On our Denver campus, students prepare for careers ranging from the music industry to the energy industry, from teaching to engineering, from business to architecture. At the Anschutz Medical Campus in Aurora, health careers (which can begin on the Denver campus, with top-notch undergraduate nursing and biology programs) take off, as students study medicine, pharmacy, dental medicine, nursing, public health and other programs. Both campuses attract students, researchers and faculty who want to make a difference—today.

This course book does not constitute a contract with the University of Colorado Anschutz Medical Campus, either expressed or implied, and the University reserves the right at any time to change, delete, or add to any of the provisions at its sole discretion. Furthermore, the provisions of this document are designed by the University to serve as guidelines rather than absolute rules, and exceptions may be made on the basis of particular circumstances. NOTE: Students will be held responsible for complying with all requirements and deadlines published in this course book.

ACADEMIC FREEDOM

Academic freedom and diverse viewpoints are highly valued at the University of Colorado Denver, Anschutz Medical Campus. The Laws of the Board of Regents of the University of Colorado specify that:

“The University of Colorado was created and is maintained to afford men and women a liberal education in the several branches of literature, arts, sciences, and the professions. These aims can be achieved only in that atmosphere of free inquiry and discussion, which has become a tradition of universities and is called “academic freedom.”

“For this purpose, “academic freedom” is defined as the freedom to inquire, discover, publish and teach truth as the faculty member sees it, subject to no control or authority save the control and authority of the rational methods by which truth is established.

“Within the bounds of this definition, academic freedom requires that members of the faculty must have complete freedom to study, to learn, to do research, and to communicate the results of these pursuits to others. The students likewise must have freedom of study and discussion. The fullest exposure to conflicting opinions is the best insurance against error.

“Academic freedom does not give either faculty or students the right to disregard the standards of conduct outlined in part B of article 7 of these Laws.

“All members of the academic community have a responsibility to protect the university as a forum for the free expression of ideas. (Laws of the Regents Article 5, Part D.1 Intent and Definition).

ALCOHOL AND DRUG POLICY

The University of Colorado Anschutz Medical Campus is committed to providing a drug-free educational environment and drug-free workplace. This policy statement on drugs and alcohol is designed to ensure that the Anschutz Medical Campus comply with the Federal Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. These Acts require the University, as a recipient of federal funds, to take measures to combat the abuse of drugs and alcohol. The University of Colorado Anschutz Medical Campus prohibits the unlawful manufacture, distribution, dispensation, possession, or use of any controlled substance (illicit drugs of any kind or amount, including marijuana) and the abuse of alcohol by students and employees on University property or as part of any of its activities. This prohibition covers any individual's actions which are part of any University activities, including those occurring while on University property or in the conduct of University business away from the campus.

It is a violation of University policy for any member of the faculty, staff, or student body to jeopardize the operation or interest of the Anschutz Medical Campus through the use of alcohol or drugs. Individuals found to be in violation are subject to legal sanctions under local, state, or federal law and to disciplinary action consistent with the Code of Student Conduct (at the Downtown Denver Campus), the Student Honor and Conduct Codes (Anschutz Medical Campus), the Faculty Handbook, and the State Personnel System. Sanctions to be imposed on employees and students who are found to be in violation of this policy may include requiring satisfactory participation in a substance abuse treatment, counseling, or education program as a condition of continued enrollment and/or employment, suspension or termination of employment, and referral for prosecution.

Pursuant to the State of Colorado Constitution and related laws and regulations, possession and use of marijuana for certain medical conditions, and the possession and use of less than one (1) ounce of marijuana by persons twenty-one years of age or older is legal in limited circumstances. However, the possession and use of marijuana remains prohibited on University of Colorado Anschutz Medical Campus property or while acting on behalf of the University.

All faculty, staff, and students employed at the University acknowledge that they will, as a condition of their employment, abide by the terms of this policy. Any employee convicted of a violation of any criminal drug law occurring in the workplace must report that conviction to his/her immediate supervisor within five days. This program is also known as "vouchers" or "stipends." DROP/ADDS

See Schedule Changes.

ELECTRONIC SECURITY (SECURITY and ACCESS CONTROL BADGES)

VIDEO SURVEILLANCE

The university has installed cameras, in key areas of the campus, to monitor and record a variety of events. Generally, security installs them on roofs, at primary entrances and in interior spaces where security monitoring is important. Note that whereas cameras are always recording, the police or others are not always monitoring them. Security programs capture camera imagery, when involved in an alarm, to display to the police dispatchers. Security does not install cameras in student study areas or in work areas where there is an expectation of privacy.

ACCESS CONTROL BADGES

Access Control badges provide photo and role identification, library privileges, and electronic access to locked and alarmed areas. Security grants students access to the buildings/areas needed for their particular course of study or research, as well as to the student computer centers, study areas, and the student center/lounges. University policy requires that students wear badges visibly (between neck and waist) while on campus. Failure to display your badge may result in your being reported or detained as a suspicious person, as well as eviction from campus or denial of access and services. Displaying the badge, especially after-hours lets other students know that you are a student also and not likely one to generate concern. Security does not issue temporary badges in lieu of forgotten or lost access control badges.

You are required to keep your access control badge secured and immediately report a lost or stolen badge to the Security Badging Office (4-0399) or to the police (4-4444). Policy prohibits you from lending or borrowing badges, admitting unauthorized personnel, or otherwise gaining or granting unauthorized access to campus facilities. Do not hold/prop open card-controlled doors or other secured doors, as this will initiate alarms to the Police Department. Misuse or abuse may result in adverse administrative action or denial of card access privileges. Badges are the property of the University and must be returned prior to graduation or separation. You may not cut, bend, or punch holes in your badge, nor expose it to heat, since this will break internal wiring and disable it for access. Security prints the badge on both sides so that it is always visible. Do not place cards or other materials in the badge carrier to obstruct the card information. Lost or abused cards may result in a \$14 replacement charge. You do not need to display your RTD card and it should not be carried against your university access control card as misreads or denial of access may result.

