CLERY ACT

Overview

The Jeanny Clery Campus Safety Act, more commonly known as the “Clery Act”, is a federal consumer protection law that requires colleges and universities, both public and private, participating in federal student aid programs to disclose campus safety information, and imposes certain basic requirements for handling incidents of sexual violence and emergency situations. Disclosures about crime statistics and summaries of security policies are made once a year in an Annual Security Report (ASR), and information about specific crimes and emergencies is made publicly available on an ongoing basis throughout the year.

The Clery Act is named in memory of Jeanne Clery who was raped and murdered in her residence hall room by a fellow student she did not know in April 1986. Following her death, her parents advocated for greater transparency about campus crimes, leading to the law's enactment. The federal law that now bears their daughter's name was first enacted in 1990. It has been amended regularly over the years to keep up with changes in campus safety with the most recent update in 2024 to expand the law's requirements to include the Stop Campus Hazing Act.

Compliance

To comply with the Clery Act, CU Denver must meet certain obligations required by federal law, including:

- Collecting, classifying, and counting crime reports and crime statistics,
- Issuing campus alerts,
- Issuing emergency notifications,
- Publishing an Annual Security Report,
- Submitting crime statistics to the US Department of Education via a web-based data collection to disclose crime statistics by type, location, and year,
- Maintaining a daily crime log,
- Missing student notification procedures,
- Fire safety information, including a fire log and an annual fire safety report, and
- The tracking and submission of fire statistics for submittal to the US Department of Education.

CU Denver does not have non-campus student organization locations (fraternities nor sororities) or non-campus housing facilities; thus, the obligation to report on such is non-applicable.

AURARIA CAMPUS POLICE DEPARTMENT

Overview

The Auraria Higher Education Center (AHEC), located in downtown Denver, is a separate state entity whose role is to provide and manage shared services, facilities, and property for three separate and distinct institutions of higher learning: Community College of Denver, Metropolitan State University of Denver, and CU Denver. The Auraria Campus has a dedicated, full-service police department, operating 24 hours a day, seven days a week, 365 days a year. Department staff includes the Chief of Police, Deputy Chief, Lieutenants, Sergeants, Corporals, Detectives, Police Officers, Community Service Officers (nonsworn), Dispatchers, and professional support staff. Service is provided on an ongoing basis to the campus community.

Some of the services provided to the Auraria Campus by the Department include:

- Response to police, fire, medical and environmental emergencies,
- Investigation of criminal reports, traffic accidents, and suspicious activities,
- Assist victims of crime by taking reports, conducting follow up investigations and providing referrals to appropriate resources,
- Monitor alarms for intrusion, robbery, and environmental hazards,
- Comply with federal, state, and local laws regarding release of information,
- Assist with sick/injured and other non-criminal activity,
- Provide police and security services at special events such as concerts and sporting activities,
- Provide police and security consultations to students and office personnel,
- Assist motorists with vehicle unlocks,
- Assure that AHEC is in compliance with city, state, and federal environmental regulations,
- Ensure the safety of the campus by monitoring environmental and safety hazards,
- Hold, inventory, and return found property; and
- Present crime prevention and awareness programs.

Enforcement Authority

The Police Officers in the Auraria Campus Police Department receive their police authority via the provisions of C.R.S. § 24-7.5-101. The Auraria Board, through its Chief Executive Officer, has delegated authority to the Auraria Campus Police Department to enforce campus rules and regulations as well as Municipal, State Laws, and Federal Statutes. Department officers have full police authority and are certified Police Officers as defined under C.R.S. § 16-2.5-102.

Police Jurisdiction

The Auraria Campus Police Department is charged with the primary responsibility to provide police and security services to the Auraria Higher Education Center which houses Community College of Denver, Metropolitan State University of Denver, and CU Denver. The Auraria Campus is defined as those properties, private streets, retail operations, and facilities owned by the State of Colorado and used by students, staff, faculty, and visitors, which are generally bounded by Auraria Parkway, Speer Boulevard, Colfax Avenue, and Fourth Street. The jurisdiction of the Auraria Campus Police Department also includes the Lynx Crossing Apartments and City Heights Residence Hall.

UNIVERSITY OF COLORADO DENVER

Auraria Campus Map

The University of Colorado Denver operates on the Auraria Campus and on property northeast of the Auraria Campus boundary across Speer Boulevard.

- 1380 Lawrence Street – Lawrence Street Center
- 1250 14th Street – CU Denver Building
- 1475 Lawrence Street – CU Denver Business School

Students, faculty, and staff attending classes or conducting university business at a CU Denver property located north east of Speer Boulevard should contact the Denver Police Department by dialing 9-1-1 from a cellphone or landline to report crimes and/or emergencies.

CU Denver maintains a service agreement with the Auraria Higher Education Center which includes specific addendums for services provided by the Auraria Campus Police Department. The agreement provides for Auraria Campus Police response to panic alarms activated in the buildings north of Speer. Additionally, Auraria Campus Police agree to provide other emergency response and assistance as requested and appropriate, and share documentation related to any response or involvement.

Arrest Authority

In accordance with C.R.S. § 16-2.5-102, peace officers, to include Police Officers employed by a state institution of higher education shall meet all the standards imposed by law on a peace officer and shall be certified by the Peace Officer Standards and Training board (P.O.S.T).

Pursuant to C.R.S. § 16-3-102 and 24-7.5-103, the Auraria Campus Police Department is granted all the powers conferred by law upon peace officers to carry weapons and make arrests. The arrest authority within the jurisdiction of the Auraria Higher Education Center (AHEC) includes:

- In compliance with an arrest warrant,
- When any crime is being, or has been, committed in a Peace Officer's presence; and
- When there is probable cause to believe that an offense was committed by the person to be arrested.

The Auraria Campus Police Department also employs Community Service Officers. The Community Service Officers do not carry weapons and do not have formal arrest authority.

CU Denver employs contract Security Guards for security services at non-campus CU Denver property. The Security Guards do not carry weapons and do not have formal arrest authority.

Inter-Agency Relationship

The Auraria Campus Police Department recognizes the importance of maintaining a close and cooperative working relationship with the Denver Police Department, the Denver County Sheriff's Department, and other municipal, state, and federal law enforcement agencies. The Auraria Campus Police Department meets with representatives from these agencies on a formal and informal basis and cooperates in police matters of mutual investigation, concern, and interest to monitor and record criminal activity by students at non-campus locations.

Intergovernmental Agreements

The City and County of Denver entered into an Intergovernmental Agreement establishing the working relationship between the Auraria Campus Police Department and the Denver Police Department and granting to the Auraria Campus Police Department Police Officers a Denver Special Police Officer Commission, issued by the City's Manager of Safety, to enforce municipal ordinances of the City of Denver. These ordinances include criminal and traffic related offenses.

It is the desire of both the Auraria Campus Police Department and the Denver Police Department to provide the best possible atmosphere of public safety on and around the campus. The Intergovernmental Agreement is designed to establish the current working relationship between the Auraria Campus Police Department and the Denver Police Department, consistent with and in compliance with the requirements of the Denver City Charter and State statutes, and all terms and conditions of the Intergovernmental Agreement are to be interpreted in light

of the goal of increased public safety. The current scope of this authority for the Auraria Campus Police Department Police Officers is limited to the Auraria Campus area.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Exterior door locks on the Auraria Campus are fully electronic, programmed by the Access Control Department in Facilities Services. The system also has the ability to be placed directly into *lockdown* by The Auraria Campus Police Department. The Auraria Campus Police Department has the primary responsibility for ensuring the lock hardware is functioning properly. Established facility hours are coordinated and maintained by Auraria Academic Services. Auraria Campus Police also work closely with the Facilities Services Department to maintain building security and key control. Access to facilities after normal building hours is limited and coordinated with Facilities Services Access Control and Auraria Campus Police. Work orders noting security issues with campus facilities can be filed online at <https://aurariacampus.edu/services-departments/facilities/work-orders/> or reported by phone by calling 303-556-3260. Admission to buildings after hours is limited to authorized personnel. Buildings are secured by security personnel on-site and buildings are monitored from 8am – 9pm, with after-hours support as requested.

REPORTING CRIMES, EMERGENCIES AND SAFETY CONCERNS

Duty to Report Criminal Behavior

Under Colorado Law, “It is the duty of every person who has reasonable grounds to believe that a crime has been committed to report promptly the suspected crime to law enforcement authorities.” (C.R.S. § 18-8-115) Students, faculty and staff are encouraged to accurately and promptly report all crimes to the Auraria Campus Police Department and appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report. (University Policy 3002.)

The Auraria Campus Police Department takes all reports seriously. Reports will be accepted in any manner, including in person, in writing, by email, and at the Auraria Campus Police Department located at 1201 5th Street, Suite 110. Reports will be accepted anonymously, by phone or via email, or on the Department’s website, <https://aurariacampus.edu/services-departments/police/>.

Criminal offenses reported to the following sources assist AHEC in keeping accurate records regarding the number of reported incidents on campus, and on property owned or controlled by the university, determine where there is a pattern of crime and evaluate if an alert to the Campus Community is warranted. Reports filed in this manner are counted and disclosed in the university’s annual crime statistics without identifying information.

Criminal actions or other emergencies occurring on campus should be reported to the Auraria Campus Police Department 24 hours a day, 365 days a year. For immediate, direct access call 9-1-1 from any campus phone for emergencies or call 303-556-5000 for other police assistance. To reach the Auraria Campus Police Department by cellphone dial 303-556-5000. The Auraria Campus Police Department has access to campus emergency protocol and departmental emergency contact numbers.

Red Light Poles

There are Red Emergency Pole call stations located in or near parking areas and on pedestrian pathways. These emergency call stations may be used to report crimes in progress, suspicious persons, medical emergencies, or to request personal safety assistance. Pressing the call button on the emergency call station initiates a direct call to the Auraria Campus Police Emergency Communications Center.

Initiation of the alert also activates the light strobe to help police locate you more quickly. These phones may be used in emergencies or to request other assistance. Students, faculty, and staff are asked to take a moment when navigating the campus, to note the location of red emergency pole call stations.

Reporting Suspicious Activity

Report all suspicious activity to police. Examples include, but are not limited to:

- Specific threats to inflict harm
- Use of any object to attack or intimidate another
- You witness someone committing a crime
- You need to report an old crime
- You see fire or smell smoke
- You think you observe a drunken driver
- You have knowledge of a chemical spill
- Someone is injured or ill
- You see anyone or anything suspicious

Accurate and Prompt Reporting

CU Denver encourages accurate and prompt reporting of all crimes to the Auraria Campus Police Department, when the victim of a crime elects to, or is unable to, make such a report.

Response

When contacting Auraria Campus Police by telephone, campus phone, cellphone, or red emergency pole, you will be connected to the Emergency Communications Center (Dispatch). Dispatch personnel will gather all available information from the caller and will typically initiate a police response appropriate to the nature and location of the reported incident. Officers may request additional support when there is a reasonable belief of an imminent threat to officer safety or when assistance is necessary to prevent serious harm to a member of the public.

Reporting Concerning Behavior

The Campus Assessment, Response & Evaluation (CARE) Team and the Faculty and Staff Threat Assessment and Response Team (FaST) focus on addressing the health and safety needs of students, faculty and/or staff. It is crucial to report disruptive or concerning behaviors immediately. CARE and FaST intervene as needed, aiming to identify and assist those in need. These teams take a preventative approach to risk assessment and management by offering resources, referrals, and support to both the individual exhibiting the concerning behavior and those affected by it.

Student concerns: If you encounter a **student** exhibiting concerning behavior, submit information to the **CARE** Team by email at shareaconcern@ucdenver.edu, or call 303-315-7306. This account is not monitored 24 hours a day. Crimes in progress and other emergencies should be reported immediately to the Auraria Campus Police Department at 303-556-5000, or by dialing 9-1-1.

Employee concerns: To report a concern regarding **faculty or staff**, contact **FaST** by email at FASTDenver@ucdenver.edu, or call at 303-315-3278 (303-315-FAST). This account is not monitored 24 hours a day. Crimes in progress and other emergencies should be reported immediately to the Auraria Campus Police Department at 303-556-5000, or by dialing 9-1-1.

Campus Security Authorities

It is important for the Campus Community to report criminal incidents that occur on campus directly to the Auraria Campus Police. However, some victims of crimes may be more inclined to report a crime to someone other than the Auraria Campus Police. Under the Clery Act, a crime is “reported” when it is brought to the attention of a Campus Security Authority (CSA). If a CSA receives crime information and believes it was provided in good faith, he/she shall document it as a crime report and report it to Auraria Campus Police for the purpose of making Timely Warning reports and for inclusion in the annual statistical disclosure and inclusion in the daily crime log.

Campus Security Authorities encompass four groups of individuals and organizations associated with an institution, as follows:

- Auraria Campus Police department employees,
- Any individual(s) who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property),
- Any individual(s) or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses,
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to student housing, student discipline and campus judicial proceedings.

Individuals are designated as CSAs based on whether they perform the following functions:

- Their official job responsibilities involve significant interaction with students and/or campus activities,
- They serve as informal or unofficial mentors to students,
- They serve as a member in an office or of a committee to whom students are instructed and informed to report or discuss crimes, allegations of crime, and other troubling situations, and/or,
- They have oversight for disciplinary procedures.

Some examples of Campus Security Authorities include, but are not limited to,

- Law Enforcement Officers
- Security Officers
- Emergency Communications Staff
- Deans of Students
- Faculty Advisors to Student Groups
- Program Directors
- International Studies Staff
- Disability Resources and Service Staff
- Department Chairs
- Multicultural/Diversity Staff
- Office of Inclusion and Outreach Staff
- Title IX Coordinators

Anonymous Reporting

The university offers several ways to report crimes while preserving privacy. Crimes reported on a voluntary, anonymous basis will be included in the annual disclosure of crime statistics, and no personal identifying information will be included.

Victims who do not wish to pursue campus disciplinary or criminal action, but who wish to document the details of an incident with CU Denver, may file a report with the Auraria Campus Police Department anonymously at:

Auraria Campus Police Online Crime Report:

<https://aurariacampus.edu/services-departments/police/crime-report/>. If you choose an anonymous reporting option, please be aware the information will not be received immediately. If there is an immediate threat to life or safety, please call 9-1-1 or 303-556-5000 immediately.

This site does not require your name or other identifying information. It does not track the identity of the computer you use. Use "CU" as the organization name. You may also call 800-677-5590. For more information regarding CU Ethics Line, please visit: <https://www.cu.edu/ethicsline>. This reporting method's goal is to ensure that you can communicate issues and concerns associated with unethical or illegal activities safely and honestly with University leadership while maintaining your anonymity and confidentiality.

Information you may report to the CU Ethics Line includes allegations of fiscal misconduct by university employees, violations of federal or state law, violations of university policy in the performance of university duties, waste of university funds or property, or abuse of university authority (improper conduct).

University personnel are not involved in handling phone calls initiated through the toll-free number or in initially processing the on-line reports. When you phone CU Ethics Line, your message is handled by an independent company (EthicsPoint). They have trained professionals who will assist you through the process. Online reports are interactive and maintained by EthicsPoint.

The university's Internal Audit Department or other designated contact receives notifications of reports filed via the toll-free number or the Web-based system within one business day. The contact accesses the information and has the knowledge to investigate your concern or may assign the report to someone qualified to investigate the concern.

Safe to Tell:

or Safe to Tell Colorado at <https://safe2tell.org/>. Safe2Tell gives students, parents, and community members a safe, anonymous way to report any threats to their safety or the safety of someone else.

Confidential Reporting Exemption for Pastoral and Professional Counselors

There are two types of individuals who, although they may have significant responsibility for student and campus activities, are not Campus Security Authorities under the Clery Act who can provide confidential assistance:

Pastoral counselor: A person who is associated with a religious order or denomination is recognized by that religious order or denomination as someone who provides confidential counseling and is functioning within the scope of that recognition as a pastoral counselor.

Professional counselor: A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution. Professional Counselors who work with Student Mental Health Services, or Campus Health Center, when acting as such, are not considered a Campus Security Authority. As a matter of practice, they are encouraged, if and when they deem it appropriate, to inform people being counseled of the procedures to report crimes on a voluntary basis for inclusion in the annual crime statistics.

Although it is encouraged, pastoral and professional counselors who receive confidential reports of crime are not required to report these crimes to the CU Anschutz Police Department for inclusion in the annual disclosure of crime statistics or for assessment for the issuance of a timely warning.

Resources for confidential professional counselor services are:

A professional counselor is an employee of the University of Colorado whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her counseling license or certification. Professional Counselors, who work with Student Mental Health Services, or Campus Health Center, when acting as such, are not considered a Campus Security Authority. As a matter of practice, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. Although it is encouraged, pastoral and professional counselors who receive confidential reports of crime are not required to report these crimes to CUPD for inclusion into the annual disclosure of crime statistics or for the purpose of a timely warning.

Advocates

Advocates can help determine what steps to take and what choices you may need to make when you are impacted by a crime. Victim advocates include paid and unpaid service providers working in a variety of settings to respond to crime victims' mental, physical, financial, social, emotional, and spiritual needs. Advocates can offer advice on how to stay safe and give you information on medical, mental health, and victim services in your community.

EMERGENCY COMMUNICATION PLAN

Communication plays a critical role before, during, and after any emergency or disaster. CU Denver and the Auraria Campus Police Department will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students, faculty, staff, or visitors. This notification can be disseminated through a variety of communications methods as dictated by the incident.

Auraria Campus Police will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain and respond to, or otherwise mitigate the emergency.

The type of message used, and content will be determined by a member of the Auraria Campus Police Department Command Staff or an appropriate representative and will be based upon the nature and scope of the situation. There are three categories of messages used to notify the campus community of emergencies, crimes and other urgent situations. These are referred to as Emergency Notifications, Timely Warnings and Public Alerts. Emergency Notifications and Timely Warning messages are issued in compliance with the Clery Act.

