Registrar Internal Use Only

Summary

CIM courses allows users to propose a new course, propose edits to an existing course, or propose to delete/deactivate an existing course. These proposals are then submitted through the appropriate workflow approval processes where users can edit, approve, or rollback the proposal. The CIM landing page allows a user to search for and view CIM Courses. From here, you can also see the status of a course and whether or not it is in workflow. While courses in workflow can be modified through the workflow and approval process, they cannot be modified from the CIM landing page until they have completed workflow.

Process Overview

1. Access the form on the Curriculum Management website under "Forms":
<https://nextcatalog.ucdenver.edu/courseadmin/>
2. Log in using your Passport (Single Sign-On) Username and Password.
3. Complete the form. The necessary fields will auto-populate based upon your selections. Items with red boxes are mandatory. See guide below.
4. There will be options at the bottom of the form to Cancel, Save Changes, or Start Workflow.
 - a. Saving changes will allow the user to come back to the form later, while starting workflow will kick off the approval process.
5. The form will go through either the UCC or Non-UCC workflow based on how the form was filled out.
6. Associate Dean or Course Proposal Form "signature authority" will be the final step prior to the Office of the Registrar workflow steps.

An email will be automatically generated by the CourseLeaf software to alert the user that the form has been processed and is completed.

How to Propose a New Course

1. Click Propose New Course
2. Complete the form by filling in required information
3. After completing the form, click one of the following:
 - **Cancel** to not save any changes and return to the previous window
 - **Save Changes** to save any changes that have been made and come back to the form at a later time. Clicking Save Changes does not submit the proposed changes to workflow and will allow you to save without filling out all the required fields. The status of the saved form will be "Added" and may be edited at a later time by searching for the course or doing a quick search for all added courses
 - **Start Workflow** to save and submit all changes for approval. All required fields must be filled out before the proposal can be submitted for approval. The new course proposal will go to the next person in the workflow. The next user in workflow will be sent an automated

email to notify them that the new course proposal is ready to be reviewed, edited, approved, or rejected.

*Reference the table below for more information on how to fill out the Course Proposal Form.

Navigating Course Inventory Management

Course Inventory Management

Help

Search, edit, add, and inactivate courses.

Use an asterisk (*) in the search box as a wild card. For example, MATH* will find everything that starts with "MATH", *MATH everything that ends with "MATH", and *MATH* everything that contains "MATH". The system searches the Course Code, Title, Workflow step and CIM Status.

Quick Searches provides a list of predefined search categories to use.

The screenshot shows the Course Inventory Management interface. Annotations are as follows:

- A**: Search input field containing "PHYS" and a green "Search" button.
- B**: A blue box highlighting the "Archive" and "History" checkboxes.
- C**: A green "Propose New Course" button.
- D**: A dropdown menu for "Quick Searches..." with options: "Quick Searches...", "Edited Courses", "Added Courses", and "Inactivated Courses".
- E**: A red "Inactivate" button.
- F**: An "Export to PDF" button with a PDF icon.
- G**: A green "Edit Course" button.

Course Code	Title	Workflow	CIM Status
PHYS 1000	Introduction to Physics		
PHYS 1010	Prblm Slvng/Physical Sciences		Inactive
PHYS 1040	Introduction to Astronomy.		Inactive
PHYS 1052	General Astronomy I		
PHYS 1100	Foundations of Physics		
PHYS 1111	First Year Seminar		

A. Search

There are several different ways to search for a course. Keep in mind that an asterisk is a wildcard and can be used at any place within your search terms to stand in for missing information. Searching on just an asterisk will return all courses in CIM.

1. **Course Code**
 - ENGL 1020 will return ENGL 1020
2. **Keyword**
 - Physics will return any course with Physics in the title
3. **Keyword plus asterisk**
 - *physic* will return Biophysics, Physical Education, and anything else with physic in the title

	<p>4. Step in workflow (seen in the workflow column of the landing page)</p> <ul style="list-style-type: none"> • UCC New NOI will return all courses currently at the UCC New NOI step in workflow <p>5. Status (seen in the status column of the landing page)</p> <ul style="list-style-type: none"> • edited will return all courses being edited
B. Archive/History	<p>Archive WE WILL NOT BE USING THE ARCHIVE FEATURE</p> <p>History CIM History is a permanent record of the approved course from the last time it went through workflow. History displays the approval path, workflow steps, roll back comments, and red/green mark up. History goes back to the day CIM was implemented, and proposals that were started and shredded or rolled out of workflow and back to the proposer will not be part of the course or program history. Only proposals that have been completely approved will show up in history. History is view-only; it cannot be edited.</p>
C. Propose a New Course	Click on Propose a New Course to open the Course Proposal Form.
D. Quick Searches	Drop-down menu of search options located in the upper right corner of the landing page.
E. Inactivate	When a course has been selected, click on the Inactivate button in the bottom left to propose an inactivation.
F. Export to PDF	The Proposal can be exported to PDF by clicking on Export to PDF in the bottom left corner of the landing page.
G. Edit Course	When a course has been selected, click on the Edit Course button in the bottom right to open the Course Proposal Form.

