

## Accessing The Hub Remote from home or the web

1. Navigate to <https://remote.ucdenver.edu> in the browser of choice to see the following

2. Enter your University username and password and click login.

The screenshot shows the VMware Horizon login form. At the top, there is a green icon of a monitor with a cloud inside. Below it, the text reads "VMware Horizon". Underneath, it says "Enter your UNIVERSITY username and password". There are two input fields: "username" and "password". Below the input fields is a green "Login" button and a "Cancel" link.

## Accessing The Hub Remote from home or the web

3. Make sure to have Duo Security installed with the “CU Secure” profile in order to continue (see “Installation for Duo Security” on our website). Enter the number for the option in which you would like Duo to contact you to verify your identity. (“1” for Push, “2” for Phone Call, and “3” for SMS Passcode) then select “Continue”.

4. Next approve your login via your mobile device to confirm identity.