Obtaining Badges

The schools' respective administrations schedule students for badging during registration or orientation. Each student must present either a driver's license or state ID (each non-citizen must present a current and valid passport) before the badge will be issued. Please note that the last name on the identification must match the name used to register with the University. The Badging Staff will ask for any academic or professional credentials you may have to add as post-nominals to your name.

Using Badges for Card Access

Card readers are located adjacent to card access-controlled doors. Card readers are rectangular dark gray or black panels, which are approximately 1" in depth and 2" X 4" in height and width. To unlock a card-reader door, pass the badge slowly across the front of the card reader within a few inches of its surface. If the reader recognizes that your card grants access to the door, a beep will sound and a green light will illuminate. The system then unlocks the door. If the door has a door strike, you may hear a click. You will not hear a sound for magnetic locks. At this point, you will have about five seconds to open the door manually at a hinged door or approach an automatic door. If using a handicapped person opener, first present your card to the card reader and then press the door opener. Please report malfunctions to the Electronic Security Office (4-0014), providing your name and telephone numbers, the reader at which you had difficulty, the date and time of occurrence, and whether the card reader beeped. If you are having problems with your badge, please stop at the Security Badging Office for

assistance. For after-hours assistance, please contact University Police (4-4444). After verifying your access privileges for after-hours access to the area, the police dispatcher will send assistance to your location.

What Types of Financial Aid are Available?

Financial aid funding for students at the Anschutz Medical Campus is available from federal, state and institutional sources. To receive federal, state and many institutional sources of funding, you must apply and qualify for financial aid. Most financial aid is awarded on the basis of financial need and availability of funds. Other sources, local, private and institutional, are awarded on the basis of other criteria, such as academic achievement.

The following types of financial aid are available for students at the Anschutz Medical Campus:

- **Scholarships** – “gift money” that is awarded on the basis of academic achievement (merit-based scholarships) or a combination of academic performance and financial need.
- **Grants** – “gift money” from federal, state and University funds that are awarded based on financial need. These funds do not have to be repaid.
- **Work-Study** – the work-study program provides part-time employment opportunities for students with financial need and allows them to earn money to help pay education expenses. Jobs may be on campus, off-campus or in a community service agency. Students seeking work-study funds must complete the Work-Study Request Form at <http://www.ucdenver.edu/AnschutzFinaid/forms>. To find a work-study job, please visit the [Student Employment website](#).
- **Loans** – money you can borrow from institutional loan programs, federal loan programs and private lenders. Loan funds must be repaid once you graduate, withdraw from school or drop below half-time enrollment.

Funds you receive to pay for tuition and fees are generally counted as estimated financial assistance and must be included as part of your financial aid award. This may result in a reduction of other awards on your award notification. Certain veteran education benefits are excluded. For more information about the types of aid, please visit the [Types of Financial Aid](#) section our website.

AWARDING FINANCIAL AID

Financial aid will be awarded once we have received and processed all required and requested documents. An e-mail reminder will be sent to your Anschutz Medical Campus e-mail account if additional documents are requested. The **To Do List** in the Student Center of the [UCD Access](#) portal will also list any additional documents that have been requested.

Required Credit Hours

Your financial aid award for fall and spring semesters is awarded based on full-time enrollment. Your financial aid award for the summer semester is based on actual enrollment. However, most financial aid programs only require students to be enrolled at least half-time to be eligible; except for the Pell Grant program, which allows students to be enrolled less than half-time. Please notify the Financial Aid & Scholarships Office if you drop below half-time enrollment **after** the drop/add period ends for your school/program.

	Full-Time	Half-Time
Undergraduate students	12 credit hours (fall, spring, and summer)	6 credit hours (fall, spring, and summer)
Graduate students	5 credit hours (fall and spring) 3 credit hours (summer)	3 credit hours (fall and spring) 2 credit hours (summer)
Professional students	10 credit hours (fall, spring, and summer)	5 credit hours (fall, spring, and summer)

***Notice to Graduate Students:** *The financial aid definitions of full-time and half-time enrollment may differ from the academic definitions. Please see a financial aid advisor for more information. Additionally, certain types of aid may require a specific number credit hours which may be higher than the minimum half-time hours listed above.*

DISBURSING (PAYING) FINANCIAL AID

- Financial aid is disbursed (paid) into your student account each semester, usually the week before classes start. Work-study funds must be earned through work and are not disbursed into your student account.
- Funds remaining after tuition, fees and any other institutional charges are paid will be refunded to you by the Bursar's Office through direct deposit to your bank account. If you do not have direct deposit set up, a check will be mailed to the address you have on file in the Student Center.
- Funds remaining from a Parent PLUS Loan may be refunded to your or your parent as indicated on the PLUS Loan application.

Satisfactory Academic Progress (SAP) Standards

- **Students are responsible for understanding the [Satisfactory Academic Progress \(SAP\) Standards](#)**; therefore, are encouraged to review this policy and meet with a financial aid advisor before withdrawing or dropping from any courses.
- To be eligible for financial aid, federal, state and institutional regulations require students to meet certain Satisfactory Academic Progress (SAP) standards. The purpose of SAP is to ensure academic success and graduation. Students who are receiving aid, or who intend to receive aid in the future, must comply with these standards.
- SAP will be evaluated at the end of each term. Students who do not meet the SAP standards will be informed of their eligibility status via e-mail. Students in Good Standing are not notified unless their status changes to Warning or Suspension. This is not the equivalent of being placed on academic suspension by your school or college. Here are some commonly used terms relating to SAP:
- **Good Standing:** Students meeting Financial Aid SAP standards are considered in good standing and are eligible to receive financial aid.
- **Warning:** Students who have failed to meet SAP standards after being in Good Standing may be placed on Warning status. Students on Warning status are eligible to receive financial aid. Students on Warning status have one term to come back into compliance with the Financial Aid SAP requirements and return to Good Standing. Students who fail to meet Financial Aid SAP standards while on Warning status will be placed on Financial Aid Suspension.
- **Suspension:** Students who fail to meet Financial Aid SAP standards while on Warning status will be placed on Financial Aid Suspension and are not eligible for any aid until they meet the standards or successfully appeal.
- **Probation:** Students who successfully appeal their Financial Aid Suspension are placed on Financial Aid Probation status. Students on Probation will receive aid for one term while attempting to meet SAP standards in order to return to Good Standing. Failure to meet SAP standards at the end of a Probation term results in the student returning to Financial Aid Suspension status.
- Students on Financial Aid Suspension have two ways to regain eligibility for financial aid:
 - Meet all the SAP standards while not receiving financial aid. Once SAP standards are met, students must notify the Financial Aid & Scholarships Office to have their status re-evaluated.
 - If extenuating circumstances interfered with the student's academic progress, the student may appeal his suspension by completing the Satisfactory Academic Progress (SAP) Appeal/Advising Form at www.ucdenver.edu/AnschutzFinaid/forms.