Cross-listing

A Is this a cross-listed course? Yes No

B Is this cross-listed across colleges? Yes No

C Is this the primary course? Yes No

D Cross-listed Courses
250 characters remaining

Please list all cross-listed courses here.

A. Is this a cross-listed course?

A cross-listed course is a course taught under more than one prefix. Students choose which prefix in which to enroll.

- Cross-listed courses must share identical titles, course descriptions, and credit hours.
- Max Hours displayed for each cross-listed class is the total number of hours allowed for all courses completed within a particular cross-listed group.

*Please see the CUSIS dev website for further information on cross-listing.

B. Is this cross-listed across colleges?

Yes = The cross-listed courses are not within the same School/College. Example, one course may live under CLAS and the other under ARCH.

No = The cross-listed courses both exist within the same School/College. Example, both courses live under CLAS.

*This question will only show if you selected "Yes, this is a cross-listed course"

C. Is this the primary course?

Yes = Select Yes if this course is considered the Primary course in the cross-listed group

This question will only show if you selected "Yes, this is a cross-listed course and "Is this cross-listed across colleges"

D. Cross-listed Courses

Provide the full list of all courses in the cross-listed group. This field will only show if you selected Yes, this is a cross-listed course

Special Topics

A Was this course previously offered as a special topics course?
 Yes No

Which Special Topics course did this previously belong to?

Subject	Course Code	Topic Title	
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input checked="" type="checkbox"/>

C Is this a special topics course?
 Yes No

D Topic Title

Topic Title	
<input type="text"/>	<input checked="" type="checkbox"/>
<input type="text"/>	<input checked="" type="checkbox"/>

A. Was this course previously offered as a special topics course?

Topics may only be offered a max. of 3 times before they need to be created into its own course. If this is the case, please select "Yes".

B. Which Special Topics course did this previously belong to?

If you answered "Yes" to the question above, please provide the Special Topics course this was tied to, including the Subject, Course number and the Topics title.

C. Is this as special topics course?

If this proposed course will be offering topics, select "Yes"

Special Topics Courses must specify "Special Topics" in the title. Topics can be taught up to three times under the Special Topics course number before needing to be proposed as a permanent course.

D. Topic Title

Provide topic titles to include with the course creation if known

G Drop Consent?

H Credit Hours

For variable credit courses, please use the following format with a dash; example 1-3

I Repeatable Yes No

J Total Completions

K Total Credits Allowed

Selecting YES indicates that a student may take this course for credit and GPA multiple times, and that this course is not eligible for undergraduate grade forgiveness. For the Undergraduate Grade Forgiveness Policy 7037, please follow this link: <https://www.ucdenver.edu/policies>

L Allow Multiple Enrollment in Term Yes No

M Grading Basis

N Components

Components	Enrollment capacity	Primary?	
<input type="text" value="Lecture"/>	<input type="text"/>	<input type="text" value="Yes"/>	<input checked="" type="button" value="X"/>
<input type="text" value="Laboratory"/>	<input type="text"/>	<input type="text" value="No"/>	<input checked="" type="button" value="X"/>

Courses may have multiple options for components, however there can only be one primary component. If only requesting one component, it must be the primary component.

O Instruction Mode

Please be aware that military-connected and international students have restrictions on certain modes of instruction, specifically online (and possibly hybrid). If you are proposing an online-only program or course, please refer to Veteran and Military Student Services or the International Student and Scholar Services Office for more information.

P Typically offered

Q Catalog Print

<p>A. Course Title (short)</p>	<p>Limited to 29 characters, including spaces; will print on transcript and degree audit. The following guidelines apply:</p> <ul style="list-style-type: none"> Limited to 29 characters; will print on transcript Article words should not be used (e.g. the, a, an) Use roman numeral convention for sequential courses Special Topics Courses must specify "Special Topics" in the title. Topics can be taught up to three times under the Special Topics course number before needing to be proposed as a permanent course. 1111 courses must be titled "First-Year Seminar"
<p>B. Course Title (long)</p>	<p>Limited to 100 characters, including spaces. The following guidelines apply:</p> <ul style="list-style-type: none"> Limited to 100 characters All words will be unabbreviated Article, conjunctions and preposition words may be used
<p>C. Course Description</p>	<p>Please limit to approximately 40 words not including before prerequisites, cross-listings, notes, etc. Should include an overview of the course content but not be as detailed as a course syllabus.</p>
<p>D. Prerequisites, Corequisites, and/or Restrictions</p>	<p>If applicable, provide prerequisites, corequisite, and/or restriction information to be enforced with this course.</p> <p>Prerequisites</p> <ul style="list-style-type: none"> Specific course(s) completed or "in progress" at the time of registration (e.g. ENGL 1020 or ENGL 1020 with C- or higher) <p>Corequisites</p> <ul style="list-style-type: none"> Specific course to be taken at the same time (e.g. CSCI 1410 taken same time as CSCI 1411) <p>Restrictions</p> <ul style="list-style-type: none"> Registration restricted to a specific population (e.g. Restricted to MUSC majors or junior standing, etc .)
<p>E. Requested Requirement Group Number, if known</p>	<p>Requested Requirement Group Number, if known</p>
<p>F. Add Consent?</p>	<p>The default add consent type that will auto-populate when scheduling a class</p>

