A. INTRODUCTION

The purpose of this policy is to set forth the administrative rules for student organizations and to define the relationship to those organizations that conduct activities on the University of Colorado Anschutz Medical Campus (“the university”).

This policy applies to all student organizations, with or without university recognition, that conduct activities at CU Anschutz.

B. POLICY STATEMENT

1. The university recognizes the value of student organizations to the mission of the university and therefore may provide assistance to student organizations in conducting their activities. The level of assistance varies depending on the relationship of the student organization with the university. Student organizations differ in the areas of interest and ability to conduct activities on behalf of the university. Therefore, the relationship of student organizations to the university varies by type.

2. Student organizations shall adhere to policies and procedures for official recognition, including nondiscrimination, in determining their membership. The university reserves the right to deny recognition to groups, including those who advocate inciting or producing lawless action, who engage in unlawful activity or conduct, or who fail to comply with state, university, or campus laws and policies.

3. Student Organizations must have an advisor employed by the University.

4. Student Organizations must follow appropriate procurement policies.
5. Student Organizations and their advisors are responsible for following the Student Organization Handbook. Student Organizations and their advisors are governed by the most current version of the Handbook.

6. The Student Organization Handbook will be reviewed annually with all appropriate University Offices offering feedback with all updates approved by the Assistant Vice Chancellor/Campus Dean of Students or their designee.

C. PROCEDURES

1. Students may choose to join an outside organization on their own but not on behalf of the university. Any student who is aligned and/or a member of an outside organization is personally responsible for their own activities in connection with this group. Students shall not use the university’s purchasing, travel office, payroll, and personnel system for the outside organization. Any funds collected by the student on behalf of the outside organization shall not be deposited to a university account. Outside organizations shall not use the university’s name, IRS tax-exemption, tax identification number, or governmental status.

2. Recognized organizations must have a constitution, bylaws and an advisor. Recognition is obtained through the Responsible Office.

3. Any inquiries regarding the organization’s status and all agreements or contracts must be directed to the responsible office.

4. Students have the authority, through appropriate procedures, to form or disband any student organization.

5. Advisors must regularly participate in their organization’s plans and activities, including after-hours events, and must maintain actual, direct knowledge of their organization’s finances. Some student organization advisor duties may be delegated to other employees, but responsibility for student organization activities remains with the advisor.