CU Denver may utilize one or more of the following methods to disseminate emergency messaging to the Campus Community:

- *CU Denver Alerts!* notification system, which includes texts and emails.
- CU Denver web page (<https://www.ucdenver.edu/emergencymanagement/alerts>)
- Auraria Higher Education Center Information Line – 877-566-EMER (877-556-3637)
- Posted notices in key locations throughout the campus

The CU Denver Chancellor has mandated all student, faculty, and staff university-issued email addresses be registered to receive emergency alerts and campus closure notifications via the *CU Denver Alerts!* system. Campus members cannot opt out of this system.

STUDENTS: To subscribe to the emergency alerts by text, simply update your profile information in the CU Denver Portal by adding your personal cellphone number. Be sure to select CELLULAR to identify your number. [Student Portal Instructions](#)

FACULTY/STAFF: To subscribe to the emergency alerts by text, simply update your profile information on in the CU Denver Portal by adding your personal cellphone number. Be sure to select CELLULAR to identify your number. [Faculty Portal Instructions](#)

The larger community may tune in to local media, CU Denver web alerts, the information line, posted notices and social media.

To ensure information remains current during an evolving situation, e-mail and text emergency notifications will be concise and may direct readers to the Auraria Higher Education Center Information Line at 877-566-EMER. Follow-up information will be provided through these same methods as necessary.

Emergency Notifications

Upon confirmation of a significant emergency or dangerous situation occurring on campus that poses an immediate threat to the health or safety of students, faculty, staff, or visitors, a member of the Auraria Campus Police Department Command Staff or a patrol shift supervisor shall initiate the process to issue an Emergency Notification to the appropriate segment(s) of the university community without delay.

Confirmation of a significant emergency or dangerous situation may come from a variety of reliable sources, including direct observations by the Auraria Campus Police Department personnel (either in person or via video surveillance), reports from campus constituents or partner agencies, witness statements, or other credible information. The type and nature of the emergency will guide which sources are consulted.

To assess the significance of the threat, the Auraria Campus Police Department may engage subject matter experts such as the Denver Police Department, Denver Fire Department, Federal Bureau of Investigation, Colorado Bureau of Investigations, World Health Organization, Colorado Department of Public Health and Environment, University Health and Safety, or the National Weather Service, among others.

Given the time-sensitive nature of emergency alerts, the decision to activate the emergency notification system is made as quickly and thoroughly as possible, ensuring that accurate information is communicated to the appropriate segments of the campus community based on the scope and impact of the situation.

The following are examples of significant emergencies and dangerous situations that may occur on campus:

- Armed/hostile intruder
- Bomb/explosives (threat)
- Communicable disease outbreak
- Severe weather
- Terrorist incident
- Civil unrest
- National disaster
- Hazardous materials incident
- Structure fire

Follow-up incident information and end of the threat ("all clear") declaration will be disseminated to the campus community, as appropriate. Follow-up information may be made by any of the emergency messaging methods as listed above (e.g., e-mail, text, information line, etc.).

Emergency notification content may be developed and disseminated by the Chief of Police, Deputy Chief of Police, Police Lieutenant, Emergency Management Director, or appropriate designees. Typically, emergency messaging is not segmented. If such a need arises, the determination in which segment(s) of the campus community should receive a notification is made in conjunction with the development of the message content and is based on several factors. These factors include the nature and location of the incident, the potential impact on specific groups (such as students, faculty, staff, or affiliated hospital personnel), and the relevance of the information to their safety or operations. This targeted approach ensures that notifications are both effective and appropriate, reaching those most likely to be affected or benefit from the information.

Emergency Notifications are distributed using the Rave platform and will be distributed to all CU Denver affiliated email addresses.

Timely Warnings

Timely Warning notifications may be issued to inform the campus community of certain reported crimes in a manner that is prompt and intended to help prevent similar incidents. These warnings are designed to alert individuals to violent crimes against persons or patterns of property crimes occurring on campus or university owned property that pose a serious or ongoing threat to the safety of students, faculty, and staff.

Timely Warnings are typically issued when a Clery-reportable offense is reported within the Auraria campus Clery geography and is brought to the attention of Campus Security Authorities (CSAs) or local law enforcement. These offenses include, but are not limited to, murder and non-negligent manslaughter, sex offenses such as rape and fondling, aggravated assault, robbery, burglary, motor vehicle theft, arson, and weapons-related incidents.

Because the intent of a Timely Warning is to enable members of the campus community to take protective action, each warning typically includes a summary of the incident, detailing the nature and severity of the crime, the date and time it occurred, and any known connection to previous incidents. When available, the warning may also include a description of the suspect, other relevant contextual information, contact details for investigative follow-up, and practical crime prevention tips and safety recommendations. Personally identifiable information about crime victims such as names or addresses, is not included.

The decision to issue a Timely Warning is made on a case-by-case basis, considering all factors surrounding the reported crime. These factors include the nature of the crime, whether it poses a serious and continuing threat to the campus community, the potential risk of compromising an ongoing law enforcement investigation, and the amount of time that has elapsed between the occurrence and the report of the crime to law enforcement or a Campus Security Authority (CSA). Generally, Timely Warnings are not issued for incidents reported more than two weeks after the date of occurrence, as such a delay may limit the opportunity to respond effectively.

A Timely Warning may be developed and issued by the Auraria Campus Police Chief, Deputy Chief of Police, Police Lieutenant, or an appropriate designee. The Auraria Campus Police Department will immediately contact the CU Denver Director of Emergency Management who will send the required Timely Warning message to the CU Denver community.

The Clery Act does not require an institution to issue both an Emergency Notification and a Timely Warning for the same incident. If an Emergency Notification is issued and includes sufficient follow-up information, it may fulfill the requirement.

Timely Warnings are distributed as soon as pertinent information about a reportable crime becomes available, even if all details are not yet confirmed. Distribution is typically achieved via email through the university's messaging system to campus-issued email addresses. Follow-up information may be provided as it becomes available.

Public Alerts

A Public Alert is an informational notification that may be shared with the campus community to promote general safety awareness. While these advisories are not typically time-sensitive or indicative of an ongoing threat, they contain important information about incidents or conditions occurring on, near, or even off campus. These events do not meet the criteria for an Emergency Notification or Timely Warning but are nonetheless relevant to campus safety.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Campus Emergency Response

CU Denver maintains an all-hazards, comprehensive emergency management plan for the campus. The CU Denver Comprehensive Emergency Management Plan (CEMP) establishes the basis for providing emergency response resources and assistance to the campus community if impacted by emergencies or disasters. The CEMP and its supporting annexes may be activated by the on-scene incident commander or University Crisis Leadership Team (UCLT) or designees.

The CEMP covers all five phases of emergency management: Prevention, Protection, Response, Recovery, and Mitigation.

In support of the campus CEMP, University affiliates and stakeholders develop and implement internal response standard operating procedures for their departments, schools, colleges, etc. The procedures define and express how tasks, functions and activities are accomplished as they relate to the CEMP. The procedures may be administrative, routine, or tactical in nature.

Copies of the plan are available on the University of Colorado Denver Emergency Management Division office and Emergency Management Website (base plan only) at:

https://www.ucdenver.edu/docs/librariesprovider34/default-document-library/cu-denver-comprehensive-emergency-management-plan-draft-06262020-final.pdf?sfvrsn=2740a8ba_2.

The Emergency Management Division for CU Denver also has a Preparedness Planning Handbook that provides guidelines and resources for handling a variety of emergencies or disasters.

The Preparedness Planning Handbook can be found on the Emergency Management website at:

https://www.ucdenver.edu/docs/librariesprovider34/default-document-library/cu-denver-community-preparedness-plan.pdf?sfvrsn=9f41a8ba_2

A Campus Safety Video is also available outlining emergency guidelines for the Auraria campus. The video is played continuously on the cable channel for the campus, at new student/faculty/staff orientations, and in classrooms during the first two weeks. To view the video, please visit:

<https://www.youtube.com/watch?v=E6T5LYrjT3A&feature=youtu.be>

Disasters, emergencies, and crises disrupt the normal activities of the campus and may require activation of the Auraria Emergency Operations Plan. The Auraria Crisis Communications Plan describes the role of Communications and Campus Relations in communicating vital information to members of the Auraria community and the public. This plan is to be flexibly used with emergency decision-making procedures of the campus.

Elements are tested annually in conjunction with campus-wide emergency drills. Appendices are checked for accuracy and completeness at least annually, and as often as necessary. Documentation for each test, including the date, time, whether it was announced or unannounced, and a description of the exercise will be maintained by the Auraria Emergency Manager.

Objectives

- Determining whether the situation requires activating this plan.

- Assembling the Crisis Communications Team to recommend responses.
- Implementing immediate actions to:
 - Identify key constituencies who need to be informed.
 - Communicate facts about the situation and minimize rumors.
 - Restore a sense of confidence and order.

Assessment

The Chief of Police or their designees assesses all information available to determine an appropriate response, will activate all or part of the Crisis Communications Plan. Once activated, the Director of Communications will notify each of the institutional Communications Directors/Public Information Officers or their backups as soon as practical.

Evacuation

Evacuation Routes and Floor Plans

During campus emergencies, it may become necessary to evacuate and or close one or more buildings or facilities on campus. The Auraria Campus Police Department can control key ingress and egress routes of campus facilities during emergent situations to safeguard the campus community.

Building exits are located by following green illuminated EXIT signs that have directional arrows pointing to the nearest exit. Exit doors have illuminated green EXIT signs posted over them without directional arrows. Floor plans, which will include evacuation paths, locations of fire extinguishers, fire alarm pulls, and AEDs are posted in each campus building classroom, office suite and workspace.

General Building Evacuation

When necessary, a general evacuation is initiated for all occupants to leave the building quickly through the nearest exit. An evacuation means that ALL Students, Faculty, and Staff MUST evacuate the building.

Example: A fire alarm activated or another non-specific emergency.

Personal Responsibilities

- Do not take time to gather your books, computer, or other large items. Take only the essentials, (e.g., purse, wallet, and keys, etc.),
- Form small groups of three, and initiate the buddy system for evacuation,
- Evacuate quickly and calmly to the nearest, safe exit,
- Close the door behind you; and,
- Stay out of the building until you are given the “ALL CLEAR” by emergency responders.

Faculty and Staff Responsibilities

- As a group, leave the building immediately, in a calm and orderly manner using the nearest exit available.
- Count your students as they leave the room and then recount them once you reach the safe zone or designated evacuation point.
- For safety of persons with disabilities, consider that they may need assistance evacuating and/or help locating a safe area.

- Move (and remain) at least 500 feet away from the building.
- Stay with students, keeping them in a group.
- Account for all students and remain together, if possible.
- Immediately report any missing students to an Auraria Campus Police Officer or an Emergency Responder on scene.
- Wait to be contacted. Do not return to the building or move to another side of the building unless told to do so by emergency personnel.

Directed Building Evacuation (Non-Fire Emergency)

A directed evacuation is used to exit the building by a route designed to avoid contact with a potential threat. This type of evacuation is coordinated by first responders or Facilities Services personnel.

Example: A suspicious package, a bomb threat, or an active shooter.

Personal Responsibilities

- Evacuate quickly and calmly to the nearest, safe exit.
- Listen closely and follow instructions given to you by emergency responders.
- Stay out of the building until you are given the “ALL CLEAR” by emergency responders.

Faculty and Staff Responsibilities

- As a group, leave the building immediately in a calm orderly manner, using only the exits and directions given by first responders.
- For safety of people with disabilities, consider they may need assistance evacuating.
- Move (and remain) at least 500 feet away from the building.
- Stay with students, keeping them in a group.
- Account for all students and remain on the same side of the building or area to which you were evacuated.
- Immediately report any missing students to an Auraria Campus Police Officer or emergency responder on scene.
- Wait to be contacted. Do not return to the building or move to another side of the building unless told to do so by emergency responders; and,
- Refer all media who want to speak with you or students to on-site media spokesperson.

Campus Evacuation

A Campus evacuation is used in the event of a severe emergency in the area.

Example: A severe incident in downtown Denver, such as a major hazardous materials situation, or other catastrophic activity.

Students, Faculty, and Staff Responsibilities

By Vehicle:

- If the road is usable, leave by a main exit, following direction from emergency personnel.
- Drive with caution and courtesy and follow directions.
- Do not block the way for other vehicles.
- Some vehicles may be selected for emergency transportation; please cooperate if yours is chosen.
- If the road is not usable, leave your vehicle and evacuate on foot.

On Foot:

- The best choice, if usable, is to leave by a main exit.
- Proceed to a safe location, as directed.

By Mass Transit:

- In some cases, bus or light rail may be the best way to leave the area.
- If there is a hazard at a roadway exit from campus, go to the nearest RTD station to evacuate by mass transit.

NOTE: During some evacuation events, mass transit may be unavailable.

SEXUAL MISCONDUCT PROCEDURES FOR CU DENVER

In accordance with federal and state law, CU Denver does not discriminate on the basis of sex/gender in its educational programs and employment. Sexual assault, dating violence, domestic violence, and stalking are violations of criminal law and prohibited conduct under the CU system sexual misconduct policy. Any person can report potential violations of these policies by contacting the Office of Equity by phone at 303-315-2567 or by email at equity@ucdenver.edu.

Definitions Regarding Domestic Violence, Dating Violence, Sexual Assault, and Stalking

Sexual assault, domestic violence, and stalking are criminal offenses in the state of Colorado. Dating violence is not a criminal offense under Colorado Revised Statutes. Definitions of these crimes are included below in an effort to provide a better understanding of what actions constitute violations of the law in Colorado.

Domestic Violence – Colorado Revised Statute § 18-6-800.3 – Domestic violence means an act or threatened act of violence upon a person with whom the actor is or has been involved in an intimate relationship. Domestic violence also includes any other crime against a person, or against property, including an animal, or any municipal ordinance violation against a person, or against property, including an animal, when used as a method of coercion, control, punishment, intimidation, or revenge directed against a person with whom the actor is or has been involved in an intimate relationship.

Intimate Relationship - An intimate relationship is one between spouses, former spouses, past or present unmarried couples, or persons who are both the parents of the same child regardless of whether the persons have been married or have lived together at any time.

Dating Violence - Dating Violence is included within the broader definition of Domestic Violence. There is not a separate law in Colorado that addresses dating violence separately.

Sexual Assault – Colorado Revised Statute § 18-3-402 (1) - Any actor who knowingly inflicts sexual intrusion or sexual penetration on a victim commits sexual assault if:

- a) The actor causes sexual intrusion or sexual penetration knowing the victim does not consent; or
- b) The actor knows that the victim is incapable of appraising the nature of the victim's conduct; or
- c) The actor knows that the victim submits erroneously, believing the actor to be the victim's spouse; or
- d) At the time of the commission of the act, the victim is less than fifteen years of age, and the actor is at least four years older than the victim and is not the spouse of the victim; or
- e) At the time of the commission of the act, the victim is at least fifteen years of age, but less than seventeen years of age and the actor is at least ten years older than the victim and is not the spouse of the victim; or
- f) The victim is in custody of law or detained in a hospital or other institution and the actor has supervisory or disciplinary authority over the victim and uses this position of authority to coerce the victim to submit, unless the act is incident to a lawful search; or

- g) The actor, while purporting to offer a medical service, engages in treatment or examination of a victim for other than a bona fide medical purpose or in a manner substantially inconsistent with reasonable medical practices; or
- h) The victim is physically helpless, and the actor knows the victim is physically helpless, and the victim has not consented.

Unlawful Sexual Contact – Colorado Revised Statute § 18-3-404 (1) - Any actor who knowingly subjects a victim to any sexual contact commits unlawful sexual contact if:

- a) The actor knows that the victim does not consent; or
- b) The actor knows that the victim is incapable of appraising the nature of the victim's conduct; or
- c) The victim is physically helpless, and the actor knows that the victim is physically helpless, and the victim has not consented; or
- d) The actor has substantially impaired the victim's power to appraise or control the victim's conduct by employing, without the victim's consent, any drug, intoxicant, or other means for the purpose of causing submission; or
- e) Repealed;
- f) The victim is in custody of law or detained in a hospital or other institution and the actor has supervisory or appointing/disciplinary authority over the victim and uses this position of authority, unless incident to a lawful search, to coerce the victim to submit; or
- g) The actor engages in treatment or examination of a victim for other than bona fide medical purposes or in a manner substantially inconsistent with reasonable medical practices.

(1.5) Any person who knowingly, with or without sexual contact, induces or coerces a child by any of the means set forth in section 18-3-402 to expose intimate parts or to engage in any sexual contact, intrusion, or penetration with another person, for the purpose of the actor's own sexual gratification, commits unlawful sexual contact. For the purposes of this subsection (1.5), the term "child" means any person under the age of eighteen years.

Stalking – Colorado Revised Statute § 18-3-602 (1)(a)-(c)

A person commits stalking if directly, or indirectly through another person, the person knowingly:

- a) Makes a credible threat to another person and, in connection with the threat, repeatedly follows, approaches, contacts, or places under surveillance that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship; or
- b) Makes a credible threat to another person and, in connection with the threat, repeatedly makes any form of communication with that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship, regardless of whether a conversation ensues; or
- c) Repeatedly follows, approaches, contacts, places under surveillance, or makes any form of communication with another person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship in a manner that would cause a reasonable person to suffer serious emotional distress and does cause that person, a member of that person's immediate family, or someone with whom that person has or has had a continuing relationship to suffer serious emotional distress. For purposes of this paragraph (c), a victim need not show that he or she received professional treatment or counseling to show that he or she suffered serious emotional distress.

Consent - Colorado Revised Statute § 18-3-401 (1.5) for sexual activity means cooperation in act or attitude pursuant to an exercise of free will and with knowledge of the nature of the act. A current or previous relationship shall not be sufficient to constitute consent. Submission under the influence of fear shall not constitute consent.

Nothing in this definition shall be construed to affect the admissibility of evidence or the burden of proof in regard to the issue of consent under this part 4.

