## A-Level Exam Credit

### A-Level Exams

This chart represents academic credit that may be awarded to new freshmen or to new transfer students seeking initial academic credit through the A-Level examination program. To receive academic credit, students must present official A-Level scores sent directly to the Office of Admissions.

Credit awarded and course equivalency information in this table applies only to degree programs, including bioengineering, at the Denver Campus of the University of Colorado Denver. Students seeking academic credit or a waiver of admission requirements for degree programs at the Anschutz Medical Campus need to contact the program directly.

Academic credit is limited to either A-Level credit or CU Denver course credit when students elect to register and successfully complete courses identified in this table as equivalent or content substitution.
