Minutes

Attendees: Diane Turner, Bruce Neumann, David Engelke, Tammy Stone, Terri Carrothers, Omer Sarwana, Mike Radenkovic, Denise Pan, Hands Rosenwinkel, Rebecca Hunt, Lucy Dwight, Lonnie Schaible, Edward Dill, Carol Dee, Eric Baker, Rod Muth, L. Rafael Sanchez, Pamela Laird, Farah Ibrahim, Amy Vidali, Sam Walker, Weldon Lodwick, Laura Goodwin, and Joanne Addison

12:06 PM Joanne Addison - CU Denver Faculty Assembly Chair
Meeting brought to order

12:07 PM Terri Carrothers – Senior Vice Chancellor of Administration and Finance
Terri Carrothers provided her background and updated the assembly on items that she is working on since her position began in January. She also provided an Office of the Provost update.

- A search has begun to fill the CFO position that Lisa Douglas previously held. This person will serve as the CFO for CU Denver. Regina Kilkenny is Chair of the search committee.
- Facilities Updates:
  - Planning of the Wellness Center has begun and is going well. The plan is to break ground near October 1st.
  - Planning of the renovation and backfill of the North Classroom is ongoing.
  - The Tivoli renovation for CAM is almost finished.
  - Planning of renovations in the LSC of the 12th and 13th Floors has been begun. This space currently houses OIT.
- Business School Dean: There are 3 candidates. Once a final list is compiled announcements will be made.
- Budget:
  - The February Board of Regents Meeting went well. CU Denver will have a 1.83% general fund cut. Enrollments have been down this year. International Student Enrollment is down 2.1%. Undergrad students are up a little, but graduate students are down. We are still waiting to hear how the hospital provider fee will work out.
  - CU Denver One-time Pool: Chancellor Horrell lobbied President Benson for some one time dollars for the campus, but it is still waiting Board of Regents approval. If approved as lobbied, it would be a 1.6% one-time bonus, but not base building adjustments.
- CMS Update: Please contact Russ Poole if you have any issues or concerns on this matter. There has been some opinions on the choice of Omni as the new proposed CMS. There is no
calendaring or blogging options. Most felt that Druppal was a better choice, although a bit more expensive now, it is perceived to be a better product overall. It was suggested to invite Russ Poole to an upcoming meeting.

- Elevate / HCM: December books finally closed last Friday. There have been 7 new consultants at systems that have been hired to help address these issues. If you are interested in hearing the latest news, please sign up for the emails / blogs. It is anticipated that we will continue to have bugs worked out over the next few months.

- Q & A: Bruce Neumann asked about budget planning moving forward. Terri Carrothers is open to have discussions on the budget and wants to get feedback from faculty on how to best move forward. She felt that the schools and colleges need real time data on their budget to be able to plan appropriately.

Joanne Addison asked how it would be determined if a new school or college would be added to the CU Denver campus, for example inWorks. Terri Carrothers stated that since inWorks is still in an infancy state, reports would need to be reviewed with data to determine if it could be independently supported.

12:31 PM  
**Dave Engelke - Graduate School Dean**

Dave Engelke provided background and the items he’s been working on since beginning in his role last September. He would like to continue to meet with all program directors on campus and attend as many faculty meetings as he can. He is typically on the CU Denver campus on Monday, Wednesday, and Friday and at the CU Anschutz campus on Tuesdays and Thursdays, but willing to shift days as needed.

He has been working to get the unique feel of each of the campuses. One main focus has been the need to move toward more faculty governance and has implemented the Faculty Graduate Council. They hope to be able to look into faculty shared governance, revising policies as needed; i.e. approving faculty grad appointments, and discussion on new grad courses vs programs. There is also no current grad student organizations or grad student advisory groups on either campus. He’s asked all the schools and colleges for a number of volunteers to provide two-way communication from the grad school to the student body. They hope to begin meeting in September.

Other projects that he is working towards; recruitment of grad students more effectively including regional and national strategies, possible hiring of a lead recruiter with startup funds, review of the current financial model to allow for upgrades to programs vs new programs, incentives for new programs, international English preparation of grad students and alternative resources for them as well as reaching out to alumni, and have faculty send letters/pamphlets talking about Master’s programs. If you have any questions or concerns, please contact Dave Engelke at [David.Engelke@ucdenver.edu](mailto:David.Engelke@ucdenver.edu).