University's Definition of Consent - [University Administrative Policy Statement 5014](#) defines consent as *affirmative consent*, which is unambiguous and voluntary agreement to engage in a specific sexual activity.

Consent is clear, knowing, and voluntary words or actions that create mutually understandable clear permission of willingness to engage in, and the conditions of, sexual activity. Consent must be active; silence by itself cannot be interpreted as consent.

Consent is not effectively given if it results from the use of force, including threats or intimidation, or if it is from someone who is incapacitated:

- Force is the use of physical violence or imposing on someone physically to gain sexual access.
- Threats exist where a reasonable person would have been compelled by the words or actions of another to give permission to sexual contact they would not otherwise have given. For example, threats to kill or harm someone, kill or harm themselves, or kill or harm someone for whom a person cares constitute threats.
- Intimidation occurs when someone uses physical presence to menace another, although no physical contact occurs, or where knowledge of prior violent behavior by an assailant, coupled with menacing behavior, places someone in fear as an implied threat.
- Incapacitation may result from alcohol or other drug use, unconsciousness, or other factors. The use of alcohol or drugs, in and of itself does not render a person incapacitated. Incapacitation is a state beyond drunkenness or intoxication. Incapacitation is a state where a person cannot make a rational, reasonable decision because they lack the ability *to understand the who, what, when, where, why or how of sexual interaction*. Incapacity can also result from illness, sleep, mental disability, and other circumstances.

Consent will be determined using both objective and subjective standards. The objective standard is met when a reasonable person would consider the words or actions of the parties to have manifested an agreement between them to do the same thing, in the same way, at the same time, with one another. The subjective standard is met when a party believes in good faith that the words or actions of the parties manifested an agreement between them to do the same thing, in the same way, at the same time, with one another. The following standards also apply to consent:

- A person who does not want to consent to sex is not required to resist.
- Consent to some forms of sexual activity does not automatically imply consent to other forms of sexual activity.
- Silence, previous sexual relationships, or the existence of a current relationship do not imply consent.
- Consent cannot be implied by attire or inferred from the giving or acceptance of gifts, money, or other items.
- Consent to sexual activity may be withdrawn at any time, as long as the withdrawal is communicated clearly.
- Withdrawal of consent can be manifested through conduct and need not be a verbal withdrawal of consent.
- In order to give effective consent, the person giving consent must be of legal age under Colorado law for the purposes of determining whether there was a sexual assault.
- A respondent's intoxication resulting from intentional use of alcohol or drugs will not function as a defense to engaging in sexual activity without an individual's consent.

Violence Against Women Act (VAWA) Offenses Definitions

Domestic Violence is defined as a felony or misdemeanor crime of violence committed—

- By a current or former spouse or intimate partner of the victim,
- By a person with whom the victim shares a child in common,
- By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner,
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition—

- Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition—

- Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.
- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Sexual Assault is defined as an offense that meets the definition of Rape, Fondling, Incest or Statutory Rape as used in the FBI's Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is "any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent."

- Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling: The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Safe and Positive Options for Ethical Bystander Intervention and Risk Reduction

CU Denver's educational program includes information about safe and positive options for ethical bystander intervention and risk reduction. Anyone can request a training in bystander intervention and risk reduction by contacting the Office of Equity at equity@ucdenver.edu.

Bystander intervention refers to safe and positive options that may be carried out by an individual or individuals to prevent harm when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

This information provides a basic overview of important considerations from CU Denver's Ethical Bystander Intervention education programming.

Steps for Ethical Bystander Intervention: The 5 Ds

Everyone has their unique personality and comfort level when it comes to intervention. Some people naturally prefer one of the 5 Ds over the others. It's also possible to use multiple Ds at the same time, as they often overlap. If someone's safety is in immediate danger, call 9-1-1.

Direct: Intervene directly by confronting/calling out the individual(s) to notify them of their inappropriateness and/or check-in with the person being harassed. Use caution with this intervention tactic. Ensure you and the person being harassed are safe and your engagement will not escalate the harassment.

Distract: Create some form of distraction and interrupt the flow of violence. A key to this step is to engage directly with whom is *being targeted*.

Delegate: Empower other allies to become accomplices as active bystanders by asking for assistance, finding a resource, or receiving help from a third party. Those involved should try to get the victim into more of a public place.

Delay: Follow up with those impacted party after the event. It may not be safe to check-in with the person being harassed in the moment. Comfort the person(s) and provide reassurance that it isn't their fault; accountability is on the person(s) enacting the inappropriate/violent behavior.

Document: Record inappropriate behavior or violence so there is a record available from a third-party witness to provide as evidence if necessary. Use this option **only** if there are others already assisting the impacted person. If the impacted person is not receiving other assistance, the other 4 Ds should be used first. Be sure to 1) film landmarks, state the date and time of the film clearly, descriptions of the harasser, descriptions of the event, and 2) record important shots for at least 10 seconds.

There are safe and helpful ways to intervene. One person doesn't need to solve the entire problem or confront someone directly to be an effective Ethical Bystander!

Risk Reduction

Risk reduction programs focus on ways that can identify potentially harmful situations and risks. Risk reduction programming sometimes includes self-defense classes and safety programs, which examine the tactics that perpetrators use to compromise situations and force or coerce attacks. While risk reduction programs may assist in mitigating some known risks, they cannot prevent an attacker from committing acts of violence. Recognizing that the perpetrator of violence or abuse is the sole party responsible for that behavior and that victims are never to blame, the following are some strategies to reduce the risk of perpetration:

- A person who is intoxicated, asleep, or unconscious does not have the capacity to consent to engage in sexual activity.
- If you are unsure whether someone is incapacitated due to alcohol or drugs, do not engage in sexual activity.
- Consent for sexual activity must be free of force, threat, intimidation, or coercion.
- Neither silence nor a prior relationship is sufficient to indicate consent.
- If a person is non-participatory or states that they want to be doing something else, stop. If you are unsure, stop.
- If someone talks about planning to target another person at a party, confront them or get help from a friend, parent or other trusted person to intervene.
- Be active in supporting a safe and respectful community. If you see others engaging in disrespectful or inappropriate actions, speak up and get involved, or contact someone else to assist. If someone looks like they may need help, ask if they're okay. Enlist a friend, RA, bartender, or host to help you step in if needed.
- Trust your instincts. If something feels wrong, it probably is; intervene if it is safe to do so.

Primary and On-Going Prevention and Awareness Programs and Campaigns

CU Denver engages in comprehensive educational programming to prevent and raise awareness about sexual assault, domestic violence, dating violence, and stalking.

Programming Content

Educational programming consists of primary prevention and awareness programs for all incoming undergraduate students, graduate students, and new employees as well as ongoing awareness and prevention campaigns for students, faculty, and staff that:

- State that CU Denver prohibits the crimes of sexual assault, dating violence, domestic violence, and stalking under CU systemwide policies, as well as federal and state law,
- Defines what behavior constitutes sexual assault, dating violence, domestic violence, and stalking pursuant to CU Denver and CU system policies and federal and state law,
- Defines what behavior and actions constitute consent to sexual activity pursuant to CU Denver and CU system policies and federal and state law,
- Provides safe and positive options for ethical bystander intervention that may be carried out by an individual or individuals to prevent harm when there is a risk of dating violence, domestic violence, sexual assault, or stalking,
- Provides information about risk reduction that focuses on ways that students, faculty, and staff can identify potentially harmful situations and risks and how to reduce the risk of perpetration, and

- Provides information on the Office of Equity Resolution Procedures that CU Denver follows when sexual assault, dating violence, domestic violence, and stalking are reported to the university and the rights of the parties within the formal grievance process and disciplinary proceedings.

Description of Programs and Campaigns

Students: The Office of Equity provides primary prevention and awareness presentations during new student orientation, for all incoming first-year, transfer, and graduate students. PROCEDURES TO FOLLOW IF A CRIME OF SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE, OR STALKING HAS OCCURRED

CU Denver has procedures in place to guide those who choose to report sexual assault, domestic violence, dating violence, and stalking. When these incidents are reported to CU Denver, the student or employee is provided with a written notice of rights and options regardless of the location of the incident, which includes:

- What to do after a sexual assault, domestic violence, dating violence, and/or stalking incident,
- How to obtain confidential survivor advocacy,
- The importance of preserving evidence that may assist law enforcement or the Office of Equity in investigating or proving that the alleged incident occurred or that may be helpful in obtaining a “No Contact” or protection order,
- How and to whom the alleged incident may be reported,
- The Resolution Procedures that Office of Equity follows when responding to reports, including disciplinary proceedings,
- That the Office of Equity and other CU Denver offices may assist in notifying law enforcement,
- The option to involve law enforcement or decline to notify law enforcement, and
- The right to request an order of protection from law enforcement, if reported to law enforcement, the court, or a “No Contact Order” from the OE.

What to Do After Sexual Assaults, Domestic Violence, Dating Violence, or Stalking

Survivors of sexual assault, domestic violence, dating violence, or stalking should go to a safe place and seek any immediate medical attention needed for physical injuries. Survivors may also consider additional next steps outlined below, including contacting a survivor advocate, considering a Medical Forensic Exam, preserving evidence, contacting the Office of Equity, and notifying law enforcement. No one deserves to experience these crimes and they may have a traumatic impact, so survivors may also consider seeking the support of caring family or friends.

Survivors are encouraged to develop a safety plan. This may involve altering daily routines and having a friend along when going out. It is crucial to avoid communicating with the offender and preserve all evidence. It is helpful to maintain a log recording the date/time of calls, keep e-mails, texts, and letters, and photograph any damage and/or injuries. Witnesses should be asked to document what they observed. It is never the victim’s fault. Everyone deserves to be safe and free from fear.

Confidential Survivor Advocacy

Students and employees on the CU Denver campus who have experienced sexual assault, domestic violence, dating violence, stalking, or harassment can obtain survivor advocacy, supportive services, guidance, and intervention via the Phoenix Center of Auraria’s 24-hour helpline: 303-556-2255.

After an incident of sexual assault, the survivor may consider seeking medical attention as soon as they are able at University of Colorado Hospital (720.848.8451). For a list of all Medical Forensic Exam locations in Colorado Please visit https://www.ucdenver.edu/docs/librariesprovider102/default-document-library/sane-locations-5-1-23.pdf?sfvrsn=47fc20bb_2.

Survivor advocates from the Phoenix Center of Auraria can accompany a survivor to seek medical attention after an incident of sexual assault, dating violence, domestic violence, or stalking involving a physical assault.

The Importance of Preserving Evidence

Regardless of whether a survivor wants to report an incident(s), it is important to preserve any physical evidence of sexual assault, domestic violence, dating violence, or stalking so that if a survivor decides at any point in time to report the incident, that evidence is still available. Preserving evidence may assist in proving that an alleged criminal offense occurred or may be helpful in obtaining a protection order.

Medical Forensic Exams (MFEs): If a survivor chooses to obtain a Medical Forensic Exam to gather evidence that may assist in proving to law enforcement that a criminal offense occurred should do so as soon as they are able at University of Colorado Hospital (720.848.8451) or another location in their jurisdiction.

In Colorado, physical evidence can be collected through a forensic exam even if the survivor chooses not to make a report to law enforcement. MFEs are conducted by a Forensic Nurse Examiner, which include a Sexual Assault Nurse Exam are available in the Emergency Department at multiple locations in the Denver Metro Area (Denver Health Medical Center, University of Colorado Hospital, Children's Hospital, Porter Adventist Hospital, Medical Center of Aurora – South Campus, Saint Anthony North Hospital, Saint Anthony Hospital 84th Avenue Location, Littleton Adventist Hospital). Ideally, the exam should be conducted within five (5) days of the sexual assault. It is best if an individual does not bathe, shower, eat, drink, douche, or change clothes. However, evidence can be collected if an individual has done any or all of these things.

Please note that even if some or all evidence is unavailable or does not exist, making a report of sexual assault is still encouraged. The lack of evidence does not preclude an investigation from taking place.

Evidence: Examples of evidence to preserve include but are not limited to: the clothing the individual was wearing, bedding, text message correspondence discussing the incident (either with the respondent or with friends or family), photographs, screenshots, emails, social media correspondence/posts (Facebook, Tinder, Snapchat, Instagram, Grindr, etc.), correspondence via other messaging applications (WhatsApp, Kik, GroupMe, WeChat, etc.).

Documentation: Even if reporting to the university or police is uncertain, documenting all incidents of stalking behavior is helpful. Save text messages, voicemails, emails, and other contacts from the stalker, or documenting any in-person contact, including the date, time, location, and type of contact.

Protection orders: A protection order is issued by a court to restrict a person from certain behaviors. A protection order can be requested requiring the offender to cease contact. Often a protection order can include certain locations that the person is not allowed to go to, such as the victim's home, work, or school. Contact the Office of Equity for additional information or support for obtaining a protection order.

REPORTING OPTIONS

The procedures set forth below are designed to provide a prompt response to charges of sexual assault, domestic violence, dating violence, stalking, and hate crimes: to maintain confidentiality and fairness in accordance with legal requirements; and to impose appropriate sanctions on individuals who are found to be in violation of the University of Colorado Sexual Misconduct, Intimate Partner Violence and Stalking Policy.

Confidential Reporting

If a victim is not sure about making a police report or initiating a university investigation, the individual can receive free, confidential information, advocacy, and support by calling The Blue Bench, a community partner of The Phoenix Center at 303-329-9922, ext. 302. The Blue Bench also has a free and confidential helpline available 24/7 at 303-329-7273.

Office of Equity

To notify the university of any prohibited conduct under the Sexual Misconduct Policy, Nondiscrimination Policy, or Consensual Amorous Relationships Policy, as well as to request supportive measures related to such conduct, or to initiate Office of Equity Resolution Procedures, please contact the Office of Equity directly via email at equity@ucdenver.edu or via phone at 303-315-2567, or Elizabeth Schrock, Associate Vice Chancellor and Title IX Coordinator.

CU Denver Office of Equity, Mailing Address: Lawrence Street Center Campus Box #187, 12th Floor, Denver, CO 80204. Phone: 303.315.2567, email: elizabeth.schrock@ucdenver.edu.

For a full list of reporting options, please refer to the Office of Equity's website: <https://www.ucdenver.edu/offices/equity/resolution-options>.

Law Enforcement

Individuals who have experienced sexual assault, domestic violence, dating violence and stalking are not required, but do have the right, to file a criminal complaint with law enforcement and the University/Office of Equity simultaneously. The Office of Equity can assist individuals in making a report to law enforcement.

In some instances, the Office of Equity is obligated to report the alleged conduct to the appropriate law enforcement agency. In those instances, the Office of Equity will make a reasonable effort to notify potential complainants prior to reporting to law enforcement.

Individuals may contact law enforcement to report the incident independently at any time. If an individual wishes to contact law enforcement on their own, they should contact the law enforcement agency where the incident took place; below is information on how to contact law enforcement agencies who may have jurisdiction over areas on, near or around the CU Denver and Auraria campus.

- Auraria Campus Police on the CU Denver Campus (for emergencies and non-emergencies) 303-556-5000

- 9-1-1 (on campus will route to the Denver Police Department, or to the agency with jurisdiction where the call is made)
- Denver Police (for non-emergencies) 720-913-2000

The statute of limitations in Colorado for reporting sexual assault is 20 years after the assault occurred, unless the person who was assaulted was under 18 at the time. In those cases, there is no statute of limitations.

Reporting to the Auraria Campus Police Department will constitute notice to the CU Denver's Office of Equity and may result in an Office of Equity resolution process subject to applicable state law.

Involvement of Law Enforcement and Campus Authorities

Although the university strongly encourages all members of its community to report violations to law enforcement (including campus law enforcement or local police), it is the victim's choice whether to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the university Title IX Coordinator and Office of Equity Staff will assist any victim with notifying law enforcement if the victim desires. The Auraria Campus Police Department may also be reached directly by calling 303-556-5000 or in person at 1201 5th Street, Denver, CO 80203. Additional information about the Auraria Campus Police Department may be found online at: <https://www.ahec.edu/services-departments/police>.

Can I report to both the Office of Equity and the Police simultaneously? Absolutely! Individuals can inform the Office of Equity if they also wish to report to the police. The Office of Equity will then contact the appropriate law enforcement unit on their behalf. The Office of Equity may be able to set up a shared meeting to coordinate the reporting to both the university and law enforcement. Understanding that discussing such incidents can be difficult, the Office of Equity and the police often collaborate to make the process easier.

Orders of Protection, Restraining Orders, or Similar Lawful Orders

All CU Denver students and employees who have experienced a crime of sexual assault, domestic violence, dating violence, or stalking may seek to obtain an Order of Protection, or any other order issued by a court. Options include:

- Civil Protection Orders - CRS § 13-14-105: Issued by a municipal and/or county court to restrict an individual's contact or proximity to the victim. These may include restrictions on approaching the victim's home, workplace, or school.
- Criminal Protection Orders -- CRS § 18-1-1001: Often issued in conjunction with criminal proceedings.
- Temporary Protection Orders (TPOs) - CRS § 13-14-104.5: Emergency orders that can be requested quickly and may be followed by a hearing for a permanent order.

The Office of Equity can provide assistance to CU Denver students and employees in accessing the correct process to obtain an Order of Protection, but students and employees must pursue those options on their own behalf. Such orders are obtained through the court with applicable jurisdiction. More information on obtaining a Protection Order in Colorado is located in the State of Colorado County Court Restraining Order Brochure: <https://www.courts.state.co.us/userfiles/File/Media/Brochures/restraining.pdf>.

Staff members of The Blue Bench or the Phoenix Center of Auraria can assist individuals free of charge with the process of obtaining a restraining order. CU Denver complies with Colorado law in recognizing orders of

protection. Any person who obtains an order of protection from Colorado or any other state should provide a copy to the Auraria Campus Police Department and the Title IX Coordinator or designee.

