**A. POLICY STATEMENT**

The university community will respond to notification of the death of a student in accordance with standardized procedures coordinated by designated officials. Those procedures, determined by the circumstances, will include communication and actions related to student records, accounts, personal property, academics, family member contacts, and related matters. This policy sets forth procedural guidelines intended to assist those responding to the death of a student.

**B. PROCEDURES**

Notification of a student’s death will be conveyed as soon as possible to the University Registrar by university faculty, staff, or students who become aware a student has passed away. If someone becomes aware of a student death over the weekend or when the university is closed, notification should be made to the University Police Department

(303-724-4444). The University Police Department will then contact the Dean of Students.

The Registrar will verify student enrollment and verification of student's death via official documentation. Then, the Registrar, together with the Assistant Vice Chancellor for University Life/Dean of Students and a Liaison appointed by the Dean of Students to act as point person, will facilitate a coordinated campus response. The Registrar will distribute to specified university personnel and offices a version of the attached sample memorandum ("Notification of Student Death") modified to fit the circumstances. This notification will include communication and action related to student records, accounts, personal property, academics, family member contacts, eligibility for posthumous academic degree, and related matters. The Liaison then will take the lead in communicating with those campus units to ensure completion of all procedures necessary to close the student's record, including formal communication with and returning property to the student's family. Schools and colleges or departments and others close to the student may choose to send condolences to the family of the student in addition to the formal communication.