12:55 PM  
**Joann Addison - CU Denver Faculty Assembly, Chair**

*Chairs Report*

Approval of December 2015 Minutes:

2nd the Motion: Farah Ibrahim

An announcement was made about the passing of Kathryn Cheever (CLAS – Political Science Department). An announcement was sent prior to the meeting. A service for her colleagues will be held on Thursday March 10th at 5:30 pm in the Terrace Room.

There has been discussion on hiring a new Director of Women’s Resource Center, to be housed under the Office of Diversity and Inclusion with Brenda J. Allen. The Faculty Assembly - Committee on the Status of Women (CSW) will be working with them on this hiring process.

The CU Denver Faculty Assembly Executive Committee met with University Communications to brainstorm ideas on increasing faculty engagement on campus. If you have any ideas or things that you have already been working on in your department, please contact Joanne Addison at Joanne.Addison@ucdenver.edu.

Pam Laird asked if there was an update on the faculty mediator position. The job description is currently on the Provost desk. Joanne Addison will follow up with him.

The Title IX Office will be sending out a survey soon. CU Boulder recently reviewed their results and received negative press regarding those results. CU Anschutz has already completed the survey. Please look for upcoming announcements.

12:58 PM  **Lucy Dwight - Faculty Council Personnel and Benefits Committee**
The Anthem Breach that occurred last year allowed everyone to be able to sign up for free 2 years of credit monitoring. It has now been decided to have this benefit now be indefinitely. Please visit www.anthemfacts.com for more information and forward this information to your schools and colleges.

Recent Elevate/HCM updates has caused headaches for many people. There were also several concerns with incorrect 1099’s. Revised forms were to be sent out, but with the delay in communication on this matter, many may have already filed their taxes. If you have any questions on this matter, please contact Lucy Dwight at Lucy.Dwight@ucdenver.edu.

1:05 PM  **Rebecca Hunt – Board of Regents Laws and Policies Committee**
Rebecca Hunt is currently the only faculty representative that attends the Board of Regents Laws and Policies Committee. The system-level Faculty Council has gotten an agreement with the Board of Regents to review all laws and policies over the next 2 years. Discussion included; changes needed, ways to consolidate similar policies, effectiveness with campus level policies, and coordinate effectively. They intend to send information to faculty and others to assure faculty involvement. Review may begin in the Faculty Assembly or FA Educational Policy and Planning Committee (EPPC), then to administration of the faculty throughout campus as it relates to them.

1:13 PM  **CU Denver Faculty Assembly Committee & Campus Reports:**
- **FA Educational Policy and Planning Committee (Rebecca Hunt):** No report at this time.
- **FA Academic Personnel Committee (Eric Baker):** APC recently met with legal counsel on a faculty salary grievance process. All units are supposed to have a process and the ability to equalize faculty grievance disputes. Many units don’t have the ability or organization or the procedures in place at this time. APC has been working on a template that can be used in all units and importantly a funding mechanism. As APC has been working on the anti-bullying policy, they have learned that Faculty Council (system level) has also been working on a system level policy. They have a meeting on 3/7/16 and Eric hopes to attend.
- **Auraria Library:** No update at this time.
- **Budget Priorities Committee (Carol Dee):** BPC recently met with Provost and Lisa Douglas
about the budget, prior to her departure. The BPC was concerned about the funding for inWorks. Chancellor Horrell decided inWorks will be funded for another year out of one time funds. The BPC will be meeting with Terri Carrothers at their next meeting. BPC had concerns about learning about the non-base building salary incentive.

**Committee on the Status of Women (Diane Turner):** There are now maps on the AHEC webpage for gender neutral restrooms and lactation stations on campus. ([http://www.ahec.edu/about-auraria-campus/maps](http://www.ahec.edu/about-auraria-campus/maps)). Discussion continues to be held on more locations as new buildings are being built. They are also discussing the hiring of the Director of Women’s Resource Center.