All CU Denver students and employees may also request a University No Contact Order through the Office of Equity. A No Contact Order prohibits contact between two individuals affiliated with the University but typically does not restrict an individual from accessing any programs or activities of the University. The Office of Equity will conduct an assessment before implementing a No Contact Order.

Privacy and Information Disclosure

The university will not release any institutional records related to the investigation of Sexual Misconduct, including sexual assault, dating violence, domestic violence, and stalking or findings of Sexual Misconduct investigations, subject to limited exceptions, or unless otherwise required by law.

CU Denver will complete publicly available recordkeeping, including Clery Act reporting and disclosures without inclusion of personally identifying information about the victim.

These recordkeeping protections are also applicable to any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the university to provide the accommodations or protective measures.

CU Denver students may request that directory information be withheld from public release by contacting the Office of the Registrar by email Registrar@ucdenver.edu or by calling 303-315-5969. The Office of the Registrar is located in the Student Commons Building, 1201 Larimer Street #1107, Denver, CO 80204.

6. That the Office of Equity can provide options for, and available assistance in, obtaining supportive measures, including changing transportation and working situations, in addition to any available academic and residential accommodations. EXPLANATION OF CU DENVER’S PROCEDURES FOR DISCIPLINARY ACTION

CU Denver’s adjudication procedures are administered through the Office of Equity. The procedures provide a prompt, fair, impartial, and equitable resolution, from the initial investigation to the final result, of any complaint that the university knows, or in the exercise of reasonable care should have known about. The primary concern is the safety of all University community members. The University, through the Office of Equity, will take steps to prevent the recurrence of any Prohibited Conduct and remedy any discriminatory effects on the complainant and others if appropriate. The following Procedures will apply to resolution of all reported complaints of Prohibited Conduct related to the CU Sexual Misconduct Policy.

All officials within the procedures—including internal and external investigators, hearing officers, appellate officials, Office of Equity staff assisting in informal resolutions, and other involved officials—are appropriately trained and have qualifications and experience that will facilitate a prompt, fair, equitable and impartial resolution. The Title IX Coordinator or designee shall ensure all officials receive annual training on issues related to sexual assault, intimate partner abuse, stalking, sexual harassment, and retaliation, as well as how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

Supportive and Safety Measures

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent that are designed to restore or preserve equal access to the university’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the university’s educational or work environment, or deter Prohibited Conduct. Supportive measures should be individualized and appropriate based on the information available to the Title IX Coordinator or designee.

Some safety measures involve restricting a respondent’s access to university programs and activities and may not become available until after the completion of Formal Grievance Process, unless emergency removal action is determined to be appropriate.

Whether supportive or safety measures are appropriate is determined after an individualized assessment by the Title IX Coordinator or designee and every effort should be made to avoid depriving any student of educational access. Supportive or safety measures may be kept in place, lifted, or modified as additional information is obtained, or may be extended permanently, as appropriate.

Complainants and respondents may request supportive or safety measures from the Title IX Coordinator or designee. Supportive measures should be provided to complainants or respondents whether the complainant files a formal complaint or engages in another resolution process. Witnesses or other participants in a Formal Grievance Process may also request supportive or safety measures. The Title IX Coordinator or designee will maintain oversight of these requests and the provision of any such measures.

The university will keep confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality will not impair the university’s ability to provide the supportive measures.

Types of supportive and safety measures:

- Academic support measures (arranging for a party to retake a course, excusing related absences, requesting extensions on assignments or exams, changing sections when available or withdrawing from a class without penalty),
- Assistance accessing medical services,
- Assistance accessing counseling services,
- Employment modifications,
- Transportation changes,
- Campus safety escort services and/or increasing security and monitoring of certain areas of campus,
- No-contact orders enforced by the university,
- Discussing options for obtaining criminal or civil orders of protection or restraining orders, or
- Residential relocations in CU Denver Housing and Dining and/or offering resources for housing off-campus.

Emergency Removals

The Office of Equity may remove a respondent from an educational program or activity on an emergency basis after the university (1) undertakes an individualized safety and risk analysis, (2) determines that an immediate threat to the physical health or safety of any students or other individuals arising from the allegations of Sexual Misconduct justifies removal, and (3) provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

The Office of Equity will initiate the Formal Grievance Process before or within a reasonable timeframe after an emergency removal is initiated by the Office of Equity, unless a respondent is no longer affiliated with the University. If a respondent is no longer affiliated with the university, the Office of Equity will consider whether to initiate the Formal Grievance Process.

Types of Emergency Removals

- Interim student suspension. Decisions may be made in consultation with the Academic Program when appropriate.
- Interim exclusion order for parts of, or entire campus; for example, residence halls, classes, or buildings. At CU Denver, Office of Equity may exclude a respondent and inform the Auraria Campus Police Department of this removal.
- Administrative Leave (Decisions to place a non-student employee on administrative leave during the pendency of a Formal Grievance Process are made in consultation with Associate Vice Chancellor for Institutional Equity or designee and Chief Human Resource Officer or designee and appointing/disciplinary authority.
- Temporary suspension of supervisory or evaluative authority for employees in consultation with Associate Vice Chancellor and Chief Human Resource Officer or designee and appointing/disciplinary authority.

Individualized Safety and Risk Analysis

When considering an emergency removal, the Office of Equity will conduct an individualized safety and risk analysis and may consult with other University offices, such as the CARE Team and FaST Team, when conducting the individualized safety and risk analysis. The factors considered in an emergency removal decision include:

- Seriousness of the alleged conduct,
- Location of alleged incident(s),
- The risk that the alleged *respondent* will commit additional acts of sexual or other violence,
- Whether the alleged *respondent* threatened with further sexual or other violence against the alleged *complainant* or others,
- Whether there have been other misconduct complaints about the same alleged *respondent*
- or whether the *respondent* has a known history of sexual or other violence,
- The existence of multiple alleged *complainants* and/or *respondents*,
- Whether the conduct was facilitated by the incapacitation of the *complainant* (through alcohol, drugs, disability, unconsciousness, or other means);
- Whether the alleged conduct was perpetrated with force, violence, or weapons,
- Whether the alleged *complainant* is a minor,
- Whether the alleged conduct reveals a pattern of perpetration (by the alleged *respondent* or group or organization, around a particular recurring event or activity, and/or a particular location); and/or
- Whether any other aggravating circumstances or signs of predatory behavior are present.

Opportunity to Challenge an Emergency Removal Decision

At CU Denver, in the case of an emergency removal, the respondent will be provided with written notice of the alleged Prohibited Conduct and the opportunity to meet, if the respondent chooses, with the Associate Vice Chancellor of the OE/Title IX Coordinator or designee. The Associate Vice Chancellor for Institutional Equity/Title IX Coordinator or designee will ensure that the student is afforded the opportunity to meet within seven (7) calendar days of the notice of emergency removal. This does not preclude additional meetings after the seven (7) calendar days have passed to review the emergency removal.

It is the responsibility of the respondent to schedule the meeting if requested. After providing the respondent with notice of the allegations and an opportunity to be heard, the Associate Vice Chancellor for Institutional Equity/Title IX Coordinator or designee may decide to lift or continue the emergency removal, potentially until the completion of the Formal Investigation. The Associate Vice Chancellor of the Office of Equity/Title IX Coordinator or designee may also determine whether any exceptions may be appropriate. The emergency removal may be re-evaluated during the course of the Formal Grievance Process if new information is presented that mitigates the threat to the health and physical safety of the complainant or campus safety.

At CU Denver, in the case of a recommendation for an emergency exclusion, the Associate Vice Chancellor for Institutional Equity/Title IX Coordinator will provide the Auraria Chief of Police with a written individualized safety and risk analysis and notice of the alleged Prohibited Conduct, which will then be provided to the respondent. The Auraria Chief of Police will ensure that the student or employee is afforded the opportunity to meet and follow their outlined procedures.

In the case of an emergency removal that includes campus exclusion, Procedures outlined in the CU Denver Exclusion of Persons from University Property will be concurrently followed, including the right to a hearing by the Chief of Police or designee within seven (7) calendar days and the right to a written Appeal within thirty (30) calendar days. Please see the Exclusion of Persons from University Property policy for more details.

RESOLUTION PROCEDURES AND OPTIONS

Overview

The University has authority to and will conduct at least a Preliminary Inquiry upon receiving a report or complaint alleging Prohibited Conduct. A Preliminary Inquiry may include, but is not limited to, evaluating whether the report or complaint implicates a policy enforced by the OE, whether the complaint and parties are within the jurisdiction of the OE, and whether the report or complaint presents a safety threat such that the OE must report the concern to law enforcement. After a Preliminary Inquiry is conducted, the OE shall then determine the most appropriate means for addressing the report or complaint. Options include, but are not limited to:

- Preliminary Inquiry: Determining if facts of the complaint or report, even if true, would or would not constitute a violation of the Nondiscrimination Policy. See Section VII(D)(1) below.
- Educational Policy Compliance Remedies: See Section VII(D)(2) below.
- Informal Resolution. See Section VII(D)(3) below.
- Formal Grievance Process. See VII(D)(4) below.
- No Limitation on Existing Authority: Referring the matter to an employee's appointing/disciplinary authority or supervisor. These Procedures do not limit the authority of a disciplinary authority to initiate or impose disciplinary action as necessary.
- Other Referrals: Determining a complaint does not fall within the jurisdiction of the Nondiscrimination Policy and referring the complaint to appropriate office(s) on campus best suited to address the reported concerns.

Preliminary Inquiry

A Preliminary Inquiry may or may not include a written analysis of the facts to determine if the complaint, if true, would or would not constitute a violation of the Nondiscrimination Policy. If it is determined that the facts of the complaint would not constitute a violation of the Nondiscrimination Policy, the OE may decline to pursue the Formal Grievance Process (i.e., further investigation) and the matter will be closed and/or referred to another University process or office. If new evidence or information is provided, the matter will be re-opened.

A Preliminary Inquiry does not usually pause or stop other University processes, such as ongoing disciplinary, conduct, professionalism, or dismissal processes.

Educational Policy Compliance Remedies

The Office of Equity may determine that the most prompt and effective way to address a concern is through an Educational Policy Compliance Meeting. For example, the Office of Equity may resolve a report or complaint through an Educational Policy Compliance Meeting if the alleged conduct, even if true, would not be considered Prohibited Conduct under the Policy.

The primary focus during an Educational Policy Compliance Meeting remains the welfare of the parties and the safety of the campus community, but this process does not involve a written report or a determination as to whether the Policy has been violated. This type of approach provides the University with a "remedies-based" resolution option that allows the university to tailor responses to the unique facts and circumstances of an

incident, particularly in cases where there is not a broader threat to individual or campus safety. In these cases, the Office of Equity may do one or more of the following:

- Provide interim or long-term supportive measures to the complainant and the respondent,
- Provide a referral to other campus-based resolution processes as appropriate based on the specific facts of the complaint,
- Provide targeted or broad-based educational programming or training; and/or
- Conduct an Educational Policy Compliance Meeting with the respondent to (1) discuss the behavior as alleged and provide an opportunity to respond; (2) review Prohibited Conduct under the Sexual Misconduct, Intimate Partner Violence, and Stalking Policy; (3) identify and discuss appropriate future conduct and behavior as well as how to avoid behavior that could be interpreted as retaliatory; (4) inform the complainant of the respondent's responses if appropriate; and (5) notify Student Conduct and Community Standards or the respondent's appointing or disciplinary authority of the allegations and responses if necessary, who will determine whether any other disciplinary action is appropriate.

The Office of Equity retains discretion to conduct an Educational Policy Compliance Meeting. Additionally, the Office of Equity retains discretion to proceed with a Formal Grievance Process for allegations that, if proven true, would violate the Sexual Misconduct Policy. Office of Equity will notify the complainant of the need to end the Educational Policy Compliance Meeting process at any time and to commence or resume a Formal Grievance Process.

Informal Resolution Process

After a Preliminary Inquiry, the Associate Vice Chancellor of the Office of Equity, or designee, may initiate the Informal Resolution Process instead of the Formal Grievance Process. The Informal Resolution Process is designed to resolve complaints while meeting the needs and interests of the parties. The Informal Resolution Process is entirely voluntary and will not occur unless the complainant and respondent agree in writing to participate. A complainant or the Title IX Coordinator or designee must file a document alleging a violation of misconduct under the Sexual Misconduct Policy against the respondent for the University to initiate the Informal Resolution Process. The Formal Complaint must contain the complainant's or the Title IX Coordinator or designee's physical or digital signature. The Formal Complaint form is available upon request.

The Informal Resolution Process may not be facilitated by the investigator of the Formal Complaint within the Formal Grievance Process and new information provided by the parties during the Informal Resolution Process will not be used if the complaint is referred back to the Formal Grievance Process. The Associate Vice Chancellor for Institutional Equity or designee will oversee the Informal Resolution process, conduct an initial and on-going assessment as to whether the Informal Resolution Process should continue, and make the final determination on all Informal Resolutions facilitated by the Office of Equity regarding whether the terms agreed to by the complainant and respondent are appropriate in light of all of the circumstances of the complaint.

In some circumstances, depending on the nature and/or severity of the allegations, an Informal Resolution may not be appropriate, and the Associate Vice Chancellor for Institutional Equity or designee will not approve an Informal Resolution. The Informal Resolution Process is not available when a complaint alleges that a university employee sexually harassed a student.

Notice of Agreement to Engage in Informal Resolution

Prior to engaging in an Informal Resolution Process, the campus will obtain the complainant's and respondent's voluntary, written consent. For employee respondents, their appointing/disciplinary authority must also provide their voluntary, written consent.

Parties who choose to participate in the voluntary Informal Resolution Process will be sent a Notice of Agreement to Engage in Informal Resolution. The Notice will include the following:

- The allegations,
- The requirements of the Informal Resolution Process including the circumstances under which it precludes the parties from resuming a Formal Grievance Process arising from the same allegations, provided however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the Informal Resolution Process and resume the Formal Grievance Process,
- Any consequences resulting from participating in the Informal Resolution Process, including the records that will be maintained or could be shared,
- The parties' right to consult with an advisor,
- That any resolution must be in writing and signed by both parties and the Associate Vice Chancellor for Institutional Equity or designee; and
- Once the Informal Resolution process is finalized, neither party is permitted to file another complaint arising from the same allegations.

Timeframe

The Informal Resolution Process may take place at any time before a determination of responsibility is made, but typically within 90 days after both parties provide voluntary, written consent to participate in the Informal Resolution Process, unless the parties and the Associate Vice Chancellor for Institutional Equity or designee agree to an extension.

Informal Resolution Options

The Informal Resolution Process may include:

- Mediation,
- Restorative Justice (when available),
- Separating the parties,
- Safety and supportive measures,
- Referring the parties to counseling,
- Disciplinary sanctions,
- Conducting targeted preventive educational and training programs; or
- Conducting a follow-up review to ensure that the resolution has been implemented effectively.

Effect of Informal Resolution

Any agreed-upon remedies and disciplinary sanctions agreed to in an Informal Resolution have the same effect as Remedies given and sanctions imposed following an investigation or hearing.

Final Written Agreement

The terms of any Informal Resolution must be in writing and signed by the parties, any appropriate appointing/disciplinary authorities, and the Associate Vice Chancellor for Institutional Equity or designee. Use of electronic signatures is permitted. A signed agreement to an Informal Resolution is enforceable, final, and is not appealable by either Party.

Formal Grievance Process

An individual (referred to as the complainant) or Title IX Coordinator or designee must file a Formal Complaint document alleging a violation of misconduct under the Policy against an individual (referred to as the respondent) for the university to initiate a formal grievance. The Formal Complaint must contain the complainant's or Title IX Coordinator's physical or digital signature. The Formal Complaint form is available from the Office of Equity. A complainant who reports allegations of misconduct with or without filing a Formal Complaint may receive supportive measures.

Who May File a Formal Complaint?

To initiate the grievance process under the policy, either the complainant or the Title IX Coordinator or designee must file and sign a formal complaint.

- **Title IX Sexual Misconduct:** To file a formal complaint, a complainant must be participating in or attempting to participate in the university's education program or activity. "Attempting to participate" can include a complainant who (1) is applying for admission or employment; (2) has graduated from one program but intends to apply to another program and/or intends to remain involved with the university's alumni programs or activities; or (3) has left school because of Sexual Misconduct but expresses a desire to re-enroll. A complainant who is on a "leave of absence" may also be participating or attempting to participate in a university education program or activity.
- **Sexual Misconduct:** To file a formal complaint, a complainant may or may not be a member of the university community who alleges to be a victim of conduct that would violate the policy. Complainants are encouraged to meet with an investigator(s) prior to filing a formal complaint but are not required to do so.

Evaluation of a Formal Complaint

Once a formal complaint has been filed, the Title IX Coordinator or designee will evaluate whether the conduct alleged in the formal complaint, if proved, would constitute a violation of the policy. If additional information is needed to evaluate jurisdiction, the Title IX Coordinator or designee will make reasonable efforts to obtain that information.

The Title IX Coordinator or designee will notify the complainant if additional time is needed to consider the complaint, such as when gathering additional information is necessary to determine whether dismissal is appropriate.

The Office of Equity may, but is not required to, dismiss a formal complaint at any time during the investigation if the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein, if the respondent is no longer enrolled or employed at the university, or if specific circumstances prevent the university from gathering evidence sufficient to reach a determination as to the formal complaint or the allegations therein (discretionary dismissal).

1. Title IX Sexual Misconduct: The Title IX Coordinator or designee must dismiss a formal complaint, subject to appeal, if the alleged conduct would not constitute Title IX Sexual Misconduct or the university lacks jurisdiction under the requirements of Title IX. If the Title IX Coordinator or designee dismisses a formal complaint pursuant to these Procedures, the Title IX Coordinator or designee will consider whether the conduct alleged in the formal complaint violates other provisions of the Policy and any other university or campus policies, procedures, or conduct codes.
2. Sexual Misconduct: The Title IX Coordinator or designee must dismiss a formal complaint, subject to appeal, if the alleged conduct would not constitute Sexual Misconduct or the university lacks jurisdiction to pursue the matter. If the Title IX Coordinator or designee dismisses a formal complaint pursuant to these Procedures, the Title IX Coordinator or designee will consider whether the conduct alleged in the formal complaint constitutes a violation of any other university or campus policies, procedures, or conduct codes.