Withdrawing (Dropping All Courses) and Financial Aid

Withdrawal is defined as ceasing to be enrolled prior to the end of the standard term. To comply with Federal (Title IV) Financial Aid regulations, the Financial Aid & Scholarships Office is required to apply the Return of Title IV Aid Calculation to all students who received Title IV aid at the time of withdrawal.

Official Withdrawal Date

The official withdrawal date will be determined by the CU Denver | Anschutz Medical Campus and the student. Either the school or the student must notify the Financial Aid & Scholarships Office of the official withdrawal date. If we cannot determine a withdrawal date, all aid for the term may be canceled.

Documenting Attendance

Federal regulations require that Title IV aid recipients begin attendance in a class to establish eligibility for the funds. Institutions are required to document that attendance began in classes where a student drops, withdraws, or receives an 'F' grade. Faculty will be asked to document that attendance has begun. If attendance cannot be confirmed, all aid will be canceled for the term.

Return of Title IV Policy:

- Federal calculations will be applied
- The amount of repayment will depend on:
 - the number of days you attended class in the term
 - the type of financial aid you received
 - whether you are refunded a portion of tuition and fees. (The portion of the term you did not attend represents the portion of aid that must be repaid.)

Note: If you withdraw after completing more than 60% of the term, you will have earned 100% of the federal financial aid received for that term and no repayment is required.

- **Students withdrawing from school:** Financial aid recipients who are withdrawing (dropping all classes) from CU Denver | Anschutz Medical Campus, must complete the University Withdrawal Form at www.ucdenver.edu/registrar and follow the instructions carefully to avoid processing delays.
- **Students withdrawing from the semester:** Financial aid recipients who are withdrawing (dropping all classes) for a particular term should contact the Financial Aid & Scholarships Office prior to withdrawing.

Leave of Absence (LOA)

Students are not eligible to receive financial aid funding while on a LOA from the university. If the student begins the LOA during the semester, a Return of Title IV Calculation is required.

Loan Exit Counseling

Exit counseling is required when students graduate, leave school, or drop below half-time enrollment. Exit counseling provides important information needed to prepare to repay federal student loans. Students must complete Exit Counseling for each type of loan borrowed, as well as the TEACH Grant, if received.

Please visit the following StudentLoans.gov to complete Exit Counseling for the following federal programs:

- Direct Stafford Loans (subsidized and unsubsidized)
- Direct Graduate PLUS Loan
- Direct Parent PLUS Loan
- TEACH Grant

Please visit the [CU Denver Student Debt Office](#) to complete Exit Counseling for all other loans

HONOR CODE

This campus-wide policy statement on student academic honor and conduct at the University of Colorado Denver, Anschutz Medical Campus was developed in consultation with faculty and student representatives from each health sciences school, and representatives of the campus-wide Faculty Council and Student Senate. It provides general policies for all students on campus, in accordance with the Regents' resolution of March 17, 1988, while at the same time it directs the schools to develop specific procedures to implement the policy in accordance with their unique programs and student populations. While the process for resolving honor code violations may vary from school to school, the elements listed below will remain uniform. The health professions are based on a high degree of trust by the individuals they serve. Students entering the health professions have a particular obligation, therefore, to conduct themselves at all times in a manner that reflects honesty, integrity, and respect for others.

A. Academic Honor and Conduct Code: Education at the University of Colorado Denver, Anschutz Medical Campus is conducted under the honor system. All students who have entered health professional programs should have developed the qualities of honesty and integrity, and each student should apply these principles to his or her academic and subsequent professional career. All students are also expected to have achieved a level of maturity which is reflected by appropriate conduct at all times.

Although it is not possible to list every situation that violates the University of Colorado Denver, Anschutz Medical Campus academic honor and conduct code, the following examples will provide a reference point.

1. Academic Honesty – Students should adhere to the highest standards of academic honesty and integrity. Examples of behavior which violates these standards include: plagiarism (including improper use of web information), cheating, illegitimate possession and/or use of examinations, and falsification of official records.
2. Professional Conduct – As future health professionals, students should also adhere to the highest standards of professionalism. Examples of unprofessional conduct include: misrepresentation of effort, credentials or achievement in either the academic or clinical setting; any action which compromises the quality of patient care; violation of patient confidentiality; and other conduct unbecoming a health professional.
3. Alcohol and Drug Use – Alcohol and/or drug abuse compromises the student's ability to learn and to practice as a health provider and, thus, is considered unprofessional conduct. Students who have a problem with alcohol and/or drugs should seek assistance from services available on campus. The sale of drugs or the possession of non-prescribed narcotics or other controlled substances is against the law. In order to minimize the potential for alcohol abuse at campus functions, Students must work with University and/or their Program administration to ensure compliance with the policies and procedures regarding functions where alcohol may be served.
4. Respect for the Rights and Property of Others – Students should conduct themselves in a manner which recognizes the rights and property of others. Examples of inappropriate behavior include theft, damage to University or personal property of others, disruption of educational or other activities on campus, illegal use of University facilities, harassment or physical assault, and any conduct which threatens the health or safety of others.

The primary responsibility for reporting violations of the student honor and conduct code rests with the individual student who has violated them. However, fellow students and members of the faculty also share in this responsibility.

B. Relationship of Honor and Conduct Code to Local, State, and Federal Laws. The University adheres to all appropriate local, state, and federal laws, and cooperates with law officials in all matters. Any alleged violation of local, state, or federal laws will be referred to the appropriate law enforcement agency, and such laws have precedence over the provisions of this policy.