**Disabilities Committee (Amy Vidali):** The DisC has been working on a few projects and need suggestions on helping promote them. Recently the DisC has discussed withholding the suggested accessibility statement for syllabi, as there are many top down efforts, both policy and curricular and won’t push to require the statement, but more try to promote more to Chairs and Deans to create excitement. The resource support website is still being worked on that will house resources for faculty. They have also been working on a resource handout that has gone through legal and HR that provides information for faculty accommodations. If you have other suggestions on how they can connect with other Chairs and Deans, please contact Amy Vidali. Amy wanted to express concern on the turnover of the ADA position in HR. They will also be looking into grievance procedures for disability accommodations for faculty.

**Ethnic Diversity Committee (Farah Ibrahim):** The EDC has been trying to organize a proposal for a survey for ethnically diverse faculty. The InfoEd website wasn’t working correctly, stalling this process. The EDC would like the members of the faculty assembly to remind to their colleagues to take the upcoming survey. Please look for upcoming announcements. The Faculty Council Ethnic and Minority Affairs Committee are willing to work with the EDC.

**Faculty Advisory Committee to the Auraria Board (L. Rafael Sanchez Vega):** FACAB continues to work on criteria for the Faculty Friends of Auraria Award. There will be only one award given, likely a one year parking spot be awarded. The committee is also scheduling time to visit buildings on campus.

**Gay, Lesbian, Bi-sexual, Transgender, & Intersex Committee:** No report at this time.

**Learning, Educational Technology, Teaching & Scholarship Committee:** No report at this time.

**Retired Faculty:** No report at this time.

**Student Government Association (Omer Sarwana):**
Wellness Center: The SGA continues to work with on the new Wellness Center and are almost done with the design and development process and appear to be on budget at this time. The Director of the Wellness Center has been posted and is hoped to be filled by May.

There survey received around 1000 student responses; 70% felt that they should meet with their advisor at least once or twice a year, 40% actually know what the degree audit system is and how it can be used. The College Counsel will now be working with administration in each of the schools and colleges to work on specific issues in regards to advising.

SGA Elections will be held in April. Since this will be the last few months of Omer’s term he will work on the following topics; the RTD Pass prices are rising and will need to be voted on again, the Tivoli Bond fee needs to be renewed (a fee to keep the Tivoli up and running), and the CU Century (school newspaper) is having to be approved through students if they want to continue to keep. There is currently a $4/student/semester will continue to be
SGA would like the Faculty Assembly to be more involved with student government meetings. There is currently an opening left to attend the April meeting to present on how the faculty assembly works.

The Campus Village Apartments currently is under the process of becoming CU Denver’s. SGA is working on figuring what the students would want.

The Regent Debate Forum was very successful with over 70 attendees.

- **University of CO Denver Association of Lecturers and Instructors (UCDALI, Sam Walker):**
  UCDALI recently met with Chancellor Horrell to discuss NTTF needs which was a successful event.

She will be looking at updating workshops and formats to offer the best support and service of faculty.
One upcoming opportunity for faculty will be to join a Learning Circle Book Groups. Look for future announcements.
Margaret is hoping to expand the roll of Faculty Fellows. There will be a call for applications that are interested in applying for this position. This would be a 3 year appointment with a little monetary supplement. Joanne Addison suggested she reach out to Student Government to discuss needs. SGA is encouraging faculty to have the syllabus available to students a week prior to class starting to allow needed items to be purchased and be prepared to begin class. **1:46 PM  Budget Update – Joanne Addison**

Joanne Addison provided an update on the budget as discussed in the CU Denver Faculty Assembly Executive Committee. Currently CU Denver is $6.9M in the red. This is largely due to enrollment projection issues. The CFO’s from each of the campuses had discussion on allocations for each campus. Chancellor Horrell worked with the President’s Office for funds to allow for a one-time, 2% merit based non-base building salary increase for the campus. Future discussion includes; having a VC for Budget and Finance (primarily focused on the CU Denver campus) and the possibility of hiring a short-term consultant to help with projections.

Discussion items included; revising the motion to be a base-building raise if not able to be given the same as the other campuses. This focus could help with morale and drive a common vision for faculty to work on recruitment and retention.

Brent Wilson motioned to table the discussion until quorum could be met and continued discussion on the implications of this motion toward relationships with administration. Rebecca Hunt noted the Regent mandate that occurs when Professional Development funds aren’t used, that they then are reabsorbed. It was suggested to have this renegotiated.

