

MEMORANDUM

To: Kathleen Bollard, Associate Vice President
and Academic Affairs Officer

From: Terry Potter

Date: July 14, 2011

Re: Annual Report – Academic Program Review

Here is the annual Program Review report, including required attachments, and the list of Possible New Degree Programs for the University of Colorado Denver | Anschutz Medical Campus.

Introduction

This annual report on Academic Program Review provides detailed information on the university's program review processes mandated by the Administrative Policy Statement 1019 "Implementation of Regent Policy on Program Review." The policy requires the following items in an annual status report:

- **Program Reviews** – Programs scheduled for review are listed and the completed reviews are attached.
- **Progress Reports** – Progress reports are required for departments/schools whose reviews were submitted within the past three years.
- **Program Review Schedule** – The schedule identifies the programs to be reviewed in 2011-2012 and an updated list through 2017-2018.

The attached program review materials, attest that the university conducts thorough and meaningful academic program reviews in a timely manner and that the reviews are used for future planning through the development and monitoring of action plans.

Policy Implementation

This was the second year the University of Colorado Denver | Anschutz Medical Campus operated under its new program review policy. The program review process continues to work well, although we continue to make minor adjustments and improvements as needed. One of our faculty who served as a member of a review team took time to offer many thoughtful suggestions to refine the process and in particular the schedule of the visit by the external review team. The members of the Program Review Panel worked hard and have not only contributed to the final reports but also learned more about our university that will benefit them in their home

departments as well as facilitate communication and collaboration across the university. We remain committed to the program review process which seeks to strengthen the university's educational, research and service activities.

Program Review Reports Due 2010-2011

School of Medicine

Anesthesiology – attached
Dermatology – attached
Immunology – attached
Radiation Oncology – attached

College of Nursing – attached

This targeted review focused on the evaluation and revision of the curriculum of the PhD and BS programs as well as the centers associated with the College of Nursing. The review complements the recent accreditation review of the CON BS, MS, and DNP programs by the Commission on Collegiate Nursing Education and the Colorado State Board of Nursing.

School of Public Affairs – attached

Vice Chancellor for Academic Affairs

Auraria Library – attached

Vice Chancellor for Health Affairs

Center for Women's Health Research – attached

Progress Reports 2011

Departments and units that are reviewed formulate action plans and are required to submit progress reports for the next three years following the review. Copies of the progress reports for the following are attached.

College of Architecture and Planning

School of Pharmacy

College of Liberal Arts and Sciences

Chemistry

Communication

English

Geography / Environmental Sciences

History

Humanities/Social Sciences (Master's Degrees)

Integrated Sciences, Master of

Integrative Biology

Mathematical & Statistical Sciences, including Center for Mathematical and Computational

Biology, and Center for Computational Mathematics

Modern Languages

Philosophy

Physics
Political Science
Psychology
School of Medicine
Microbiology
Neurosurgery
Ophthalmology
Pathology
Physical Medicine & Rehabilitation
Psychiatry
Radiology
Center on Aging
Center for Bioethics and Humanities
Colorado AHEC System

Program Review Schedule for 2011-2012

The Schedule of Program Reviews includes a complete listing of upcoming reviews for all programs, including those being reviewed in 2011-2012. Most of the university's centers, institutes and graduate programs are reviewed as part of the review of their "home" unit or as a formal grant renewal review, however some of these programs undergo independent review. In 2009 we added interdisciplinary graduate programs and a number of centers that span traditional departmental or organizational lines to the program review schedule. By adding independent reviews for those programs that span across organizations, we have a more thorough assessment of all of the university's academic endeavors.

Programs scheduled for review in 2011-2012 are:

- School of Dental Medicine
- Institute for International Business
- Cell and Developmental Biology (School of Medicine)
- Neurology (School of Medicine)
- Obstetrics & Gynecology (School of Medicine)
- Genetic Counseling MS (Graduate School)
- Human Medical Genetics PhD (Graduate School)

Attachments:

1. List of Anticipated New Programs or possible discontinuances
2. Schedule of Academic Program Reviews
3. Academic Program Review Reports Completed in 2010-2011
 - a. Anesthesiology
 - b. Dermatology
 - c. Immunology
 - d. Radiation Oncology
 - e. Auraria Library
 - f. College of Nursing
 - g. School of Public Affairs
 - h. Center for Women's Health Research
4. Academic Program Review Progress Reports
 - a. College of Architecture & Planning

- b. School of Pharmacy
- c. Graduate School
 - Neuroscience PhD
- d. College of Liberal Arts & Sciences
 - Chemistry
 - Communication
 - English
 - Geography & Environmental Sciences
 - History
 - Humanities / Social Science, Masters of
 - Integrated Sciences, Master of
 - Integrative Biology
 - Mathematical & Statistical Sciences, with Centers for Computational Biology and Computational Math
 - Modern Languages
 - Philosophy
 - Physics
 - Political Science
 - Psychology
- e. School of Medicine
 - Microbiology
 - Neurosurgery
 - Ophthalmology
 - Pathology
 - Physical Medicine & Rehabilitation
 - Psychiatry
 - Radiology
- f. Centers
 - Center on Aging
 - Center for Bioethics & Humanities
 - Colorado AHEC System

 Provost Roderick Nairn

CC with Attachments #1, 2, 3, 4:

Interim Dean Judith Albino	Dean Denise Kassebaum
Dean Ralph Altieri	Dean Richard Krugman
Dean Sueann Ambron	Dean Patricia Moritz
Dean David Dynak	Interim Dean Deanna Sands
Dean Mark Gelernter	Dean Barry Shur
Dean Daniel Howard	Dean Paul Teske
Dean Marc Ingber	AVC Laura Goodwin
Director Christine Stroup-Benham	
Director Kimberly Thompson	

University of Colorado
Denver | Anschutz Medical Campus

**POSSIBLE NEW DEGREE PROGRAMS,
RESTRUCTURING, DEVELOPING OR PROGRAM ELIMINATIONS
FOR 2011 AND BEYOND**

Possible New Program Proposals Planned for Approval in 2011-12

Anesthesiology MS
Bioengineering BS
Ethnic Studies BA
Health Services Research MS
Integrative and Systems Biology PhD
MFA program in Visualization
MFA degree in Film
Mathematics Education MA/MS
Modern Anatomy MS
Science Education MA/MS

Possible New Program Proposals, 2012-13 and Beyond

Architecture BA
Chinese Studies BA
Commercial Composition MM
Creative Writing BFA
Environmental and Occupational Health PhD
Genetic Counseling PhD
Geography MA
Integrated Arts Education MA
Master of Arts in Teaching or MAT
Master of Music
Medical Physics MS
Public Service BA
Radiological Sciences and Imaging PhD
Special Education (BA or BS)
Sustainable Constructions Management and Engineering BS and MS

Possible Degree Program to Transfer

BEnvd to CU Boulder

Anticipated Degree Program Eliminations

None at this time

UNIVERSITY OF COLORADO DENVER
ACADEMIC PROGRAM REVIEW SCHEDULE
2010 – 2011
