### Step 3: Log into your account and click on Application.

Please note: CU Denver requires that students change their password every 90 days for security reasons. If you are unable to log into your account and have not made changes to your password, your password is most likely expired. ### Step 4: Once you are logged into your status page, click on the orientation checklist item

Your checklist item will be dependent on your major and admit type. For example, if you are a first-year student majoring in psychology, your checklist item will say *First-Year Orientation – College of Liberal Arts & Sciences*. Similarly, if you are a transfer student majoring in Accounting, your checklist item will say *Transfer Orientation – Business School*. If you want to change your major, you may do so in your application status page by scrolling until you see the blue letters on the right side of the screen that say "If you are interested in changing your starting semester (term change) or your major, please click here to submit your request." Please do so **before** signing up for orientation as dates vary depending on major.

If you do not see an orientation checklist item, it may be because you have not yet replied to your offer of admission. After accepting your offer of admission, please wait about 15 minutes for the orientation checklist to populate. If you need any assistance, please contact our office at [orientation@ucdenver.edu](mailto:orientation@ucdenver.edu).