Since quorum was not met, the motion is still under discussion. Updates to follow.

12:08 PM Provost Nairn – Office of the Provost
• The new School of Business Dean, Rohen Christie-David started August 1st.
• Preparing two new dean searches. The dean of Engineering is stepping down, and the dean of the College of Architecture and Planning is retiring. Hopefully somebody will be in place before next summer.
• There is a search for a new Auraria Library Director. Regina Kilkenny is the supervising authority, and Laura Goodwin is chairing the search.
• Late in the spring the ombuds for the Denver campus Kathrine Greenwood took a job at UC Davis. That situation is being worked on.
• Census day is September 7th at 5 pm. A final more accurate number on enrollment will then be available.
• There have been talks with the executive committee of the BPC and the deans about the slightly larger deficit at the end of fiscal year 15-16 at closing date. It is thought to be a one-time issue. The details of that are currently being worked through, with the fix believed to be a one-time correction. There should be more details available at the next Faculty Assembly meeting.
• There will be a major renovation to North Class Room. The estimated cost is 33 million dollars. The update will touch most classrooms but the majority being facilities related. The renovation will be very disruptive to those utilizing North, but some schools and colleges have transition plans in place to manage the disruptions.
• The campus is currently getting ready to break ground on the Wellness Center. The ceremony will be on September 22nd. It is a student funded building that will make a huge difference for student life. This summer Amber Long was brought on board as the executive director.
• There are some renovations taking place in Tivoli, mostly effecting CAM. Regina Kilkenny reports that the Auraria Library is almost done and has reached the point of “substantial completion.”
• There will be a rededication ceremony for the Library October 21st.
• The content management system is being updated, and switching over to Sitenfinity.
• There are a lot of things going at the university, system wide related to HR and Finance that are complicated. There was a switch over to a new system, which may lead to delays when trying to work with HR and Finance administrators. This is currently being sorted out.
• FCQ program at Boulder needs to be updated, which will have a ripple effect into our campus.

12:20 PM  Jennifer Sobanet – Vice Chancellor of Budget and Finance

• Introduction and background
• Elevate is the HR and Finance system project. The system change is hard on the administration and is reflected in support systems not working as quickly. It is getting better and the system office has created an executive committee to hopefully help speed up and address the issues brought forward by the project.

12:30 PM  Joanne Addison – CU Denver Faculty Assembly Chair

• Asked the Provost about the possibility of bringing in the candidates for the Regent at Large Chair position.

12:35 PM  Raul Cardenas – Vice Chancellor of Student Affairs

• General thanks to faculty for attending Convocation.
• Wanted to welcome all Faculty and Staff to the Wellness Center, and to all events that are normally marketed towards students.
• Passed out unofficial census numbers to give a look into this year’s enrollment.
• Enrollment has steadily been increasing since 2013, and the unofficial census shows that enrollment of undergraduate is up 5% from last year.
• It was another record year for Freshman enrollment, only missing the goal of 1500 by 7 students. With 57-58% being historically underrepresented minority students. 90% of students are coming from the Denver area.
• The campus is 21% Hispanic students, there are conversations about aiming for becoming a Hispanic serving institute.
• Financial Aid budget hasn’t increased in the last 5-6 years. It is possibly effecting the yield of prospective student applications.
• Joanne Addison brought up the SGA resolution that focused on the faculty’s preparedness surrounding the expanding diversity of campus.
• Wanted to remind faculty that the Lynx Center is the go to for any questions revolving around students and faculty. To reach them call (315-LYNX).
• Opened up for questions.
  o Member asked what to do if they notice inefficiencies within the system, and Raul responded that they should reach out and call him. He wants faculty to reach out to him with problems so that they can be addressed.
  o Another member brought up the student screening issues at CUCS.
  o Final question brought up about student health insurance. To enact mandatory health insurance for students on our campus there would need to be new legislation to ask for permission. That is being looked into, the previous insurance program was cut because it was an eight-thousand-dollar cost to the student. Administration attempted to negotiate that down, but it was unsuccessful.
Joanne Addison – CU Denver Faculty Assembly Chair