If the alleged conduct would not violate the Policy, the Title IX Coordinator or designee will dismiss the formal complaint with regard to that conduct (mandatory dismissal).

The Title IX Coordinator or designee will notify both the complainant and the respondent of the complaint either by issuing a Notice of Allegations and Investigation, or a Notice of Complaint and Dismissal, which will include a summary of the allegations reported and an explanation as to the reason for the dismissal from the Formal Grievance Process.

Appeal of Dismissal of Formal Complaint

If a formal complaint is dismissed, either party may appeal. To file an appeal of the dismissal, the complainant or respondent must submit the written appeal to the Title IX Coordinator or designee within seven (7) calendar days of the Notice of Complaint and Dismissal. The appeal must include an explanation as to why the alleged misconduct, if true, would violate the Policy and why the formal complaint should not be dismissed.

An administrator within the Office of Equity, separate from the Title IX Coordinator or decision-maker for the initial dismissal, will consider the appeal and issue a determination in writing to both parties either upholding the appeal or overturning the dismissal within seven (7) calendar days.

Notice of Allegations and Investigation

If a formal investigation is conducted, the respondent and complainant shall receive a Notice of Allegations and Investigation. The written notice may be sent to the respondent and complainant by email or via U.S. mail to the permanent address appearing in the university's information system or the address appearing in a police report, or may be physically delivered. Notice will be considered furnished on the date of physical delivery or on the date emailed. For employee respondents, the employee's supervisory up-line may receive a copy of the written Notice of Allegations and Investigation. This may include the Chancellor and the employee's appointing/disciplinary authority, as well as Human Resources.

The Office of Equity requests that the respondent contact the investigator(s) within seven (7) calendar days of the issuance of the notice to schedule a meeting.

If, in the course of an investigation, a complainant alleges additional violations or the Title IX Coordinator or designee decides to investigate additional allegations about the complainant or respondent that are not included in the initial Notice of Allegations, the Office of Equity will issue an Amended Notice of Allegations to both parties.

The Notice of Allegations and Investigation (and any Amended Notices of Allegations and Investigation) will include:

- The identity of the parties involved in the incident,
- The specific section(s) of the Policy allegedly violated,
- The conduct allegedly constituting Prohibited Conduct,
- The date and location of the alleged incident, to the extent known and available,
- Information about the university's grievance process,
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process,
- Information about the provisions that prohibit knowingly making false statements or knowingly submitting false information during the grievance process,
- Information that the parties have equal opportunity to inspect and review evidence; and
- Information that the complainant and respondent may have an advisor of their choice, including an attorney. The advisor may not engage in any conduct that would constitute harassment or retaliation against any person who has participated in an investigation and may be denied further participation for harassing or retaliatory conduct.

The Notice of Allegations and Investigation may also include information concerning any interim protective measures, which may include no-contact orders or location or campus exclusions, as well as other supportive measures.

Investigative Process

General Investigation Process

The Office of Equity's grievance process and Procedures provide for equitable resolution of any formal complaint of Prohibited Conduct within an average of 90 days, except that such time frame may be extended for good cause with prior written notice to the complainant and respondent of the delay and reason for the delay. The Office of Equity will also provide the complainant and respondent with regular written updates on the status of the investigation throughout the process until its conclusion.

A formal grievance process includes four major stages:

- filing and evaluation of the formal complaint,
- investigation, investigative report,
- hearing and determination regarding responsibility (including sanctions, if applicable), and
- appeal, if applicable and described below.

Formal Investigative Process

The formal Investigative process is the procedure the Office of Equity uses to investigate allegations of Prohibited Conduct and to determine whether an individual more likely than not engaged in conduct that violates the Policy.

Individuals found responsible for violating the Policy are subject to sanction, up to and including expulsion or termination of employment.

Information Gathering During Investigation

After the Notice of Allegations and Investigation has been issued to the parties, the Office of Equity's investigator(s) will seek to obtain all available evidence directly related to the allegations at issue.

During the course of the investigation, investigator(s) interview the complainant(s), respondent(s), and witness(es) separately.

The parties and witnesses may have an advisor of their choosing, including an attorney, advocate, or other person, to provide support and advice throughout the formal grievance process, including but not limited to being present for any meetings with the Office of Equity personnel. The advisor is not authorized to participate instead of the complainant or respondent. The advisor may not engage in any conduct that is disruptive to the meeting or interview, or that would constitute harassment or retaliation against any person who has participated in an investigation. Advisors may be denied further participation for harassing or retaliatory conduct.

The complainant, respondent, and witnesses are expected to respond to the investigator(s) request to schedule an interview or to provide other evidentiary materials within a timely manner, generally within seven (7) calendar days of the investigator's request. If a party or witness fails to respond within a reasonable time, the investigator may continue the investigation without the benefit of information the party or witness might have provided.

The Office of Equity will provide, to a complainant, respondent, or witness whose participation is invited or expected, with a written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

Parties may suggest questions to be posed by the investigator(s) during interviews with other parties and/or witnesses during the course of the investigation. The investigator(s) may decline to ask a question when the question is not reasonably calculated to lead to the discovery of probative evidence, when the probative value is outweighed by the danger of unfair prejudice, or in consideration of undue delay or needless presentation of cumulative evidence. Questions about a complainant's prior sexual history are normally not probative and will be asked only when directly relevant to the incident where the alleged Prohibited Conduct occurred.

The university, and not the parties, holds both the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility for Prohibited Conduct.

Both parties may present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. Neither party is restricted from discussing the allegation under investigation or from gathering or presenting relevant evidence. The Office of Equity will also contact individuals who may have potentially relevant information related to allegations under investigation even if these individuals are not proposed by the parties.

The Office of Equity will not use any party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the university obtains that party's voluntary, written consent to do so for a grievance process.

The investigator(s) will prepare a written summary of each interview taken to include complainant(s), respondent(s), and witness(es). The investigator will send the summarized interview to the individual party or witness for a review of accuracy. Unless the complainant(s), respondent(s), and witness(es) requests additional time, the summarized interview will be deemed accurate if the party or witness does not provide feedback on the statement within two days of the investigator emailing it to the party or witness.

Information may be developed during the course of the investigation that indicates additional Policy violations to those initially identified in the Notice of Allegations and Investigation. In such circumstances, the investigator shall review such additional potential violations with the Title IX Coordinator or designee, who shall assess whether reasonable cause exists to believe the respondent engaged in the newly discovered Prohibited Conduct. If so, the Title IX Coordinator or designee shall send a written Amended Notice of Investigation which includes relevant additional information.

Preliminary and Final Investigation Reports may be submitted to the Office of University Counsel to review for legal sufficiency.

Preliminary Investigative Report

When the investigator determines that the investigation is reasonably complete, the investigator will prepare a preliminary investigation report that includes the directly related evidence. The investigator will also prepare the full investigative file that includes the evidence. The evidence subject to inspection and review in an electronic or a hard copy, along with the preliminary investigation report will be available for review by the complainant(s), the respondent(s), and each party's advisor. The preliminary investigation report will include:

- A description of the allegations
- Procedural history and jurisdiction
- Factual agreements and disputes
- Summaries of the interviews conducted
- Summaries of other relevant evidence and information
- A list of all relevant Exhibits
- Witness identities via witness name key

The full investigative report will include:

- Interview notes and summaries
- Documentary evidence
- Email communication relevant to the investigation

The complainant(s) and respondent(s) will have the opportunity to respond to the information in the preliminary investigation report with further information, but only as it pertains to factual disputes or clarifying information they provided. Parties are unable to change the information provided by other parties or witnesses; rather, they may respond to the information. If either the complainant(s) or respondent(s) are reminded of further evidence they have, they may provide this to the investigator(s). Additionally, the parties may:

- Provide any additional information that they believe is relevant to the investigation or to seek clarification from the investigator on aspects of the draft investigation report,
- Identify any new witnesses who should be interviewed (including a description of what topics/issues the witness should be asked to address and why this is necessary for the investigation),

- Identify any additional evidentiary materials that should be collected and reviewed to the extent that such items are reasonably available (e.g., text messages, social media postings, etc.), understanding that the investigator lacks the power to subpoena evidence; and,
- Identify any information that they believe was inappropriately included or excluded in the draft report.

While the university will not restrict the ability of the parties to discuss the allegations or gather evidence, the university will seek to ensure that the parties and their respective advisors, advocates, or support persons as applicable maintain the privacy of disclosed information, particularly in electronic and/or hard copy format. Parties receiving such private information should only distribute it to those individuals with a legitimate need to know. The university will continue to enforce prohibitions against harassment and retaliation.

The parties will have at least seven (7) calendar days to submit a written response to the preliminary investigation report to the investigator(s). The investigator(s) will consider the parties' responses, if any, prior to completing the final investigative report.

Where the investigator(s) receives information that warrants further investigation or review, the investigator(s) may extend the investigation in order to collect additional information. If an investigation is extended for this purpose, the parties will be notified in writing. Following such an extended investigation, the investigator(s) will issue an amended preliminary investigation report to include newly gathered information being considered.

The decision to extend the investigation shall be at the discretion of the investigator(s) and made in consultation with the Title IX Coordinator or designee.

Extension Request – Response to Preliminary Investigation Report

Should a complainant or respondent, intending to provide a response to the preliminary investigation report, believe they do not have adequate time to prepare their written response, a written request for extension of time may be submitted to the investigator(s). The request must be submitted within the seven (7) calendar day deadline for responding to the preliminary investigation report and should include the rationale for requesting the extension along with the proposed date by which all response documents will be submitted. Requests for extension of time will be considered on their merits and will not automatically be granted. When an extension is granted, other parties will be notified and provided the same extension, if granted.

Requests to Inspect the Investigative File

Requests to inspect directly related information gathered by the investigator(s) can be made at any time during the investigative process. The opportunity to inspect the investigative file will be provided equally to both parties. Requests must be made in advance and in writing (via email) to the investigator(s). The investigator(s) will arrange for the viewing of information contained in the file within a reasonable amount of time following receipt of such a request. Access to information contained in the investigative file shall be made available in person or via electronic means.

Final Investigation Report

After the preliminary investigation report has been reviewed by the parties and following the completion of any additional investigation if applicable, the investigator(s) will incorporate any responses to the preliminary investigation report to create the final investigation report. This report will fairly summarize relevant evidence without reaching any findings of fact or conclusions.

The final investigation report will be provided to each party and their advisor and shared with the Title IX Coordinator and Hearing Officer at least seven (7) calendar days prior to the hearing for the parties' review and written response.

The parties will have at least seven (7) calendar days to submit a written response to the final investigation report to the investigator(s). The written response will be provided to the Hearing Officer for the purpose of the live hearing and there is no opportunity to provide additional written responses.

Hearing and Determination Regarding Responsibility

A trained Hearing Officer will preside over a live hearing. Nothing precludes the Office of Equity from utilizing a single decision-maker (Hearing Officer) or a panel of decision-makers (including the Hearing Officer) for the hearing and determining responsibility.

Each party may bring one advisor of their choosing to the live hearing to conduct cross examination, with prior notice to the Office of Equity that the advisor will attend and the advisor's name. The Office of Equity will inform both parties of the identity of the other party's advisor. If a party does not have an advisor present at the live hearing, the Office of Equity will provide that party an advisor, without fee or cost.

Upon notice that a party needs an advisor, the Office of Equity will endeavor to assign an advisor at least seven (7) calendar days prior to the scheduled pre-hearing conference so the advisor may prepare. The advisor provided by the Office of Equity to conduct cross-examination on behalf of that party may be, but is not required to be, an attorney.

Live hearings will be conducted virtually, with parties (and their respective advisors) located in separate locations. Technology will enable the Hearing Officer or panel of decision-makers and parties to simultaneously see and hear the party or witnesses answering questions. Hearings are closed to the public.

The Hearing Officer must create an audio or audiovisual recording, or transcript, of any live hearing and the university must make it available to the parties for inspection and review.

Pre-Hearing Conference

To effectuate an orderly, fair, and respectful hearing, the Hearing Officer will convene a prehearing conference with each party and party's advisor to plan for the hearing. Attendance is required, at minimum, by each party's advisor. The parties will be provided with the name(s) of the Hearing Officer and panelists, if applicable, prior to the pre-hearing conference.

Prior to the pre-hearing conference, the parties will provide the Hearing Officer with a list of witnesses they may call and evidence they may use during the hearing.

At the pre-hearing conference, the Hearing Officer and the advisors will discuss, at minimum, the following topics:

- Identification of each party's advisor who will be attending the live hearing,
- The procedures to be followed at the hearing,
- Identification of witnesses who will appear at the hearing; and
- Identification of exhibits that will be presented for the cross-examination process.

Hearing Decorum

The Hearing Officer is responsible for maintaining orderly, fair, and respectful hearing. The Hearing Officer will direct the order of the proceedings and may engage in direct questioning of parties and witnesses during the hearing.

The Hearing Officer has broad discretion and authority to respond to disruptive or harassing behaviors, including adjourning the hearing or excluding the offending individual. The following rules apply:

- Advisors must be respectful of all participants and the hearing process. Abusive, intimidating, and harassing conduct will not be tolerated.
- Advisors may only make objections to questions on the grounds of relevance or to assert a privilege. Advisors must signal for the Hearing Officer's attention, calmly state their objection, and wait for a determination.
- Repetitive or redundant questioning may be deemed both lacking in relevancy and harassing.
- Should an advisor need to confer with their party, they may request that the Hearing Officer grant them a recess. A mid-hearing conferral may not exceed 10 minutes. Every effort should be made to conduct conferrals privately and to not be overly disruptive.
- Parties and advisors may not create audio or audiovisual recordings of the hearing.
- Advisors and parties must acknowledge the rules of decorum in advance of a hearing, including an acknowledgement that failure to abide by the rules may result in adjournment of the hearing and a postponement until the party whose advisor failed to abide by the rules may secure a new advisor.

Cross-Examination Procedure

At the live hearing, the Hearing Officer must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Each party's advisor must ask questions directly, orally, and in real time. A party's advisor may only ask a party or witness relevant questions.

A relevant question seeks information that has any tendency to make the existence of any fact that is of consequence to the determination of the action more probable or less probable than it would be without the information sought in the question.

Before a complainant, respondent, or witness answers a cross-examination or other question, the Hearing Officer must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Submission to Cross-Examination

Any individual (complainant, respondent, or witnesses) may choose not to participate in the live cross-examination hearing. If a complainant or respondent declines to submit to cross-examination, the party's advisor may still ask questions on their behalf. The Hearing Officer cannot draw an inference

about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions. The Hearing Officer may consider any relevant prior statement of a party or witness, whether or not they submit to cross-examination at the live hearing. The Hearing Officer may decide how much weight to give the prior statements, considering all the evidence in the case and the issues to be decided.

Determination Regarding Responsibility

Consistent with the standard of proof in other conduct proceedings, the Hearing Officer and panelists, if applicable, must apply the preponderance of the evidence standard when making findings and conclusions as to whether the Sexual Misconduct Policy violations have occurred. A preponderance of the evidence exists when the totality of the evidence demonstrates that an allegation of Prohibited Conduct is more probably true than not. If the evidence weighs so evenly that the Hearing Officer and panelists, if applicable, are unable to say that there is preponderance on either side, the Hearing Officer and panelists, if applicable, must determine that there is insufficient evidence to conclude there has been a violation of the Sexual Misconduct Policy.

In applying the preponderance of the evidence standard, the Hearing Officer and panelists, if applicable, may consider both direct and circumstantial evidence. The Hearing Officer and panelists, if applicable, may determine the credibility of parties and witnesses and the weight to be given their statements, taking into consideration their means of knowledge, strength of memory and opportunities for observation, the reasonableness or unreasonableness of their statements, the consistency or lack of consistency of their statements, their motives, whether their statements are contradicted or supported by other evidence, any evidence of bias, prejudice or conflict of interest, and the person's manner and demeanor when providing statements.

It is the responsibility of the Hearing Officer, not the parties or the investigators, to make a determination based on the totality of the available information to determine whether or not the preponderance of the evidence has been met. Neither party bears a burden of proof. The ultimate determination of factual findings and responsibility rests with the Hearing Officer after full consideration of all available evidence.

The Hearing Officer must issue a written determination regarding responsibility that will be sent to the Office of Equity. The written determination regarding responsibility may be submitted to the Office of University Counsel to review for legal sufficiency prior to being issued to the parties.

The written determination must include:

- Identification of the allegations potentially constituting Prohibited Conduct.
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held.
- Findings of fact supporting the determination.
- Conclusions regarding the application of the Sexual Misconduct Policy to the facts.
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided by the university to the complainant; and
- The university's procedures and permissible bases for the complainant and respondent to appeal.

In cases resulting in no Sexual Misconduct Policy violation, the Office of Equity will provide the written determination to the parties simultaneously after it is prepared by the Hearing Officer. Both parties have the opportunity to appeal the written determination regarding responsibility.

In cases resulting in a Sexual Misconduct Policy violation, prior to the issuance of the written determination to the parties, the Hearing Officer will refer the matter to the appropriate sanctioning authorities (for either a student or employee respondent) for a disciplinary sanction to be determined. After the sanction has been incorporated into the written determination regarding responsibility, the Office of Equity will provide the written determination and sanction to the parties simultaneously. Both parties have the opportunity to appeal the written determination, including the sanction, if applicable.

If the respondent is a student employee and the alleged misconduct occurs outside the employment capacity, the Office of Equity may determine that the respondent's supervisory up line has a legitimate need to know information related to the grievance process.