C. Honor and Conduct Committee. Each school will have a standing Student Honor and Conduct Committee and, as appropriate, individual programs may have standing committees. The composition of the committee will include faculty and student representatives, with the exact composition of the committee to be determined by the dean in consultation with the school's faculty and student governance groups. The primary function of this committee will be to examine alleged violations of the honor and conduct code, and to make recommendations to the dean on these matters as appropriate.

D. Check individual school policies for school-specific procedures.

HOUSING

Students may create a profile on the Commuter Services website, <http://www.ucdenver.edu/life/services/CommuterServices>, and look for both roommates as well as housing options with area property management companies in the Denver-Metro area (including Aurora). Head to the Campus Student Services website <http://www.ucdenver.edu/anschutz/studentresources/student-assistance> for assistance with listings.

The Office of Campus Student Services (OCSS) is located on the 3rd floor of Ed II – North in the Student Services suite. The office provides many services to all students at the University of Colorado Denver, Anschutz Medical Campus which are listed in this handbook and the Student Life Handbook – including housing and child care resources, Interdisciplinary Student Organization and Student Governance assistance and advising, intramural sports coordination, CU Buffs Season Ticket sales, learning assistance/tutoring services, and notary public service. The OCSS also is responsible for Lounge 500 located on the first floor of Building 500.

The Office is open 8 a.m. – 5:00 p.m. Monday through Friday, phone 303/724-2866 or check the website at <http://www.ucdenver.edu/anschutz/studentresources/student-assistance/Pages/default.aspx> for the Student Life Handbook and more information on all the services available through this office.

INTERNATIONAL STUDENTS

International Student and Scholar Services (ISSS) in the Office of International Affairs (OIA) provides assistance to international students in nonimmigrant visa classifications. ISSS is located at the Denver Campus, Lawrence Street Center, 9th Floor. The ISSS satellite office on the Anschutz Medical Campus is located in Building 500, 8th Floor, Room C8000D.

Please visit the ISSS website at <http://ucdenver.edu/academics/InternationalPrograms/OIA/ISSS/Pages/ISSS.aspx> for an overview of the services that ISSS offers, or to schedule an appointment. You may also call 303-315-2230 to speak with an ISSS staff member.

The University of Colorado Denver | Anschutz Medical Campus is authorized by the U.S. Department of Homeland Security (DHS) to issue Forms I-20 and by the U.S. Department of State (DOS) to issue DS-2019 Certificates of Eligibility. These documents permit international students to apply for an F-1 or J-1 visa to study at the University.

International students in F-1 and J-1 status are required to register for and attend an International Student Check-In and Fundamentals before their first semester at the Anschutz Medical Campus. This Check-In and Fundamentals session is designed to provide valuable information about maintaining F-1 and J-1 status and the many resources available to help students succeed.

International students in F-1 or J-1 student status are required to be registered full-time for two semesters per year. Full-time for undergraduate students is twelve (12) semester hours; full-time for most graduate students is five (5) semester hours. DHS requires the University to report the immigration and registration status, as well as the current residential address, of all international students in F-1 and J-1 status on a regular basis. International students in F-1 and J-1 status must notify ISSS before making any changes in enrollment or immigration status, such as

adding or dropping courses, changing degree level, applying for work authorization, changing positions, or applying for a change in immigration status. They must notify ISSS of any new residential address within 10 days of the move.

International students in F-1 or J-1 student status who travel abroad and need to re-enter the U.S. to resume their academic program at the Anschutz Medical Campus will need to bring their Form I-20 or DS-2019 Certificate of Eligibility to ISSS to request a travel signature before leaving the U.S.

MEDICAL MALPRACTICE COVERAGE

Medical malpractice coverage is provided through a Self Insurance Trust (the "Trust") authorized and established pursuant to a resolution of the Regents of the University of Colorado. This coverage is subject to the terms of the Trust's Coverage Document and extends to health care practitioners-in-training who are enrolled at the University. Health Care practitioners-in-training are considered "public employees," and, therefore, their liability in any medical malpractice action is limited by the Colorado Governmental Immunity Act (C.R.S. § 24-10-114). This coverage applies to the persons described above while they are involved in any activity or program that is part of the academic program and which has received the prior approval of their respective school at the Anschutz Medical Campus regardless of where such activity or program may take place, as long as it occurs within the U.S. In the event that the activity takes place in a state other than Colorado, and a court determines that the limits of the Colorado Governmental Immunity Act do not apply, the Trust provides coverage of at least \$1,000,000 per incident. For further information, please contact Professional Risk Management, 303-724-7475.

Students who agree to participate in and are approved for a foreign exchange program are advised that the University of Colorado Self Insurance and Risk Management Trust does not provide malpractice coverage for their activities outside the U.S.

NO CREDIT ENROLLMENT

Students wishing to enroll for courses on a no-credit basis must complete regular registration and then change from credit to no credit by obtaining a no credit form and appropriate signatures during the add/drop period. This form is available in the Registrar's office. Persons enrolling for no credit must pay the same tuition per credit hour as they would if they were taking the course(s) for credit. (Please see "Auditing").

NONDISCRIMINATION Statement (Article 10, Laws of the Regents)

The University takes action to increase ethnic, cultural, and gender diversity, to employ qualified disabled individuals, and to provide equal opportunity to all students and employees.

Qualification for the position and institutional need shall be the sole bases for hiring employees, and the criteria for retaining employees shall be related to performance evaluation, assessment of institutional need, fiscal constraints, and/or, in the case of exempt professionals, the rational exercise of administrative prerogative.

All students shall have the same fundamental rights to equal respect, due process, and judgment of them based solely on factors demonstrably related to performance and expectations as students. All students share equally the obligations to perform their duties and exercise judgments of others in accordance with the basic standards of fairness, equity, and inquiry that should always guide education.

RESIDENCY CLASSIFICATION FOR TUITION PURPOSES

The requirements for establishing residency for tuition purposes are defined by Colorado law. (See [Colorado Revised Statutes 23-7-101 et. seq.](#) View online at <http://www.michie.com/colorado/>).