Chairs Report

- Vice Chair Denise left last year, and now the assembly needs a new vice chair. If you would like to be vice chair or think of somebody that would be a good candidate email Lee Potter at Lee.Potter@ucdenver.edu or Joanne Addison at Joanne.Addison@ucdenver.edu. We would like to have the election at the next meeting.
- Joanne wanted to remind the faculty about the recognition program, and the importance of thanking the great work that our faculty are doing.
- Brief discussion on the Dean of Digital Ed and CU online.
- The decision has been made to review all of the Regents Laws and Policies.
  - Committees have been formed to start addressing the changes. There are faculty representatives involved at all levels of this as well as serving on all the committees.
  - All changes will be reviewed by not only the faculty council but both the faculty assemblies as well.
  - All faculty and staff members on campus will be able to review changes on a website further down the line.
  - Comments that come from the faculty body as a whole will be given more weight than individual comments.
- Boulder’s FCQ technology is antiquated and they have decided to change the system. Two new tools are going to be piloted with 800 students. All of the classes have been identified, through a voluntary process and the classes will span all of the schools and colleges. There is no question that paper FCQs will no longer be used.
  - Concerns raised with only online FCQs and internet access across campus.
  - If there are more questions or comments regarding FCQs please reach out to Joanne.
- The Budget is being addressed with Jennifer, and the issues from last year are being worked on.

12:06 PM Provost Nairn – Office of the Provost

- The first meeting for the search committee for the Dean of CAP was held. The ad will be posted and sent out soon. The search committee for the Dean of CEAS will be held next week. A search committee will be formed shortly for the Dean of the School of Public Health. A search for a new HR director is underway, a few candidates are being interviewed. A search for the Library Director is also underway.
- The north classroom renovations are underway. There are new programs for the wellness center. We are currently looking at ways to create and save space in the Lawrence street center. There is a big push currently to try to increase transfer student enrollment. On top of looking at improving retention and graduation rate.
- Please take a look at the title IX survey and make sure you complete it, so that we will have a better understanding of what is going on.
- Carol Dee requested that the provost update the assembly on how the budget is shaping up this year.
  - We are slightly ahead of budget as of our last look. The projections going into spring, we should be around 1-2 million better then budget, but that is just a projection.
- Stephen Thomas asked about base faculty pay increases.
  - We are working hard to work that into the budget however there is currently no raise in the budget.
• Joanne Addison brought up the change in the graduate school. The question being raised about how NTTF were no longer allowed to may not chair or be first advisors on graduate committees. This was coming down from the faculty council.

12:22 PM  Diana Tomback
Tuition Benefit Update
• There is a proposal for non-home campus tuition benefit. Along with the nine credit hour benefit, there are talks about a new 2400$ a year intercampus benefit for a dependent.
  o The proposed restrictions to this benefit are as follows: it has to be an undergrad seeking student or non-degree student.
  o The home campus will pay the target campus, which will occur in a transfer of funds.
  o The benefit will stack if there are two employees working at the same home campus.
  o The 2400$ comes from the tuition benefit of UCCS which has the lowest in the system.
  o They want to try this for 3 years starting next fiscal year.
  o There is going to be a survey within the year looking at what the demand for this program will be.

12:31 PM  Carol Dee
Budget Committee Report
• Two new degree programs have been approved and are being sent to the Regents, one is statistics and the other in education. There is a new budget model that is being worked on. There is nothing in the model currently for raises at this time. Hopefully at the next BPC meeting there will be an update on the new budget model, there are goals in place to get the model running by the end of this calendar year.
  o There is a contract being formed to bring on a consultant to help develop the model.

12:40 PM  Nelie Viveiros, Director of Equity & Title IX Coordinator
Sarah Berg, Associate Director, Office of Equity, Deputy Title IX Coordinator
Title IX Survey Update
• The survey is focused on sexual misconduct on campus. It is a powerful tool for our campus to be able to address this issue and get a better picture of what is happening on campus.
• This is the same survey that Boulder launched last year, the questions and terms mimic what is outlined in the APS 1514. Which is the sexual misconduct policy that transcends all four campuses.

