 - For example- default section sizes
- Section level items that will roll include
 - Section level requisites
 - Meeting Pattern
 - Instructions
 - Class Notes
 - Attributes
 - Combined Sections- if Permanent Combination box is checked, the class will roll
- Reasons why a course may not roll
 - No longer active at the course catalog level
 - Updated Course Title
 - Updated/New Subject Codes
 - Updated/New Catalog Number
 - Updated Course Description
 - Updated Components
 - Updated Credit Hours
 - Updated Grading Method
- Be mindful changes made to a course at the catalog level AFTER term roll takes place
 - Courses that rolled will need to be updated or a cancel/rebuild will need to happen
 - Example- updating a Course Title. The title that was present during the term roll is what will show in the class search. If a new title is then updated, section will need to be canceled/rebuilt to reflect the updated title in the class search.