The statutes require that a qualified individual must be domiciled in Colorado twelve (12) consecutive months immediately preceding the term for which resident status is claimed.

An individual is "qualified" by virtue of adulthood and emancipation at age 22, marriage, or enrollment in a post-baccalaureate graduate or professional degree program. An unemancipated minor is qualified through the residency of his or her parents or legal guardians. (See below "Emancipation and Residency.")

(NOTE: an exception to this general requirement applies to "[accountable students](#)" in the School of Medicine and School of Dental Medicine. See below section on "Accountable Students and Residency" for details.)

A person's tuition classification status initially is determined from the *Verification of Colorado Residency form (or the Tuition Classification Form used by online applicants)* submitted during the application process for admission to a Health Sciences program. If a person is classified as a "nonresident," he or she must wait until eligible for a change in tuition classification and then file a [petition](#) for the change. Petitions that are denied may be appealed. (See below: "Petitions and Appeals.")

The information provided here summarizes the basic components of residency classification. Please read the following material carefully and thoroughly. Questions regarding specific circumstances should be addressed to the Tuition Classification Officer at CUAnschutzTCO.Registrar@ucdenver.edu.

Establishing Domicile

An individual must have been domiciled in Colorado for one calendar year before he or she is entitled to in-state tuition. A domicile is a person's true, fixed and permanent home. Having a domicile in Colorado involves more than mere physical presence or "residence" in the state. A person may have several places of residence but can have only one true domicile at any given time. In order to establish a domicile for tuition purposes, there must be 1) [physical presence](#) for at least 12 months within the state [along with](#) 2) [demonstrated intent](#) to make Colorado one's permanent home. Intent is demonstrated by several kinds of connections with the state dated one year prior to the beginning of classes. Note: For School of Medicine and School of Dental Medicine applicants there is a different reference date for residency determination: the date of selection for admission. Each of these Schools determines that uniformly-applied date for the admitted term. Please check with the Admissions director of the respective school or with the Tuition Classification Officer for that date.

There is no formula or checklist to follow in establishing domicile. Generally, physical presence (as shown by rent receipts, leases or statements from landlords, home ownership, etc.) plus one connection with the state will not be sufficient to establish domicile. Several connections are necessary, and the more connections that are made, the more assurance a person has of qualifying for residency. Any connections maintained with any other state during the 12-month period for establishing domicile may be viewed as negative intent to make Colorado one's permanent home.

Objective evidence of physical connections with the state of Colorado includes

- Driver's license, as governed by the Colorado Motor Vehicle Operator's Licensing Law.
- Automobile registration and license plates, as governed by the Colorado Motor Vehicle Registration Law.
- Voter registration and voting in the most recent (Colorado) election.

-- Colorado employment and payment of Colorado income tax. Permanent, full-time, off-campus employment and payment of Colorado State income taxes are considered highly persuasive evidence of intent to make Colorado one's permanent home. Student employment or temporary work is not considered as persuasive. It is the actual official acceptance of employment that forms the connection with the state. Income earned in another state by a resident of Colorado is taxable in Colorado.

-- Ownership of residential real property in the state, particularly if petitioner resides in the home. Petitioners should provide documentation of the contract date, as well as of the closing date.

-- Graduation from a Colorado high school and/or continued presence in Colorado during periods when not enrolled in college, or during periods between academic sessions.

-- Any other factor(s) peculiar to the individual that show intent to make Colorado one's permanent home (for example, obtaining licensure or certification to practice a profession in Colorado). Bank accounts, seeking dental or medical care, marrying or divorcing in the state are matters of convenience because one happens to be present in the state and are therefore not the kinds of connections with the state that show intent to make Colorado one's permanent home. Leases and rent receipts prove physical presence but do not otherwise qualify as connections with the state.

Note: It is the student's responsibility to be fully informed of the laws of Colorado that govern any of the "connections" made in establishing domicile, including vehicle ownership and operation, voter registration, payment of income tax, property ownership, etc. Noncompliance with these laws establishes a negative presumption of intent to make Colorado one's permanent home and will be weighed against any affirmative evidence of a Colorado domicile.

Evidence indicating domicile outside Colorado includes

-- **Failure to pay Colorado state income tax** (if your income is sufficient to be taxed). Income earned in another state by a resident of Colorado is taxable in Colorado. Filing a nonresident Colorado tax return is persuasive evidence of domicile outside Colorado.

-- **Failure to comply with any law imposing a mandatory duty on a permanent resident of Colorado.** Examples include failure to register a motor vehicle and failure to change your driver's license to Colorado within the statutory periods.

-- **Return to your former state of residence** for a substantial period of time during the summer or during other periods when not enrolled as a student or between academic sessions.

-- **Maintenance of a home in another state.**

-- **Prolonged absence from Colorado**, except for military or civilian government service or for temporary absences required by an employer.

-- **Any other factor particular to your situation** that indicates non-Colorado domicile. Examples include applying for a loan or receiving college financial aid from another state where domicile in that state is a condition for receiving funds, and voting or registering to vote in another state.

Accountable Students and Residency

Accountable students at the Anschutz Medical Campus -- are persons who, as of the date of their selection for admission (please see Establishing Domicile section, above) into an Anschutz Medical Campus professional health care program (currently students in the Schools of Medicine and Dental Medicine), will not be receiving funding from the state of Colorado or a cooperative state for any portion of the costs incurred in participating in designated Anschutz Medical Campus professional health care programs. Prior to matriculation, accountable students must agree to the terms of an accountable student contract (including payment of in-state tuition plus associated accountable student fee) for the duration of their professional degree training.

The Accountable Student Program for Students in Health Sciences Professions was enacted in 2006 by the state legislature. The Health Sciences Center implemented this program for the Schools of Medicine and Dental Medicine effective with the 2006-07 academic year. This legislation essentially uncoupled residency status from tuition classification for students classified as *accountable students*, who each year pay in-state tuition plus an associated accountable student fee.