G. Drop Consent?	The default drop consent type that will auto-populate when scheduling a class
H. Credit Hours	<p>Fixed credit = not editable at the section level Variable credit = editable at the section level within the min/max parameters prior to enrollment</p> <p><i>*For variable credit courses, please use the following format with a dash; example 1-3</i></p> <p><i>*If the class is being offered for Continuing Education Units or CEUs, enter the number of CEUs in the Credit Hours box.</i></p>
I. Repeatable	<p>Selecting YES indicates that a student may take this course for credit and GPA multiple times, and that this course is not eligible for undergraduate grade forgiveness. For the Undergraduate Grade Forgiveness Policy 7037, please follow this link: https://www.ucdenver.edu/policies</p> <p>Yes = authorizes students to enroll in a course more than once No = students may only successfully complete the course once</p>
J. Total Completions	Enter the maximum completions allowed for this course.
K. Total Credits Allowed	Enter the maximum cumulative credits/CEU allowed for a course.
L. Allow multiple enrollment in the same term	<p>Yes = permits students to register for more than one section of the course in the same term. Useful for special topics courses. No = students may repeat the course but not enroll in more than one section per term.</p>
M. Grading Basis	<p>Letter = all undergraduate courses (A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F) Pass/Fail = P grade is not included in the GPA; the F grade is included; students are only permitted a certain number pass/fail hours credited toward a bachelor's degree. Study abroad and internships should be pass/fail. Consult with appropriate Associate Dean for specific school/college guidelines. Non-Credit = indicates registration on a no-credit basis (only assigned to non-credit courses).</p>

	Letter w/IP = In Progress (only assigned to thesis/dissertation at the graduate level).
N. Course Component(s) <ul style="list-style-type: none">• Enrollment Capacity• Primary?	Course Component <p>The default course component that will auto-populate when scheduling a class. Courses may have multiple options for components, however there can only be one primary component. If only requesting one component, it must be the primary component. Contact hours must adhere to the CDHE policy:https://www.ucdenver.edu/docs/librariesprovider234/faculty-and-staff-resources/approved-credit-hour-and-contact-hour-guidelines.pdf?sfvrsn=11236fba_4</p> Enrollment Capacity <p>The default enrollment capacity that will auto-populate when scheduling a class.</p> Primary? <p>This is the primary course component that will default when scheduling a class.</p>

Registrar Internal Use Only

<p>O. Instruction Mode</p>	<p>The default Instruction Mode that will auto-populate when scheduling a class.</p> <p>In-Person Courses: Courses offered primarily in face-to-face sessions with a pre-determined meeting pattern that contain direct interaction with a faculty member. Contact time is assessed using the guidance in Course Component Sections A and B.</p> <p>Hybrid Courses: Courses offered primarily in a blended format with 1 or more on-site face-to-face class sessions and at least one or more online sessions, both containing interaction with a faculty member. Contact time is assessed using both the in-person definition (for the in-person portion) and online definition below (for the online portion).</p> <p>Online Courses: Courses offered asynchronously, online without any face-to-face meetings. Contact time is satisfied by several means including instruction or interaction with a faculty member, interactive tutorials, discussions and class projects that engage peers and are overseen by faculty.</p> <p>Remote Courses: Courses offered via Zoom or similar technology with a pre-determined meeting pattern that contains direct interaction with a faculty member. Contact time is assessed using the in-person definition</p> <p>Independent Study: Faculty-mentored, individually structured courses or research or creative projects designed and scheduled outside of the standard course grid.</p> <p><i>* Please be aware that military-connected and international students have restrictions on certain modes of instruction, specifically online (and possibly hybrid). If you are proposing an online-only program or course, please refer to Veteran and Military Student Services or the International Student and Scholar Services Office for more information.</i></p>
<p>P. Typically Offered</p>	<p>Select which terms this course will be typically offered.</p>
<p>Q. Catalog Print</p>	<p>Yes = This course will be imported to the Catalog editing software (CAT) and students will be able to search for this course within the catalog.</p> <p>No = This courses will not be imported into CAT and will not be found within the catalog.</p>