12:31 PM  Amy Vidali
Disabilities Committee Report
• Doug Kasyon the New HR coordinator is now the new ADA coordinator. A big issue the committee sees is the lack of a grievance procedure for faculty accommodations.
• DRS is forming a new committee with the hopes of obtaining more resources for DRS.

12:50 PM  Joanne Addison – CU Denver Faculty Assembly Chair
FCQ Update
• At the end of this year we will be in need of a new chair.
• Boulder, Springs, and Denver have created a joined committee to update the FCQs.
• Boulder will most likely still head up the FCQs and we will be their client.
• The goal is minimizing systemic bias from the FCQs
• Faculty are most interested in Student Learning. However, this is not something that will be necessarily answered by the FCQ change.
• Another topic of discussion is faculty development, however this will most likely need to be addressed at the campus level.
• There will be a big push for increasing response rate. The FCQs will move towards more actionable and concrete questions.
• The pilot will hopefully be done by the spring.

1:15 PM  David Thomas, Academic Technology Director
New Plagiarism Software Update
• This project is in the curiosity phase, very first steps of looking at a new plagiarism software. We are currently looking at a competitor to “turn it in”. This new program works off of mechanical learning, and focuses more at outsourcing plagiarism when a student has their paper written by a third party. This software creates a writing signature that is used to compare new papers with to determine how different it is from the student’s previous work.
• The second system is a system of robotic grading.
• Both of the companies are making testable claims, the first step is asking if these programs work. There will be a demo conversation with one of the founders of the software. This is not a demo towards a purchase but just about exploration. The demo will be on November 18th.

1:15 PM  Joanne Addison – CU Denver Faculty Assembly Chair
Reduction of TIAA Benefit
• When you turn 59.5 you can have money from your 401a distributed to you. This sum can be the total of your 401a, without having to pay penalties.
• HR is recommending that this benefit be cancelled.
• All current faculty will be grandfathered in, and the benefit will be active as previously stated with the amount of money currently in it.
• If the benefit is kept, then this benefit will be accessible at 62 instead of 59.5.
• HR doesn’t want to keep this benefit, and end it.
• A consensus has been made by the Faculty assembly that they would like to keep the benefit as is.

1:36 PM  CU Denver Faculty Assembly Committee & Campus Reports:
• Academic Personnel Comm (APC): There was an executive session that focused on new incentives to move forward their policies for faculty salaries.
• Educational Policy & Planning Comm (EPPC): The draft of the equity resolution has gotten feedback. It proposes that each program and department work within their own team to produce an equity and inclusivity teaching document. The idea being there will be more response and more change at the grassroots level. There is also information gathering around a grade forgiveness initiative.
• Learning, Educational Technology, Teaching, and Scholarship Committee (LETTS): Adaptive learning is on the forefront of the committee’s mind as well as ADA accessibility issues.
• UCD Assoc. of Lecturers & Instructors (UCDALI): The third of the three rounds of grants are currently being worked. The application deadline has been extended to November 11th. The
UCDALI fall event was very successful with around 40 people coming through. The Bridge Network is also up and running. If you know of any NTTF that would like to get involved with UCDALI please direct them to the Bridge Network page on the UCDALI website.

- **Student Government (SGA):** College Council will be taking over attending the FA meetings. There is a goal of building a bridge between students and instructors. There is also an idea of having the first few office hours of the semester being mandatory.

Update on Sanctuary Campuses
- There are currently petitions being circulated around campuses in Colorado and the Nation that ask Universities to reaffirm their support of their DACA Students. A petition has been started on our campus, to express the support of undocumented and DACA students on our campus. The writers of the Petition believe that it is keeping to the mission of diversity and inclusion set forth by our university. Six University campuses have declared themselves sanctuary campuses. They won’t break the law, but they won’t aid with the process of identifying their students.
- We wanted to open up the floor to a discussion about whether or not the Faculty Assembly would like to make a statement about this.

12:10 PM Provost Nairn – Office of the Provost
- The students reached out to the administration when this issue first came up on campus. We told them how much we support them and what limitations of the support might be. There is continuing discussion on all of our campuses, and the chair of the board as well as President Benson have visited all of the campuses to speak with students.