Accountable students, once designated and having signed the accountable student contract, are bound by the terms of their contract for all years of their studies, including their agreement to pay the accountable student fee regardless of residency status. They may, however, petition for Colorado residency status in order to qualify for other forms of financial assistance available to eligible students who are Colorado residents. Establishing residency status also will allow accountable students the benefit of in-state tuition rates in other degree programs should they choose to enroll in a second degree program (e.g., Master of Science in Public Health, or Master of Business Administration). Petitioning for in-state residency status normally is undertaken after a student has been in Colorado for a year and before his/her second year of studies. Petitions are available from and processed by the Registrar's Office. Specific questions about residency classification should be addressed to the Tuition Classification Officer in the Anschutz Medical Campus Registrar's Office (CUAnschutzTCO.Registrar@ucdenver.edu; Education 2 North Building, 3rd Floor).

Emancipation and Residency

A person must be legally emancipated before he or she is "qualified" to establish a domicile separate from the domicile of one's parents. Emancipation for tuition purposes takes place automatically when a person turns 22 years of age, or marries, or commences a post-baccalaureate degree-granting program. The clock then starts for establishing domicile (physical presence and intent) and the student must wait 12 months to become eligible for in-state tuition.

A person who is unmarried and under 22 years of age at the beginning of the one-year waiting period and who wishes to claim "emancipated minor" status must prove that he or she is completely self-supporting and financially independent of his or her parents or legal guardian(s).

The following constitutes evidence of emancipation; however, no one criterion, taken alone, can be considered conclusive evidence of emancipation.

-- Affidavit from parents or legal guardian(s) (found on the back page of the petition) stating relinquishment of any claim or right to the care, custody, and earnings of the minor, as well as of the duty to support the minor, with documentation of the fact that the minor has not been claimed as a tax deduction on income tax returns. (If a minor claims emancipation as of August 1 of a given year, and the parents have supported the minor from January 1 to August 1, the minor may be claimed for that given year, since the parents provided more than half of the

support of the minor for that year.) Emancipation under these circumstances is the act of the parent and not of the child. If there is a duty to support the minor, as, for instance, a court order in a divorce decree, there is no emancipation.

-- Lack of any financial support provided by the parents (including trust funds), coupled with proof that the minor can independently meet all of his or her own expenses, including the cost of education.

-- Entry into military service.

Unemancipated minors may qualify for in-state tuition only when their parent(s) or legal guardian(s) are domiciled in Colorado. An unemancipated child of divorced or separated parents can be immediately classified as in-state if either parent has been domiciled in Colorado the requisite period of time, regardless of which parent was granted custody or duty to support the minor by court decree. The parent in this instance is always the one to complete the petition for in-state classification, based on the parent's domicile and connections with the state.

Four-Year Rule

Students whose parents maintain a Colorado domicile for four years and then establish domicile elsewhere, will remain eligible for in-state tuition if:

- a) The parents leave Colorado after the student completes his or her junior year of high school and if the student enrolls at a Colorado public college or university within three years and six months after the parents leave Colorado. The student need not remain in Colorado when the parents leave or be emancipated from the parents.

OR

- b) The student maintains continuous Colorado domicile. The student need not be emancipated. This provision generally will be met if the student continues to reside in Colorado after the parents leave or if the student resides outside the state only temporarily (for example, to attend college or for military service) while maintaining Colorado domiciliary connections such as voter registration and income tax filing.

Military Service and Residency

Military Exception

Active-duty members of the armed forces of the United States and Canada on permanent duty stationed in Colorado and their dependents (as defined by military regulations) are eligible for in-state status, regardless of domicile or length of residence in Colorado. The military member must have reported to a duty station in Colorado, as certified by their military command, by the first day of class of the applicable academic term. To obtain this in-state tuition rate, the student must submit a Certification of Military Status Form signed by their Base Education Officer verifying their active military status and permanent duty assignment in Colorado, along with a copy (both front and back sides) of the military identification card. Dependents must present verification of the active military person on permanent duty, along with a copy of the military dependent identification card. This certification must be signed and submitted to the Registrar's office no earlier than 90 days prior to the first day of classes and no later than 10 working days from the first day of the term. The certification must be completed and submitted each semester.

After qualifying as an in-state student, a member of the armed forces of the United States on active duty, or the member's dependent, shall not lose his or her eligibility for in-state tuition status if the member retires or separates from the military. Dependent means a spouse of a member of the armed services who was the member's spouse at the time that the member was stationed in Colorado and at the time the spouse is requesting in-state tuition classification and any child under twenty-two years of age born to or legally adopted by the member of the armed forces who enrolls in a public institution of higher education within ten years after the member was stationed in Colorado.

Military dependents continuously enrolled in a Colorado college continue to qualify for in-state tuition if the military member is transferred outside Colorado or retires and remains in Colorado.

Members of the Colorado National Guard who maintain their sole legal residence in Colorado and their dependents also qualify for in-state tuition regardless of length of residence.

Military Members Domiciled in Colorado

To retain domicile during an absence from Colorado due to military orders, military members must maintain Colorado as their state of legal residence for tax purposes, and voters must maintain Colorado voter registration.

Military members may retain legal residency in their original state, or they may establish a new legal residence in a state in which they reside due to military orders. They may not establish domicile in Colorado while residing elsewhere or while being physically present in the State only on a temporary basis.

Persons domiciled in Colorado for one year who enter active duty military service, and who return permanently to Colorado within six months of discharge, and their dependents, qualify for in-state tuition regardless of changes of domicile while on active duty.

Veterans

Honorably discharged members of the Armed Forces moving permanently to Colorado qualify for in-state tuition.

Dependents of veterans are eligible for in-state tuition classification if the dependent has completed two years of high school in Colorado. Veteran dependents continuously enrolled in a Colorado college continue to qualify for in-state tuition regardless of changes in the veteran's domicile.

Section 702 Veterans Choice Act

This applies to a Veteran who lives in the state and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.

This also applies to:

A spouse or child of a veteran (as described above) using transferred benefits who lives in the state and enrolls in the school within three years of the transferor's discharge from a period of active duty service of 90 days or more.