The determination regarding responsibility becomes final either on the date that the university provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Office of Equity will also provide any applicable notices to the complainant following the conclusion of any subsequent corrective or disciplinary action pursuant to the State Personnel Board Rules for respondents who are classified employees and the Professional Rights and Duties procedure and Privilege and Tenure process for respondents who are faculty.

In the event that no Sexual Misconduct Policy violation is found, there is no preclusion of discipline for other student or employee misconduct under applicable university policies, procedures, or codes of conduct.

Opportunity for Optional Impact Statement

Following the hearing, but prior to the issuance of the determination regarding responsibility, both parties will be separately invited by the Title IX Coordinator or designee to submit an optional impact statement for the sanctioning decision maker(s) to consider regarding the incident(s) under investigation. This opportunity will be made available to both parties regardless of whether either party participated in the live cross-examination process. The Title IX Coordinator will review any submitted information and include it in the case file but will not share this information with the Hearing Officer as it does not have any bearing on the factual findings. Optional impact statements will only be shared with the sanctioning decision maker(s) if the Hearing Officer determines that a policy violation has occurred so that the sanctioning decision maker(s) may consider it in making the sanctioning determination.

The optional impact statement should contain information about the factors considered in sanctioning. The optional impact statement may include reasons why the sanction should be increased (aggravating circumstances) or decreased (mitigating circumstances).

Sanctioning Process for Student Respondents

In cases where the Formal Grievance Process results in a determination that a student respondent is responsible for a Sexual Misconduct Policy violation, the matter will be referred, with the written determination (prior to the inclusion of the sanction), to the Sanctioning Board prior to the issuance of a final written determination.

Student Sanctioning Board

The Sanctioning Board is composed of three (3) members who are collectively authorized to impose sanctions for student respondents and to remedy the effects of discrimination and/or harassment. The Board shall decide sanctions and/or remedies by unanimous decision and simultaneously notify the complainant and the respondent of any sanctions and/or remedies. A representative from the Office of Equity is a member and the Chair of the Sanctioning Board for student respondents and will appoint two additional University employees who are not affiliated with the Office of Equity and do not have a conflict of interest to serve on the Sanctioning Board. For cases involving CU Denver student respondents, one member will be appointed by the Dean or designee from the CU Denver school or college that the respondent attends and the other member will be a CU Denver employee. University employees who serve on the Sanctioning Board will have received appropriate training regarding the Applicable Policies and factors pertinent to the sanctioning decision.

Factors Considered in Sanctioning

The Sanctioning Board members conduct an individualized review, including a review of the Hearing Officer's written Determination Regarding Responsibility, similarly situated cases, assessment of the factors below, and may review the entire file and consult as necessary with Office of Equity staff, Student Conduct and Community Standards, or any other University staff as needed in making a sanctioning determination.

Factors pertinent to a sanctioning decision may include, as applicable:

- Severity and/or pervasiveness of conduct and whether it escalated during the incident.
- The impact of separating a student from their education.
- Whether the complainant was incapacitated at the time of the conduct.
- Relationship between the parties, including degree of control of one party over another.
- Whether there was force/violence, weapons, or threats of force/violence.
- Any prior history of related criminal, conduct, or policy violations; including but not limited to the University Code of Conduct and any active disciplinary sanctions in place at time of the conduct.
- Impact of incident on complainants.
- Acceptance of responsibility by respondent.
- On-going safety risk to complainant or community.

Possible Sanctions

Sanctions may include one or more of the following:

- **Warning/Written Reprimand:** A warning/written reprimand is a written statement from the Board or designee that the behavior was inappropriate and that more serious action will be taken should subsequent infractions occur.
- **Educational Sanctions:** The student may be required to attend a class, evaluation, or program (e.g., alcohol or anger management classes or training on sexual misconduct or protected-class discrimination and harassment). This is not an exhaustive list but should serve as a reference for the types of educational sanctions that may be imposed.
- **Meeting with the Associate Vice Chancellor for Institutional Equity or designee:** The student may be required to meet with a university official to review the terms of the sanction and ensure compliance prior to eligibility to apply for readmission, as applicable.
- **Residence Hall Reassignment:** A student who resides in a residence hall is assigned to a different residence hall room or floor.

- **Residence Hall Termination:** A student's residence hall agreement is terminated through the Office of Equity process, and the student is prohibited from residing in any university residence on either a permanent or temporary basis. Specific exclusion from the residence halls may also be imposed.
- **Probation:** A student is placed on probation. Probation lasts for a specific period of time and is implemented by semesters. Any violation of university policies or the conditions of probation committed during the probationary period will result in further disciplinary action.
- **Restriction or Denial of University Services:** The student is restricted from using or is denied specified university services, including participation in university activities.
- **Suspension:** The student is required to leave the university for a specific period of time. A suspension notation appears on the student's transcript until the period of suspension has expired and all other sanctions are complete. The student is required to apply for readmission to the university after their suspension period. Suspension from the University includes an exclusion from university property during the period of suspension. A suspension decision results in the student being suspended from all campuses of the University of Colorado system.
- **Exclusion:** The student is denied access to all or a portion of university property. When a student is excluded from university property, that student may be permitted on university property for limited periods and specific activities with the permission of the Associate Vice Chancellor for Institutional Equity or designee. Should the student enter university property without permission, the police may charge the student with Trespass and the student may be charged with additional policy violations. For Student Sanctioning Boards making recommendations for CU Denver respondents, recommendations for exclusions will be made to the Chief of Police, who makes the final determination regarding exclusions.
- **Expulsion:** The student is required to permanently leave the University. A notation of expulsion remains permanently on the student's transcript. Expulsion from the University typically includes an automatic exclusion from University of Colorado property. However, for Student Sanctioning Boards making recommendations for CU Denver respondents, an exclusion recommendation shall be made to the Chief of Police, who makes the final determination regarding exclusions. An expulsion decision at CU Denver results in the student being expelled from all campuses in the University of Colorado.
- **Disciplinary Hold:** A disciplinary hold shall be placed on a student's record if they are suspended as the outcome for Institutional Equity proceedings. A disciplinary hold is honored by all University of Colorado campuses and prohibits a student from being admitted to any of the campuses and from registering for classes until the suspension period is over and the student has reapplied and has been re-admitted. A disciplinary hold may also be placed if a student fails to complete assigned sanctions, which has the same impact on a student's records and registration as described above. The disciplinary hold will not be removed until all sanctions are completed.
- **Additional Sanctions:** The Board has the discretion to impose any additional sanctions that may be warranted and appropriate given the circumstances of the case.

Sanctioning Process for Employee Respondents

In cases where the Formal Grievance Process results in a determination that an employee respondent is responsible for a Sexual Misconduct Policy violation or acted inappropriately or unprofessionally, the matter will be referred, with a written determination (prior to the inclusion of the sanction), to the appointing/disciplinary authority. If the respondent is a student employee and the alleged misconduct occurs outside the employment capacity, the Office of Equity may determine that the respondent's supervisory up line has a legitimate need to know information related to the case resolution.

Any applicable sanctioning meeting pursuant to these Resolution Procedures does not replace any additional meetings that may be required under other applicable personnel processes (e.g., State Personnel Board Rules for classified employees; Professional Rights and Duties procedure and Privilege and Tenure process for faculty).

Office of Equity's Formal Recommendation to Disciplinary Authority

The Associate Vice Chancellor for Institutional Equity or designee will provide a formal recommendation to the appointing/disciplinary authority as to applicable sanctions. A formal recommendation will be consistent with the factors set forth below.

Factors Considered in Sanctioning

Factors pertinent to a sanctioning decision may include, as applicable:

- Severity and/or pervasiveness of conduct and whether it escalated during the incident.
- Whether the complainant was incapacitated at the time of the conduct.
- Relationship between the parties, including degree of control of one party over another.
- Whether there was force/violence, weapons, or threats of force/violence.
- Any prior history of related criminal, conduct, or policy violations; including but not limited to the University Code of Conduct and any active disciplinary sanctions in place at time of the conduct.
- Impact of incident on complainants.
- Acceptance of responsibility by respondent; and
- On-going safety risk to complainant or community

Sanction Required

In order to remediate the effects of Prohibited Conduct, the appointing/disciplinary authority will impose sanctions. Sanctions for classified staff in the written determination may include either a corrective action or a notice of disciplinary action, issued pursuant to the State Personnel Rules.

The appointing/disciplinary authority will determine the type of sanctions in consultation with the Chief Human Resources Officer or designee, the Associate Vice Chancellor of Office of Equity or designee, and any other administrative staff with a need to know.

The appointing/disciplinary authority may have access to the formal grievance process records and may consult with the adjudicative staff in order to determine action.

The Title IX Coordinator or designee will notify the hearing facilitators of the determined sanctions so that the facilitators can include the sanction within the written determination.

Potential sanctions include:

- Letter of Expectation/Reprimand: A warning/written letter of expectation or reprimand is a statement from the disciplinary authority that the behavior was inappropriate and that more serious disciplinary action will be taken should subsequent infractions occur.
- Mandatory Training: The employee may be required to attend a training, class, or program as relevant to the misconduct.

- **Demotion:** The employee is demoted from their current position.
- **Job Duty Modifications:** The disciplinary authority may modify the employment responsibilities of the employee.
- **Reduction in Salary/Ineligibility for Merit Increases:** The employee's salary is reduced either permanently or temporarily, or the employee is not eligible for merit increases either permanently or temporarily.
- **Ineligibility for Rehire:** The employee is no longer eligible for employment at the university.
- **Exclusion:** The employee is denied access to all or a portion of university property. When an employee is excluded from university property, that employee may be permitted on university property for limited periods and specific activities with the permission of the university official or designee who imposed the exclusion. Should the employee enter university property without permission, police may charge the employee with Trespass and the employee may be charged with additional policy violations.
- **Termination of Employment Contract or Termination of Employment:** Pursuant to applicable laws and policies specific to the employee's status, the disciplinary authority recommends or terminates employment.
- **Additional Sanctions:** The disciplinary authority has the discretion to impose any additional sanctions that may be warranted and appropriate given the circumstances of the case.

Appeals

Either the complainant or respondent may file a written appeal of the determination regarding responsibility. All appeals must be made in accordance with the Procedures outlined in this section.

Basis for appeal of a determination regarding responsibility:

- To determine whether there were procedural irregularities that affected the outcome of the matter.
- If new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter.
- The Title IX Coordinator, investigators, or Hearing Officer, and panelists, if applicable, had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

In the appeal, both parties must have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision-maker(s) for the appeal (Appeal Board) may not be the same Hearing Officer that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator. All Appeal Board members must be trained.

The Appeal Board will issue a written decision describing the result of the appeal and the rationale for the result. The appeal decision must be provided simultaneously to both parties.

How to File an Appeal and Timeframe

Appeals must be submitted in writing to the Title IX Coordinator or designee within seven (7) calendar days after the determination regarding responsibility is issued. The appeal should indicate the specific basis for the appeal (see above), supporting arguments and documentation, and any other relevant information the appealing party wishes to include. The appealing party should be aware that all appeals are documentary reviews, and no interviews are conducted. Generally, appeals are determined solely on the merits of the documents submitted.

Appeal documents therefore should be as complete and succinct as possible. All sanctions imposed in the case will not go into effect until either the deadline for filing an appeal passes and no appeal is filed or, if a timely appeal is filed, the appeal is decided, whichever comes first.

The appealing party may not present any new evidence unless the party can demonstrate that it could not, with reasonable diligence, have been discovered or produced during the course of the investigation.

Extension Request

Should an appealing party, intending to provide a response to the preliminary investigation report, believe they do not have adequate time to prepare their written response, a written request for extension of time may be submitted to the Title IX Coordinator or designee. The request must be submitted within the seven (7) calendar day deadline for responding to the appeal and should include the rationale for requesting the extension along with the proposed date by which all response documents will be submitted. Requests for extension of time will be considered on their merits and will not automatically be granted. When an extension is granted, other parties will be notified and provided the same extension, if granted.

Appeal Process and Appeal Board

The Title IX Coordinator or designee will notify the other party to the original complaint (complainant or respondent) in writing, and the party will be provided seven (7) calendar days to respond in writing to the appeal. The response should be sent to the Title IX Coordinator or designee. Neither party is required to respond to an appeal. Not responding to an appeal does not imply agreement with the appeal.

After the submission of all documentation related to the appeal, or the passage of the five-day deadline for response has passed, the Title IX Coordinator or designee will appoint university employees (who may include staff from the CU Boulder and Colorado Springs campuses) who are not otherwise affiliated with the Office of Equity at CU Denver to serve on the Appeal Board.

Appeal Decision

Upon review of the appeal, the Appeal Board may:

- Uphold the initial decision in its entirety,
- Direct that there be reconsideration by the Hearing Officer (or a new Hearing Officer) based on the existing evidence; or
- Direct that there be re-investigation (by the same or different investigators) followed by a second live cross-examination hearing process conducted in accordance with the process outlined above.

The Board members shall not make new findings of fact. The Board shall review all documentation submitted, make the final decision upon appeal, and concurrently provide the parties with a written Notice of Appeal Decision within fourteen (14) calendar days of its receipt of all final documentation. This deadline may be extended upon good cause by the Board and upon notification to the parties.

CU Denver will disclose the results of any disciplinary proceeding to both parties, including the reporting party (i.e., complainant) and the accused party (i.e., respondent).

THE PHOENIX CENTER AT AURARIA

What is the Phoenix Center at Auraria?

The Phoenix Center at Auraria (PCA) is a tri-institutional office that serves students, faculty, staff from CU Denver, MSU Denver, and the Community College of Denver, and residents affiliated with the campus who are experiencing or have experienced interpersonal violence. Interpersonal violence (IPV) includes relationship violence, family violence, sexual violence (including childhood sexual abuse), and stalking and harassment. The PCA trains and maintains a team of confidential advocates pursuant to CRS § 13-90-107(k). This means that the advocates working for the PCA are legally prohibited from sharing information shared with them by a survivor seeking support, except in cases of elder abuse and neglect and/or an imminent risk of harm to self or others.

The mission of the PCA is to implement campus response services, provide education, and facilitate dialogue related to interpersonal violence in the Auraria community.

Where is the Phoenix Center at Auraria?

The PCA is conveniently located in the Tivoli Student Union, Room 227. They offer appointments in person and via Zoom video conferencing. The office is open Monday-Friday from 8:00 am-5:00 pm. The PCA operates during most breaks including summer, winter, spring, and fall break. When not physically open, you can reach a trained advocate 24/7 through our free and confidential helpline, managed through the PCA at 303-556-2255.

Victim/Survivor Rights, Options and Assistance

When a student, faculty, or staff member reports they have experienced sexual misconduct (dating violence, domestic violence, sexual assault, and stalking), whether it occurred on or off-campus, the university shall provide them with written notification of the following:

1. Reporting rights and options, including to whom and how they should report an alleged offense, including law enforcement authorities (any on-campus and local police) and to be assisted by campus authorities in doing so, but also of their option to decline to notify such authorities,
2. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order,
3. Responsibilities for orders of protection, no-contact orders, restraining orders or similar lawful orders issued by a criminal, civil or tribal court, or by the campus,
4. Counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, availability of forensic nurses to administer forensic sexual assault nurse exams ("SANE") and other services available for victims within the campus and in the community; and
5. Options for, and available assistance in, changing transportation and working situations, in addition to any available academic and residential accommodation. This notification shall be made, and accommodations afforded if they are reasonably available, regardless of whether the person who experienced sexual misconduct chooses to participate in any campus investigation or disciplinary proceeding or report the crime to law enforcement.

The university has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, financial aid and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The university will make such accommodations, if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the Auraria Campus Police Department or local law enforcement. Students and employees should contact the Title IX Coordinator/designee or the Police Department's Community Resource Officer.

The Title IX Coordinator/designee and/or a Auraria Campus Police Department staff member will liaison for victims in obtaining applicable accommodations within the university and community.

ANNUAL DISCLOSURE OF CAMPUS CRIME STATISTICS

Preparation and Disclosure of Campus Crime Statistics and Security Report

CU Denver, in compliance with the Jeanne Clery Campus Safety Act (20 U.S.C. 1092(f)), (Clery Act), publishes and distributes, to all current students and employees, and to any applicant for enrollment or employment, information on how to obtain the Annual Security Report. This report provides information regarding campus crime statistics and campus security policies for CU Denver/Auraria.

The Annual Security Report is prepared in cooperation with the local law enforcement agencies surrounding the CU Denver main campus and non-campus locations. CRS 18-8-115, "Duty to Report a Crime", requires all persons who believe a crime has been committed to promptly report the suspected crime to law enforcement authorities. This report has been prepared by the CU Denver Clery Compliance Manager.

The Clery Act requires the university to include in this report a statement of policy concerning the monitoring and recording through local police agencies of criminal activity by students at non-campus locations of student organizations officially recognized by the institution, including student organizations with non-campus housing facilities.

The university relies on its working relationships with local law enforcement agencies to receive information about incidents involving CU Denver students and recognized student organizations on and off campus. The university may become involved in the off-campus conduct of recognized student organizations or individual students when such conduct is determined to affect a substantial university interest.

Campus crime, arrest and referral statistics include those reported to the CU Denver/ACPD, by designated campus officials (including but not limited to directors, deans, department heads, designated employees, judicial affairs, and advisors to students/student organizations), and local law enforcement agencies. A procedure is in place to anonymously capture crime statistics disclosed at CU Ethics Line phone and web based anonymous reporting systems 800-677-5590 or www.ethicspoint.com. Institutions must disclose reported offenses, not the finding of a court, coroner or jury or the decision of a prosecutor.

Each year, notification is sent by e-mail to all enrolled students, faculty, and employees, which provides a direct link to and the website address for the Annual Security Report. Copies of the Annual Security Report may also be obtained from the Clery Compliance Manager at 303-724-2215, 13309 E. 17th Place, Aurora, CO 80045. All prospective employees may obtain a copy from Human Resources by calling 303-315-2700. The link to the Annual Security Report is provided at the University of Colorado careers website.