12:15 PM Chris Puckett
- Students are currently worried about how their data is handled. The way it works right now is if the Federal agency reaches out to us and asks for information, there is a procedure that we follow under FERPA. If it is a public safety emergency or imminent threat of bodily harm
or death, that controls. However if that isn’t the case then we do not release their information. If there is a subpoena, court order or search warrant, we are required by law to notify and give them a reasonable amount of time to challenge the request in court.

_Budget Committee Report_
- Two new degree programs have been approved and are being sent to the Regents, one is statistics and the other in education. There is a new budget model that is being worked on. There is nothing in the model currently for raises at this time. Hopefully at the next BPC meeting there will be an update on the new budget model, there are goals in place to get the model running by the end of this calendar year.
  - There is a contract being formed to bring on a consultant to help develop the model.

Sarah Berg, Associate Director, Office of Equity, Deputy Title IX Coordinator  
_Title IX Survey Update_
- The survey is focused on sexual misconduct on campus. It is a powerful tool for our campus to be able to address this issue and get a better picture of what is happening on campus.
- This is the same survey that Boulder launched last year, the questions and terms mimic what is outlined in the APS 1514. Which is the sexual misconduct policy that transcends all four campuses.

_Disabilities Committee Report_
- Doug Kasyon the New HR coordinator is now the new ADA coordinator. A big issue the committee sees is the lack of a grievance procedure for faculty accommodations.
- DRS is forming a new committee with the hopes of obtaining more resources for DRS.

_FCQ Update_
- At the end of this year we will be in need of a new chair.
- Boulder, Springs, and Denver have created a joined committee to update the FCQs.
- Boulder will most likely still head up the FCQs and we will be their client.
- The goal is minimizing systemic bias from the FCQs
- Faculty are most interested in Student Learning. However, this is not something that will be necessarily answered by the FCQ change.
- Another topic of discussion is faculty development, however this will most likely need to be addressed at the campus level.
- There will be a big push for increasing response rate. The FCQs will move towards more actionable and concrete questions.
- The pilot will hopefully be done by the spring.

_New Plagiarism Software Update_
- This project is in the curiosity phase, very first steps of looking at a new plagiarism software. We are currently looking at a competitor to “turn it in”. This new program works off of
mechanical learning, and focuses more at outsourcing plagiarism when a student has their paper written by a third party. This software creates a writing signature that is used to compare new papers with to determine how different it is from the student’s previous work.

- The second system is a system of robotic grading.
- Both of the companies are making testable claims, the first step is asking if these programs work. There will be a demo conversation with one of the founders of the software. This is not a demo towards a purchase but just about exploration. The demo will be on November 18th.

Reduction of TIAA Benefit

- When you turn 59.5 you can have money from your 401a distributed to you. This sum can be the total of your 401a, without having to pay penalties.
- HR is recommending that this benefit be cancelled.
- All current faculty will be grandfathered in, and the benefit will be active as previously stated with the amount of money currently in it.
- If the benefit is kept, then this benefit will be accessible at 62 instead of 59.5.
- HR doesn’t want to keep this benefit, and end it.
- A consensus has been made by the Faculty assembly that they would like to keep the benefit as is.

1:36 PM CU Denver Faculty Assembly Committee & Campus Reports:

- Academic Personnel Comm (APC): There was an executive session that focused on new incentives to move forward their policies for faculty salaries.
- Educational Policy & Planning Comm (EPPC): The draft of the equity resolution has gotten feedback. It proposes that each program and department work within their own team to produce an equity and inclusivity teaching document. The idea being there will be more response and more change at the grassroots level. There is also information gathering around a grade forgiveness initiative.
- Learning, Educational Technology, Teaching, and Scholarship Committee (LETTS): Adaptive learning is on the forefront of the committee’s mind as well as ADA accessibility issues.
- UCD Assoc. of Lecturers & Instructors (UCDALI): The third of the three rounds of grants are currently being worked. The application deadline has been extended to November 11th. The UCDALI fall event was very successful with around 40 people coming through. The Bridge Network is also up and running. If you know of any NTTF that would like to get involved with UCDALI please direct them to the Bridge Network page on the UCDALI website.
- Student Government (SGA): College Council will be taking over attending the FA meetings. There is a goal of building a bridge between students and instructors. There is also an idea of having the first few office hours of the semester being mandatory.