A spouse or child (as described above) using benefits under the Marine Gunnery Sergeant John David Fry Scholarship who lives in the state and enrolls in the school within three years of the Service member's death in the line of duty following a period of active duty service of 90 days or more.

Military dependents continuously enrolled in a Colorado college continue to qualify for in-state tuition if the military educational benefits are exhausted.

Civilian Absences from the State

Civilians who accept overseas employment, governmental or otherwise, or temporary employment in another state, or who are temporarily absent from Colorado for other reasons, must continue to file Colorado state income tax returns as residents for each and every year of their absence from the state. They must claim and pay taxes on all of their earnings, wherever earned, and will receive a credit for taxes withheld by or paid to another state. Failure to do so is sufficient evidence to determine that the individual has relinquished his or her Colorado domicile for tuition purposes.

Permanent Resident Aliens and Visa-Holders

Persons who are lawful permanent residents or who are admitted as refugees are eligible to establish domicile for tuition purposes. Nonimmigrant aliens who are residing in Colorado *for purposes other than education* may qualify for in-state status after one year of Colorado domicile. The nonimmigrant categories subject to this provision are determined by the Colorado Commission on Higher Education. Non-immigrants in the following categories cannot qualify for in-state tuition: F-1, F-2, H-3, H-4 (if the visa holder is the spouse or child of an H-3), J-1 and J-2 (if the J-1 visa holder is a student or trainee), M-1, and M-2.

ASSET Bill (SB 13-033)

A student who does not have lawful immigration status may be classified as an in-state student for tuition purposes if: (1) the student attended high school in Colorado for at least three years immediately preceding the date the student graduates from a Colorado high school or earns a GED; (2) the student is admitted to a Colorado institution of higher education or attends any institution of higher education under a Colorado reciprocity agreement within 12 months of graduation or earning a GED; and (3) the student submits an affidavit through the COF application process stating that the student does not have lawful immigration status but has applied for lawful presence or will apply as soon as the student is eligible.

Additionally, a student who does not have lawful immigration status and graduated from a Colorado high school or earned a GED **prior to** September 1, 2013, but was not admitted to a Colorado institution within 12 months of graduating or earning a GED, may nonetheless be qualified as an in-state student if the student has been continuously physically present in Colorado for at least 18 months prior to enrolling in a Colorado institution.

Frequently Addressed Points and Important Legal Notes

Because Colorado residency status is governed solely by Colorado regulations, lack of eligibility for in-state status in another state does not guarantee in-state status in Colorado. The tuition classification statute places the burden of proof on the student -- not the University -- to provide *clear and convincing evidence* of eligibility.

Information submitted to qualify for in-state classification is subject to independent verification. Individuals submitting false information or falsified supporting documents are subject to both criminal charges and university disciplinary proceedings.

Tuition classification is governed by state law and by judicial decisions that apply to all public institutions of higher education in Colorado. The University of Colorado does not have discretion to make exceptions to the rules as established by state law.

There are many different kinds of residency. A person can be a resident for voting purposes or motor vehicle law purposes and still not be a resident for tuition purposes because each kind of residency is governed by a separate state statute.

Marriage to a resident does not automatically qualify a student for in-state tuition. Colorado has passed a state Equal Rights Amendment to the Colorado Constitution -- which means that each person is treated equally. Each person, male or female, must qualify based on his or her own legal connections with the state.

TUITION DEPOSIT

A deposit is required of each student entering a school or program at the Anschutz Medical Campus in order to reserve a position in the class. This deposit will be applied to tuition and fees for the first term of attendance at the Anschutz Medical Campus. The deposit amount varies by school or college as does the deposit due date. There are some programs that require non-refundable enrollment deposits. Please contact your school or college for details.

Deposits that are eligible to be refunded require that the student notifies the school, 60 days or more in advance of the term start date, which they will not be attending. Deposits will be forfeited if the student notifies the school 59 days or less or withdraws. If the deposit is forfeited, the funds are allocated to the school that the student would have attended.

1. Refunding tuition deposits for first-time students.

1. If a first-time student notifies a school 60 days or more before the first day of the term for which he or she was accepted that he or she will not be attending the Anschutz Medical Campus, the tuition deposit will be refunded to the student. Each School will notify the Bursar's office in writing or email shortly after the 60-day limit so that the Bursar's office can make the necessary entry to the student's account to refund the deposit.
2. If a first-time student notifies a school 59 days or less before the first day of the term for which he or she was accepted for that he or she will not be attending the Anschutz Medical Campus, the tuition deposit will be forfeited. The deposit will go to the school that the student would have attended.
3. If a first-time student starts to attend class and then withdraws, the deposit will be handled based on whether or not there are charges on the student's account. If there are, the deposit will be applied to the balance due. If there are no charges, the deposit will be forfeited to the respective school. For students who fall into categories 2 or 3, each school will notify the Bursar's office in writing or email shortly after the add/drop period for each term so that the Bursar's office can make the necessary entry to the student's account to either apply the deposit or forfeit the deposit to the school.

TUITION AND FEE REGULATIONS

The Board of Regents shall review and approve the schedules of tuition, fees, and refund policies.

A list of current charges is available on the Bursar's Office website under [Tuition and Fees](#) when the University of Colorado, Board of Regents, gives final approval.

Tuition for Courses Taken for No Credit

Tuition for courses taken for no credit (NC) is the same as for courses taken for credit.

Fractional Credit

Any enrollment that totals less than one hour will be assessed at one credit hour for tuition and fee charges. Any total enrollment that is greater than one credit hour will be assessed based on the actual credit hours of the course. For example, enrollment in a course of .5 credit hours will be assessed at the one credit hour rate. Enrollment in a course or courses that equal 2.5 credit hours will be assessed 2.5 times the credit hour rate.

Drop/Add Tuition Adjustment

A complete adjustment of tuition and fees will be made through the census date of each term. No refunds for any changes will be made for withdrawing from courses after the census date. Students who dropped a class within the term but who were still charged for that class can contact their school's Admissions/Student Affairs office to file a formal appeal. If their respective school determines that the circumstances justify relief from the tuition charges, the school will work with the Registrar's Office. *Please note that dropping all classes for a term is considered a withdrawal, whether or not the student officially withdraws from the University.*

Late Registration Penalty

A late registration penalty will be charged to students who are authorized to register after their regular registration period. The late registration penalty is \$60.