It is the responsibility of the CU Denver Clery Compliance Manager to ensure that the required Clery Act disclosures are properly forwarded to campus administration and community members in accordance with the institution's procedures. This report has been prepared by the CU Denver Clery Compliance Manager.

Clery Geography Definitions

On Campus: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls; and (2) any building or property that is within or

reasonably contiguous to the area identified in paragraph (1) of the definition, that is owned by an institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On-Campus Residential: Campus Village, became known as Lynx Crossing in Spring of 2020, located at 318 Walnut Street in Denver, provides residential housing for students attending CU Denver. Another student residential housing facility, City Heights, located at 1191 Larimer Street in Denver, opened just prior to the fall semester of 2021.

Public Property: Property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution's educational purposes.

Non-Campus: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Reports

CU Denver believes a well-informed community remains a safety conscious one. Numerous efforts are made to keep members of the campus community informed about campus crime and crime-related problems. Written reports are made of all crimes reported to the Auraria Campus Police Department.

Police reports are maintained by the Auraria Campus Police Department Records Division and are used to compile year-end statistics for the FBI's Uniform Crime Report. In addition, the Police Department prepares annual and daily reports of campus crime related information. Copies of these reports are available by contacting the Auraria Campus Police Department Records Manager at 303-556-2219.

HAZING POLICY AND REPORTING

Hazing is a violation of criminal law and prohibited conduct under the CU Denver Student Code of Conduct and the Clery Act as amended by the Stop Campus Hazing Act of 2024.

No CU Denver student, employee, or affiliate may engage in hazing of a student. Anyone who engages in acts of hazing is subject to employee or student conduct processes.

Definitions of Hazing

Federal Definition (Clery Act)

The term "hazing", for purposes of reporting statistics on hazing incidents under the Clery Act, means any intentional, knowing, or reckless act committed by a person (whether individually or in concert with other persons) against another person or persons regardless of the willingness of such other person or persons to participate, that-

- is committed in the course of an initiation into, an affiliation with, or the maintenance of membership in, a student organization; and
- causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury including-
 - whipping, beating, striking, electronic shocking, placing of a harmful substance on someone's body, or similar activity; causing, coercing, or otherwise inducing sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;
 - causing, coercing, or otherwise inducing another person to consume food, liquid, alcohol, drugs, or other substances;
 - causing, coercing, or otherwise inducing another person to perform sexual acts;
 - any activity that places another person in reasonable fear of bodily harm through the use of threatening words or conduct;
 - any activity against another person that includes a criminal violation of local, State, Tribal, or Federal law; and
 - any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, State, Tribal, or Federal law.

The term "student organization" means an organization at an institution of higher education (such as a club, society, association, varsity or junior varsity athletic team, club sports team, fraternity, sorority, band, or student government) in which two or more of the members are students enrolled at the institution of higher education, whether or not the organization is established or recognized by the institution.

Institutional Definition (CU Denver Student Code of Conduct)

CU Denver adapted the U.S. Department of Education's definition of Hazing as the basis for disciplinary adjudication and for purposes related to the ASR and the bi-annual CHTR (per Student Code of Conduct and Campus Policy 7041D).

State Definition (Colorado State Statute 18-9-124)

Under Colorado law, hazing is any activity by which a person recklessly endangers the health or safety of or causes a risk of bodily injury to an individual for purposes of initiation or admission into or affiliation with any student organization; except that "hazing" does not include customary athletic events or other similar contests or competitions, or authorized training activities conducted by members of the armed forces of the state of Colorado or the United States.

"Hazing" includes but is not limited to:

- Forced and prolonged physical activity
- Forced consumption of any food, beverage, medication or controlled substance, whether or not prescribed, in excess of the usual amounts for human consumption or forced consumption of any substance not generally intended for human consumption
- Prolonged deprivation of sleep, food, or drink

Reporting Hazing

Hazing incidents involving students or student organizations should be reported to the Office of Student Conduct & Community Standards (SCCC) at

https://cm.maxient.com/reportingform.php?UnivofColoradoDenver&layout_id=1.

Upon receiving a report of hazing, the SCCC will address concerns through the Student Conduct/Organizational Conduct process.

Hazing incidents facilitated by a staff or faculty member should be reported to campus Human Resources, https://cm.maxient.com/reportingform.php?UnivofColoradoDenver&layout_id=1.

Transparency and Accountability

Twice annually, the Denver Office of Student Conduct & Community Standards will compile and publish on a prominent location of the public website a hazing transparency report that summarizes finding of responsibility concerning any student organization found to be in violation of the anti-hazing standards. Information on hazing at CU Denver is compiled by SCCC and can be found on their website at <https://www.cudenver.edu/student-conduct/about/sccs-reports-and-update>.

The report will include the name of the student organization, a general description of the violation and resulted in a finding of responsibility; and the related dates of the incident, initiation of investigation, conclusion of investigation resulting in a finding, and date the organization was provided with notice of the finding.

Hazing became a Clery Act-reportable crime in January 2025 and will be included in Annual Security Reports (ASRs) beginning with the 2026 report.

- Disability - A pre-formed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

SELF-SECURITY AND CRIME PREVENTION

Lighting, Vines, Trees, and Shrubs

Each fall semester, a Campus Safe Night event is held, which tours the campus after dark and provides suggestions for security enhancements.

Work orders noting security issues with campus facilities can be filed online at:

<https://www.ahec.edu/for-campus-faculty-staff/facilities-services/work-order-requests/>

or reported by telephone at 303-556-3260. For any urgent facility issue, call 303-556-3260 (odor of gas, etc.).

Security and Access to Facilities

Exterior door locks on the Auraria Campus are fully electronic, programmed by the Access Control Department in Facilities Services. The system also can be placed directly into “lockdown” by The Auraria Campus Police Department. The Auraria Campus Police Department has the primary responsibility for ensuring the lock hardware is functioning properly. Established facility hours are coordinated and maintained by the Auraria Academic Services. The Auraria Campus Police Department also works closely with the Facilities Services Department to maintain building security and key control. Access to facilities after normal building hours is limited and coordinated with Facilities Services Access Control and Auraria Campus Police.

Security Awareness

A community and its police must do more than simply react to crime. It is important to look for opportunities to deter and/or prevent crime. The Auraria Campus Police Department provides the following services and programs to improve safety on campus and to make the community aware of campus crime and efforts to reduce criminal activity, as well as to minimize their chances of becoming a victim.

Safety is everyone's responsibility.

Follow these 10 tips to keep yourself and the Auraria Campus Community safe:

1. **Program your phone:** Program the Auraria Campus Police Department number in your cell phone so you have it at your fingertips in the event of an emergency on campus: 303-556-5000. (Use 9-1-1 from any campus phone to be connected with the ACPD Dispatch).
2. **Trust your instincts:** If you suspect something is wrong, or a situation seems dangerous, you're probably right. If you see something, say something. Don't dismiss suspicious situations; report them to the ACPD immediately.
3. **Use the buddy system:** The Auraria Campus Police Department will provide a ride to your building or vehicle. Contact the Police Department at 303-556-5000 for a ride.
4. **Protect your property:** Unattended items like backpacks, laptops, and cell phones are easy targets. Make it a habit to take all valuables with you; don't leave your property unattended.
5. **Report solicitors:** Magazine subscriptions and donation requests are common types of solicitations that criminals use to lure community members into giving illegitimate donations. Avoid solicitors' scams by politely saying no and immediately notifying the ACPD.

6. **Stay alert on transit:** Stay awake and keep your personal belongings close to you. Avoid isolated bus or light rail stops. Don't tell strangers where you are going.
7. **Lock it:** Parking lots and garages are common targets. Never leave valuables in your car in plain view. Make sure your windows are up, the doors are locked, and if you have a security system, ensure it is set.
8. **Keep personal information private:** Avoid becoming a victim of identity theft by carrying only the necessary items in your wallet or purse. Don't give personal information to solicitors.
9. **Locate Emergency Phones:** The Auraria Campus is equipped with emergency telephone call stations. Each emergency phone is equipped with a call button that immediately connects to the Auraria Campus Police Dispatch. Outdoor phones are located in parking lots and pedestrian areas—they are red and stand approximately 9 feet high. Indoor emergency phones are located throughout the main buildings in common areas.
10. **Protect your bike:** Lock your bike with a U-lock and record your serial number. Always park your bike at a rack, locking your frame and wheel to the rack.

Crime Prevention Programs

The Auraria Campus Police Department offers a number of programs that promote security awareness and crime prevention. Students, faculty, and staff are encouraged to be responsible for their own security and the security of others. Efforts of the Police Department are oriented toward crime prevention education. In addition to departmental programs, the Police Department cooperates with other campus organizations to present security and safety programs. The coronavirus pandemic has affected the scheduling of some programs.

Programs presented by the Auraria Campus Police Department may be requested by contacting the Community Relations Unit at 303-556-5000.

Weekly

New Employee Orientation - A healthy work and learning environment free from discrimination and harassment is a key value at CU Denver. To that end, it is required that employees (faculty and staff) be familiar with discrimination and harassment protections, the types of discrimination and harassment that occur in employment and education environments, understand reporting requirements, and the university employees who address discrimination and harassment. This presentation also includes an overview of the Auraria Campus Police Department, the services it provides, and how and when to call the police. Crime on campus is discussed, and personal safety and security information is presented to new students and employees. Employees are required to complete CU: Discrimination & Sexual Misconduct on-line course within 90 days of hire.

Monthly

Run>Hide>Fight -This presentation by the Auraria Campus Police offers information about surviving an active harmer situation on campus. The discussion portion allows for questions and campus specific information. The Auraria Campus Police Department also offers this class. This information can also be presented by CU Denver Emergency by request.

Semesterly

New Student Orientation - CU Denver conducts a new student orientation at the beginning of each school year and/or the start of a program. In addition to academic and school or college information, the orientation typically

provides new students with information about the student code of conduct for their program which includes discrimination and harassment, an overview of the Auraria Campus Police Department, crime prevention, public safety, and campus security procedures and practices.

On-Going and Upon Request

Security Surveys - Upon request, officers will evaluate a facility's physical security and make recommendations for improvements.

Theft and Fraud Seminars - These presentations are usually given to people working in areas where check and credit card fraud occurs (such as the Bookstore, Bursar's Office, Recreation Center, etc.). The talk covers commonly used scams, how to recognize them, and what to do when they occur.

Crisis Follow-ups - Offered through Counseling Services of each institution, crisis follow-up sessions are provided for mental health concerns and to individuals who have been victims of violence. Information is presented regarding personal safety and coping with traumatic events.

Bike Theft Prevention - Community Services hosts Bicycle Clinics each semester providing helpful tips on preventing bike thefts and the bike theft problem on campus.

Preventing Workplace Violence - Critical to preventing violence from happening in your workplace is recognizing the warning signs and behaviors that can lead to it. This session provides understanding of the many forms those warning signs can take and the situations that can spawn them. Learn how to assess those indicators and how to appropriately respond to a crisis situation.

POLICIES – ALCOHOL & OTHER DRUGS

As an academic community, the CU Denver Campus is committed to providing an environment in which learning and scholarship can flourish, which includes a drug-free educational environment and drug-free workplace.

The possession or use of illegal drugs, or the abuse of those which may otherwise be legally possessed, seriously affects the university environment, as well as the individual potential of our students and employees. The university enforces state laws and related university policies, including those prohibiting the following activities on campus:

- A. Providing alcoholic beverages to individuals under 21 or possession or consumption of alcoholic beverages by individuals under 21.
- B. Distribution, possession, or use of illegal drugs or controlled substances.
- C. Possession of firearms or other dangerous weapons.

The abuse of alcohol and other drugs is prohibited by the [Student Code of Conduct](#) and Ethics and Compliance [Code of Conduct](#) for Employees. This includes on- or off-campus activities sponsored by the university, such as officially sanctioned field trips, student-sponsored social activities, club sports travel, as well as activities of a student organization recognized by the institution.

The university strongly encourages students and staff members to voluntarily obtain assistance for dependency or abuse problems before such behavior results in an arrest and/or disciplinary referral, which might result in their separation from the institution.

The use of, or addiction to, alcohol, marijuana, or controlled substances is not considered an excuse for violations of the Student Code of Conduct or staff expectations and will not be a mitigating factor in the application of appropriate disciplinary sanctions for such violations.

The Auraria Campus Police Department enforces all state and local laws associated with the possession, use, and sale of drugs and alcohol.

Help is available both on campus and within the community for students and staff members who are dependent on, or who abuse the use of alcohol or other drugs. Services are available at the Student and Community Counseling Center, 303-315-7270 for CU Denver students and The Colorado State Employee Assistance Program 303-866-4314 for CU Denver employees. These resources, as well as other professional agencies, will maintain the confidentiality of persons seeking help for personal dependency and will not report them to institutional or state authorities. The CU Denver Health Promotion and Engagement Coordinator, 303-315-4009, provides educational and awareness programming, information, and assistance for CU Denver students.

Student Sanctions

Students that are alleged to have engaged in misconduct, related to drugs or alcohol, are eligible for one of three resolution processes: Restorative Justice, the Formal Conduct Process, or the Dismissal Process. In each of these processes the student will volunteer to, or be required to, complete action items (sanctions) if found responsible for the violation.

Sanctions are based on a consideration of the totality of the information in a particular case including, but not limited to, the individual student's prior conduct history, mitigating and aggravating factors, the severity of the violation, and the impact on individuals or the Campus and greater community.

The following are the various types of sanctions. Students may be sanctioned to any combination of these.

- A. Advocacy: Sanctions that may seem to be disconnected to the Prohibited Student Behavior but are intended to help the student be successful at CU Denver.

Typical Advocacy Sanctions include:

1. Referral to Alcohol or Drug substance use counselor for assessment.
2. Request for student to research Drug or Alcohol resources available to them.
3. Referral to Student and Community Counseling Center for support.

- B. Educational: Sanctions that aim to help a student learn information about a specific topic or to show their self-reflection, including, but not limited to, reflection or research papers, and educational courses about alcohol and marijuana.

Typical Educational Sanctions include:

1. Required attendance of the CU Denver Alcohol and/or Marijuana Course.
2. Completion of the relevant Institute for Specialized Alternative Education (ISAE)'s Alcohol and/or Marijuana Course.
3. Completion of the 3rd Millennium Curriculum's "Under the Influence" Course (related to alcohol) or the "THC 101" Course (related to marijuana).
4. Reflection paper related to decision making.
5. Reflection paper following the attendance or completion of a required course.
6. For students of the age of 21, a reflection paper related to harm reduction practices they may use in the future.
7. Create a material to share with other students to raise awareness about the dangers of drugs and alcohol.
8. Watch an educational video about alcohol or marijuana and submit a reflection paper.

- C. Disciplinary: Sanctions that acknowledge that the behavior does not meet community expectations, or that provide boundaries to help prevent the behavior from occurring again in the future.

Disciplinary Sanctions include:

- A. Loss of Financial Aid eligibility
- B. Housing and Dining Contract Termination
- C. Student Employee Termination (pg. 28 Student Employee Handbook)
- D. Class Removal
- E. Disciplinary Warning
- F. Disciplinary Probation
- G. Disciplinary Probation with Loss of Good Standing
- H. Suspension
- I. Campus Exclusion
- J. Expulsion

Employee Sanctions

It is a violation of CU Denver's Code of Conduct for any employee to jeopardize the operation or interests of the University through the unlawful manufacture, possession, use, or distribution of alcohol or drugs. Some departments have adopted reasonable suspicion policies that may include additional provisions regarding the possession or use of drugs or alcohol in the workplace. Sanctions for employees who are found to be in violation may include discipline up to and including termination of employment. Compliance with CU Denver's policies and State and Federal laws is a condition of employment for all employees.

Counseling and Treatment

Short-term alcohol and other drug counseling is available through the CU Denver Student and Community Counseling Center (303-315-7270) for Denver students.

Campus services may refer students to other treatment programs for more intensive treatment if deemed appropriate. WEAPONS POLICY

University of Colorado

The Board of Regents recognizes, in systemwide [Policy 14-I](#), that the unauthorized possession of firearms, explosives, and other dangerous and illegal weapons on or within any University of Colorado campus, leased building, or areas where such possession interferes with the learning and working environment of the University of Colorado is inconsistent with the academic mission of the university.

Article 14.B.3 of the Laws of the Regents authorizes the chancellors of each campus to adopt procedures governing the use of university grounds, buildings, and facilities. Regent Policy 1.C further recognizes that the possession of firearms, explosives, and other weapons on university premises compromises the safety of the university community.

During the 2024 session, the Colorado Legislature passed a law prohibiting the carrying of firearms and deadly weapons on college or university property (excluding parking areas). Following the implementation of this new law, the University of Colorado Denver Medical Campus policy "Campus Weapons Control" was updated to be in alignment with the new law (C.R.S. 18-12-105.5).

Auraria Higher Education Center Campus Weapons Policy

Legislative Declaration - The Auraria Board owns and manages the Auraria campus for the use and benefit of its constituent institutions of higher education – the Community College of Denver (CCD), Metropolitan State University of Denver (MSU Denver), and the University of Colorado Denver (CU Denver) – and to facilitate and further their respective educational missions. Section 23-70-106, C.R.S., authorizes the Auraria Board to promulgate rules and regulations for the safety of students, employees and property on the Auraria campus.

As a result of recent legislative changes, the Auraria Campus is in the process of revising Policy 7.2.2 Weapons on Campus Policy. Auraria policies can be found at <https://aurariacampus.edu/auraria/campus-wide-policies/7.-police-and-safety/>.

SEX OFFENDER REGISTRY INFORMATION

In compliance with section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) and Colorado Revised Statutes 16-22-102 through 16-22-115, and 23-5-125, registered sex offender information may be obtained at:

Colorado Bureau of Investigation

<https://www.colorado.gov/apps/cdps/sor/search-agreement.jsf>

The CBI does not post information concerning (1) sex offenders only convicted of misdemeanor sex offenses, or (2) juveniles adjudicated for sex crimes.

