by reaching out to an academic advisor at the school or college of interest.

## TRANSFEROLOGY

---

Use this tool to see how your courses can transfer and apply to your degree. This tool is not an official assessment of your credits, but it gives you a clearer understanding of how your credits will transfer to CU Denver.

## TRANSFER DEGREE MAPS

---

In close partnership with the Colorado Community College System, CU Denver Transfer Degree Maps provide specific degree plan information. These guides outline courses that can be taken in your first two years at a Colorado community college, as well as the courses you will take at CU Denver toward completion of your bachelor's degree. By following the recommendations on the Transfer Degree Maps, community college students are prepared to transfer to CU Denver seamlessly and graduate on time with minimal debt or loss of transfer credit.

**ADDITIONAL  
RESOURCES**

# FINANCIAL AID AND SCHOLARSHIPS

## HOW TO PAY FOR COLLEGE

We want you to succeed in college, not worry about its costs. That is why we work with you to explore all options for funding your education. In addition to the Free Application for Federal Student Aid (FAFSA) or Colorado Application for State Financial Aid (CASFA), CU Denver awards financial aid for merit and institutional scholarships. We will review your individual circumstances and help you find ways to fill any need-based gaps. More information can be found on our financial aid website.

### ScholarLynx+

At CU Denver, searching for scholarships has never been easier. Our streamlined ScholarLynx+ application tool allows you to search for and apply for scholarships offered by CU Denver and private donors. It even helps identify scholarships that would be the best fit for you.

### Federal Student Aid (FAFSA)

Before applying for any scholarships, you should first submit your FAFSA. Filling out the FAFSA will not cost you anything, and you do not need to pay someone else to prepare it for you. Financial aid is awarded on a first-come, first-served basis, so we recommend that you apply early.

## WESTERN UNDERGRADUATE EXCHANGE (WUE)

Out-of-state students from Western Interstate Commission for Higher Education (WICHE) states can attend CU Denver at a discounted tuition rate through the Western Undergraduate Exchange (WUE) program—saving you more than \$11,000 every year.\*

Receiving the WUE tuition benefit is easy. Admitted students who indicate they are legal residents of a WICHE state on their applications for admissions—based on permanent address—are automatically classified as WUE students.

*\*Savings based on enrollment in 15 credit hours per semester, compared to the nonresident tuition rate.*

For information on becoming a Colorado resident for tuition purposes, visit [higher.ed.colorado.gov/residency-requirements](https://higher.ed.colorado.gov/residency-requirements).

# FINANCIAL AID CALENDAR

<b>OCT</b>	<b>APPLY FOR FINANCIAL AID + SCHOLARSHIPS</b>	File the FAFSA and complete the ScholarLynx+ application.
<b>NOV</b>	<b>SUBMIT REQUESTED PAPERWORK</b>	If you have forms to complete, we will notify you via email.
<b>DEC</b>	<b>FOLLOW-UP RECOMMENDED</b>	Review your UCDAccess portal To Do List.