Matriculation Fee

There is a one-time non-refundable matriculation fee of \$140.00 for any student new to the CU Denver | Anschutz Medical Campus.

Payment of Tuition and Fees

Students enrolling at the Anschutz Medical Campus are responsible for full payment of tuition and fees. Students should be prepared to pay their bills in full. Tuition and fee payment due dates vary by semester and campus. Please refer to the [Billing Calendar](#) for specific dates.

Failure to receive a tuition bill notification does not dismiss the student from their obligation for payment. Failure to pay tuition or stopping payment does not cancel classes and does not eliminate or reduce the financial obligation. Students are financially liable for all classes for which they are registered. Failure to attend classes does not cancel a student's registration.

The student's initial bill will be comprised of tuition and fees for the current term. The initial bill may also include any credits due for advance payments, deposits, and financial aid when applicable. Students with unpaid tuition balances will not be allowed to register for subsequent semesters or obtain a copy of their transcript or diploma.

Credit Cards

Credit Cards (American Express, Discover, MasterCard, or VISA) or Electronic Bank Withdrawal are accepted. A service fee of 2.75% of the payment amount will be assessed for all credit and debit card transactions.

Service Charges

A monthly service charge of 1.75% will be added to a student account if the account is not paid in full. This charge will be assessed to a student account that has an unpaid balance after the tuition and fees are due and each month thereafter.

Enforcement

Past due student accounts are referred to Student Debt Management. If accounts are not paid in full, a 20% internal collection fee will be assessed on the unpaid balance, this is in addition to the 1.75% service charge per month to which all past due accounts are subject. An overdue student account may be referred to a third party collection agency and reported to one or more credit bureau reporting services; the student explicitly authorizes CU Denver | Anschutz Medical Campus to release personal and financial information under those circumstances. To the extent permitted by applicable law, the student agrees to reimburse the University of Colorado Denver | Anschutz Medical Campus the fees of any collection agency, which may be based on a percentage at a maximum of 40% of the debt, and all costs and expenses, including reasonable attorney's fees, incurred in such collection efforts. In addition, while the student maintains a past due balance with the University, a hold will be placed on the student record any future registration and the release of official transcripts and diploma.

Pursuant to C.R.S. § 23-5-115, in the event of a default on an amount owed to CU Denver | Anschutz Medical Campus, CU Denver | Anschutz Medical Campus may certify to the Colorado Department of Revenue information regarding persons with past due accounts. The Colorado Department of Revenue may then disburse funds to CU Denver | Anschutz Medical Campus in satisfaction of that debt from tax refund amounts owed to the individual, if any.

Personal Checks

There is a \$20.00 returned check fee on all items returned by a financial institution.

Refunds and Withdrawal Charges

No withdrawal is valid without the written consent of the dean or dean's designee of the school or program in which the student is registered. If a student withdraws from the University, no refund of tuition and fees will be granted.

The deans or their designees of the schools at the Anschutz Medical Campus may, under extenuating circumstances, waive all or a portion of tuition and fee charges upon a student's withdrawal or dismissal from school. Students requesting tuition relief due to a withdrawal for unforeseen circumstances should contact their school's Admissions/Student Affairs office to file a formal appeal. If their respective school determines that the circumstances justify relief from the tuition charges, the school will work with the Registrar's Office to enter the appropriate tuition rebate percentage on the student's account.

The University must follow specific federal guidelines regarding aid adjustments for students who withdraw. For more information, please click [here](#). The policy states students may withdraw their enrollment in a program until the published census date of the semester and receive a full refund of all tuition and fees. Withdrawals occurring after the published census date will not be eligible for any refunds.

The General Coursebook published annually by the Registrar's Office houses the refund policies, and the refund policies are also available to students on the Bursar's website. Census dates are published to indicate when students can drop or withdraw from courses or a program without incurring a financial obligation for tuition and fees to the university. The Bursar's office supports student inquiries about tuition and fee refunds in person, by phone, email or letter.

Link to the Refunds and Withdrawals information on the Bursar's website:

<http://www.ucdenver.edu/anschutz/studentresources/StudentBilling/PayingYourBill/Pages/BillingGuide.aspx>

All tuition and fees are approved by the Board of Regents of the University of Colorado. The Board of Regents reserves the right to change fees and tuition at any time. Tuition and fees are itemized on the first billing statement of each term.

For record of current tuition and fees, please see [Tuition and Fees](#).

The Campus Assessment, Response & Evaluation (CARE) Team was created at the University of Colorado Denver | Anschutz campus to address the health and safety needs of students as well as the campus community. The purpose of the team is to assess whether individuals pose a risk to themselves or others and to intervene when necessary, and more generally, to identify and provide assistance to those in need. The team takes a preventative approach to risk assessment by offering resources, referrals, and support to both the concerning individual and those impacted by their behavior. 303-352-3579 or shareaconcern@ucdenver.edu

The Clery Act

The Jean Clery Disclosure of Campus Security Policy was signed into law in 1990. The federal law, commonly known as the "Clery Act", requires institutions of higher learning to disclose certain timely and annual information about campus crime and security policies. All post-secondary public and private institutions participating in federal student aid programs must adhere to these regulations. The Clery Act was named after Jeanne Clery who was raped and murdered in her dorm room by a fellow student on April 5, 1986. Her parents championed the act in her memory. In 2013, the Clery Act was expanded to include requirements concerning sexual assault, domestic violence, dating violence and stalking. In compliance with this act, the University Police Department publishes an Annual Security Report. The University of Colorado's Annual Security and Annual Fire Safety Report includes statistics for the previous three years for reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by the University, and on public property within, or immediately adjacent to and accessible from, the campus.

The report also includes institutional policies concerning campus security, such as those concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. This Annual Security Report may be viewed at: <http://www.ucdenver.edu/about/departments/InstitutionalResearch/Pages/CleryCrimeReport.aspx>