According to the CBI website: You may contact your local Police Department, County Sheriff's office, or the CBI for a COMPLETE list of registered sex offenders that reside in your city, county, or state. Some Police Departments and Sheriff's Offices maintain websites containing information about sex offenders in their jurisdiction, consistent with Colorado Revised Statutes (CRS) 16-22-112. Please select the Information tab for links to view specific Colorado Police and Sheriff sex offender websites.

The Denver Police Department would be the agency of record for anyone registered who resides on campus. Additional information from their department may be found on their website at: <https://denvergov.org/Government/Agencies-Departments-Offices/Agencies-Departments-Offices-Directory/Police-Department/Crime-Information/Sex-Offenders>. The telephone number for their hotline is 720-913-6511.

MISSING RESIDENTIAL STUDENT NOTIFICATION

Missing Student Notification Policy

In accordance with the Clery Act, institutions that maintain on-campus student housing facilities must establish procedures for responding to reports of missing students residing in on-campus housing.

Students residing in CU Denver on-campus housing will be informed of this policy when signing a housing contract and whenever they update their personal contact information.

Confidential Contact Information

Each student residing in on-campus housing has the option to designate a *confidential missing-person contact* who will be notified if the student is determined to be missing. Missing-person contact information will be maintained confidentially, will be accessible only to authorized university officials, and will be disclosed only to law enforcement personnel as necessary in furtherance of a missing person investigation.

Missing Student Definition

A residential student may be considered missing when the student's whereabouts are unknown and the student has been reported to the university as missing or cannot be located after reasonable efforts to determine the student's whereabouts. A student may be considered missing regardless of the length of time since the student was last seen.

Reporting a Missing Student

A report that a student is missing may be made by any individual and should be reported immediately to one of the following:

- Auraria Campus Police Department (ACPD)
- Dean of Students Office
- CU Denver Housing and Dining professional staff
- Associate Vice Chancellor for Student Affairs
- Vice Chancellor for Strategic Enrollment and Student Success staff
- Campus Assessment, Response, and Evaluation (CARE) Team

Any university official receiving a report of a missing student shall immediately refer the report to ACPD or the appropriate law enforcement agency with jurisdiction over the location from which the student is reported missing.

Required Notifications

If a residential student has been missing for 24 hours, CU Denver will:

- Notify the student's designated confidential contact within 24 hours of the determination that the student is missing.
- Notify the student's custodial parent or legal guardian within 24 hours if the student is under 18 years of age and not emancipated.
- Notify the appropriate law enforcement agency within 24 hours if the agency has not already been involved in the investigation.

These notifications will be made regardless of whether the student has designated a confidential contact, is over the age of 18, or is an emancipated minor.

Additional Colorado Requirements

In addition to the requirements of the Clery Act, CU Denver complies with Colorado Senate Bill 26-120, Concerning Law Enforcement Procedures Related to Missing Persons, when a current student who was last known to reside in Colorado is reported missing or cannot be located.

Upon receiving a report that a student is missing or cannot be located, CU Denver will:

- Immediately notify the Auraria Campus Police Department (ACPD); or
- Conduct a preliminary wellness assessment within six (6) hours of receiving the report.

The preliminary wellness assessment will include:

- A digital contact attempt;
- A residential verification; and
- An academic and social inquiry.

The specific procedures governing missing student reports, preliminary wellness assessments, required notifications, and recordkeeping are outlined in [Missing Student Notification Procedure 7108D](#). This information will be made available to students and published on university websites.

LIFE SAFETY AND FIRE SUPPRESSION SYSTEMS

Fire Detection

Residential facilities have two fire detection systems in place. The first is a BRK Smoke Detector. These smoke detectors are AC powered (hardwired) with battery back-up. Smoke detectors are located in common spaces and in all bedrooms of each apartment. Batteries of the smoke detectors are inspected during quarterly inspections of the building completed by the CU Denver Maintenance Staff. Residents may notify the CU Denver Maintenance Staff when a battery needs to be replaced as well. In addition to the smoke detectors, enunciator panels are located in apartments and hallways throughout the building. The location of the enunciator panels is in accordance with the Denver City Fire Code. The enunciator panels are electrically powered and have both an audible sound and strobe light to alert residents. In the event of an evacuation, exit signs are located throughout all hallways and at all exit areas on each floor. Placement of exit signs is in accordance with the Denver City Fire Code.

Fire Suppression

Residential facilities have two fire suppression devices located throughout the buildings. The first fire suppression device is an ABC Fire Extinguisher. This extinguisher can be used to put out any type of fire. Fire extinguishers are located throughout the building. Please refer to the floor plan of the building for specific locations. The second fire suppression device is the sprinkler system. Sprinkler heads are located in common spaces and in all bedrooms of each apartment, as well as, in the hallways, community spaces throughout the building, and office spaces.

Each suite is equipped with a fire extinguisher for use on a smaller scale (i.e., kitchen fire). These extinguishers are checked and maintained by CU Denver Maintenance staff on a regular basis.

Resident Assistant Fire Safety Training

All Resident Assistants participate in fire safety training including how to use a fire extinguisher in a live burn. The training is completed in August during the Fall Semester RA Training. The session is hosted by the CU Anschutz Fire Marshal and Fire and Life Safety Division. All Resident Assistants also receive training in Fire Drill and Building Evacuation procedures during the Fall Semester RA Training. This training includes reviewing the CU Denver Housing & Dining Emergency Procedures Manual and identifying building/floor specific emergency exits and assembly points. All residents and student staff members are provided access to the CU Denver Housing & Dining Resident Handbook which details instructions for fire safety as well as emergency evacuation procedures.

Drills

There shall be a minimum of one fire drill during the fall semester and spring semester in each residential hall. In the 2025 calendar year, fire drills were conducted at the residence halls each semester. The drills occurred on January 29, February 5, June 24, and August 26. These drills measured how long it took to evacuate and provided an opportunity to determine ways to improve communication. Each drill was determined to be successful.

Fire Log

CU Denver Housing & Dining maintains a Fire Log; this log tracks any fires that occurred at either Lynx Crossing or City Heights residential facilities. The logs contain information related to the date a fire was reported, the nature/cause of the fire, the date and time the fire occurred, and the general location of the fire in the building or facility. The log is actively maintained. Reported fires will be added to the log within two (2) business days of the report. The Fire Log contains any fires reported in the most recent 60 days and is located at the front desk of each residential facility and is available for public review upon request during normal business hours. Upon request CU Denver Housing & Dining will provide any portion of the report older than 60 days within 2 business days of request for public inspection.

Fire Alarms and Evacuations

Fire alarms alert community members to potential hazards. Residents and occupants are required to evacuate immediately upon hearing an alarm, using the nearest stairwell or exit. Familiarity with building exits is strongly encouraged. The Fire Department may impose fines or penalties for failure to evacuate, but the primary reason for prompt evacuation is safety.

Elevators in Lynx Crossing and City Heights are equipped with fire recall activation. When an alarm is triggered, elevators automatically return to the ground floor and open, then are disabled for passenger use. Occupants should use the stairs to evacuate. If trapped in an elevator, press the emergency phone button.

After a false alarm, residents typically receive an email the next business day explaining the cause of the alarm and the reason for evacuation. These notifications serve as a teaching moment to reinforce evacuation routes, procedures, and safety guidelines. CU Denver publishes this fire safety information annually as part of its Clery Act Fire Safety report, which includes statistics on the number of fires, causes, injuries, deaths, and property damage. The report is available 24/7 at the Lynx Crossing front desk.

Emergency Reporting

In an emergency, immediately dial the Auraria Campus Police Department at 303-556-5000 or 9-1-1 for local authorities. Staff should follow the chain of command to report the incident to the Housing & Dining Leadership Team and the Greystar Home Office.

Staff Responsibilities

Management and staff must be familiar with all fire prevention and protection systems, including:

- Resident room systems: sprinklers, smoke alarms, intercom speakers
- Public area systems: smoke alarms, fire extinguishers, pull stations, strobe lights, exit signs
- Fire alarm monitoring panels, including front desk panels showing alarm activations

Fire suppression equipment such as extinguishers, hoses, and sprinklers should be maintained according to local codes. Residents must be informed of penalties for tampering or vandalizing fire equipment. RAs and staff should know how to operate fire extinguishers, respond to alarms and sprinkler activations, and follow all evacuation policies and procedures.

RESIDENTIAL FACILITIES EMERGENCY PROCEDURES

All staff members are required to be thoroughly familiar with all evacuations policies and procedures in the event of fire or emergencies.

When the fire alarm sounds instruct the RAs to respond as follows:

1. Immediately look outside of your suite to determine if you see any signs of smoke or fire. If it is determined that there is smoke or fire outside your building, call emergency authorities (AHEC Police at 303-556-5000 or 9-1-1) and evacuate the floor/building by banging on doors on your way out. Keep anyone from entering the building until the fire department arrives and says it is ok to re-enter the building.
2. Instruct residents to LOCK THEIR DOORS and quickly evacuate their rooms/apartments by using the stairwells. Residents should be instructed NEVER TO USE THE ELEVATORS in the event of a fire alarm. When residents exit the building, they should be instructed to proceed and gather away from the building in their assigned designated areas.
3. RAs should report to the Lead RA On-Call and/or other professional staff members and proper authorities any resident(s) that fail(s) to follow evacuation instructions.
4. Once off their floor/out of their suite, RAs should report to their assigned evacuation duty area (stairwells, exit doors, main entrance areas) to assist in the evacuation process.
5. In the event of an emergency, RAs should obtain a list of residents present and report missing residents to the Lead RA On-Call and/or other professional staff members and emergency response personnel.
6. Fire extinguishers should be inspected monthly and serviced annually. Fire drills should be conducted each Fall and Spring Semester, or more often as needed.

Evacuation Assembly Areas

RAs should instruct all residents to exit the building and proceed to the designated evacuation rally areas. Residents that fail to follow evacuation instructions will be referred to the Office of Student Conduct and Community Standards for failure to abide by Health and Safety Procedures. The Community Manager (Director of Housing & Dining) may elect to notify the Fire Department for assistance in prosecuting residents that fail to follow RA instructions concerning evacuation of the building during a fire.

Fire Extinguisher Operation Procedures

All staff members should be familiar with the location of fire extinguishers on their floors as well as throughout the building and in common areas. In addition, they are instructed to use the PASS method – Pull, Aim, Squeeze, Sweep, in the proper operation of fire extinguishers. To use an extinguisher:

1. Remove pin from handle.
2. Stand back approximately eight feet.
3. Aim at the base of the fire and squeeze the handle.
4. Move nozzle side to side and spray to cover the source of the flames.

Fire Sprinkler System Operation Procedures

If the property is equipped with a sprinkler system, it is important that all staff members are familiar with all operations of the system. This includes monitoring of the alarm system panel, and all emergency pumps. In addition, all RA's and other staff members should know the location and how to turn off all shut-off valves. This is especially important in the event of a water discharge due to accident, vandalism, or some other non-fire related activity. It should be noted that the longer it takes to turn off the water flow, the more extensive the water damage will be in the actual area of discharge as well as all floors below.

Staff Response to Fire Alarm

All on-site staff members must respond.

1. Highest ranking staff member is point of contact for emergency personnel.
 - a. Only the point staff member is authorized to communicate with emergency personnel.
 - b. If no pro-staff member is onsite during the alarm, the Lead RA On-Call is point until a pro-staff member arrives on-site.
2. All staff on-site must assist with evacuating residents from buildings to approved locations that are at least 100 feet away from the building being evacuated.
 - a. Lynx Crossing
 - Zone 1 – In the parking lot across Larimer St to the East of Lynx Crossing Main Entrance
 - Zone 2 – Across Walnut St and in the parking lot which is underneath Auraria Parkway, just North of Lynx Crossing
 - Zone 3 – In the gated parking lot directly South of Lynx Crossing
 - b. City Heights
 - Zone 1 – In the Tivoli large grass gathering area, West of City Heights
 - Zone 2 – Across Larimer St, into the North Classroom lawn area, which is South of City Heights
 - Zone 3 – In the grassy rectangle lawn North of City Heights
3. There must be at least one RA or pro-staff member escorting residents to these locations. No information may be relayed to residents other than we are waiting to hear from emergency response crews when it is safe.
4. DO NOT MAKE STATEMENTS ASSUMING WHAT HAPPENED. THIS OPENS LIABILITY TO YOURSELF AND COULD PUT YOUR JOB IN JEOPARDY.
5. The point staff members will stay in communication with all zones and advise the staff when the building is safe to enter, or any necessary updates.

PLANS FOR FUTURE IMPROVEMENT

Fire safety features in Lynx Crossing and City Heights are maintained and serviced when needed. No additional improvements to the devices are planned at this time.

Continued education is planned on fire drill and evacuation policies for residential students, including the placement of evacuation maps on the back of all suites/bedrooms in the residence halls. Emergency response guides are also posted in each residence hall and are regularly updated by the Office of Emergency Management. Regular updates of the Housing & Dining Emergency Management Plan are made that includes data from quarterly safety walks conducted in the residence halls.

SECTIONS FROM RESIDENT HANDBOOK AND LEASE AGREEMENT

Fire & Life Safety

All fire and life safety equipment must remain intact, installed and functioning. Any individual found responsible for tampering with, removing, damaging, or inappropriately possessing any fire/life safety equipment, (including EXIT signs, fire extinguishers, sprinklers, smoke detectors, etc...) will be referred to the Office of Conduct and Community Standards and will be administratively fined a minimum of \$500. Additional and/or multiple offenses may result in increased fines and possible termination of the housing contract.

Part of living in a community is reporting any equipment that is failing, or being tampered with, or destroyed. Failure to report any vandalism or damage to the property, specifically, fire/life safety equipment can result in a referral to the Office of Conduct and Community Standards, in addition to administrative fines and/or termination of the housing contract.

No items are permitted on the ceiling, and no items should be attached to fire sprinkler heads. Any false alarms on the property as a direct result of smoking, using prohibited fire hazards, or any other housing contract violation will result in a \$500 fine for the first offense, and additional fines and possible termination of the housing contract for multiple offenses.

In addition to your suites, certain policies must be followed when using common areas, to adhere to local fire codes. Do not remove any EXIT signs, fire extinguishers, or any other fire/life safety items from any common area or any area in the building. Any of this equipment, signage or other fire safety equipment found in your presence will result in a minimum fine of \$500 and a referral to the Office of Conduct and Community Standards and/or termination of the housing contract.

Additionally, students living in City Heights Residence Hall are not permitted to keep microwaves in their personal bedrooms. Microwaves are provided for communal use in each community lounge in City Heights. City Heights residents are permitted to have a mini fridge up to 3.3 cubic feet in size in their bedroom; however, we strongly encourage each resident to coordinate with their roommate(s) on sharing a mini fridge due to space limitations.

The following items are not permitted in the residence halls, as they are considered fire hazards. The presence of any of the following items will result in a referral to the Office of Conduct and Community Standards and potential fines.

- Space heaters
- Anything with an open heating element (e.g., hot plates, toasters, toaster ovens)
- Grills
- Air fryers
- Combustible or highly flammable materials (e.g., gasoline, spray paint, butane, kerosene, etc.)
- Burning materials (e.g., incense, candles, sage, etc.)
- Explosives
- Fireworks
- Ammunition
- Smoking devices (e.g., e-cigarettes, vaporizers, hookahs, bongs, etc.)

Appliances

All residents living in Lynx Crossing Residence Hall are provided with the following full-size kitchen appliances in their suite: refrigerator, microwave, and sink. Residents living in certain Lynx Crossing suites may also be provided with a dishwasher, oven, and cooktop. The upkeep and cleaning of kitchen appliances is the responsibility of all residents sharing the suite. All damage and/or improperly functioning elements of a Lynx Crossing appliance should be documented through a work order, available through the residents' housing portal.

Kitchen appliances are not provided in the rooms of any residents of City Heights. However, each resident has access to community lounge spaces within City Heights that include microwaves. Residents living in City Heights are permitted to have mini fridges in their personal rooms. Mini fridges must be no larger than 3.3 cubic feet. Each resident is permitted to bring their own mini fridge; however, due to space limitations, we strongly encourage residents to coordinate with their roommate(s) regarding sharing one mini fridge. Due to electrical and fire safety concerns, microwaves are not permitted in any room for any reason. Microwaves can be found in each City Heights common lounge.

The following appliances are not permitted in any residence hall for any reason:

- Deep fryers
- Hot plates
- Toasters
- Toaster ovens
- Air fryers
- Pressure cookers
- Portable or window-unit air conditioners
- Portable or countertop dishwasher, washers, or dryers
- Radiators and space heaters
- Any other appliance with an exposed heating coil/element
- Other small appliances, such as coffee pots, tea kettles, etc., may be brought into the residence hall as long as they are UL-approved and have an automatic shut-off function.

Suite/Room Decorations

No items are permitted to be attached to the ceiling. No items may be attached to the ceiling or to any smoke detectors, strobe lights or fire sprinkler heads. All decorations must be temporary so as not to permanently deface or damage walls, doors, windows, and/or suite furniture. Tape of any kind on the windows, carpet or flooring is not permitted. Any damage to ceilings, walls, floors, windows or furniture will result in a damage fee upon checkout.

No materials are permitted to be permanently adhered to doors, windows, or other suite furnishings. Residents should not use materials that cannot be readily removed from any surface. Materials affixed to the door must not cover the peephole. Housing & Dining staff reserve the right to ask students to remove any decorations from walls, doors, windows, floors, etc. Total wall and/or door coverage is considered a fire hazard and is not permitted.

Smoke Detectors

All exit signs, fire extinguishers and other fire/life safety equipment must remain intact, installed and functioning. Part of living in a community is reporting any equipment that is failing, or being tampered with, or destroyed. Failure to report any vandalism or damage to the property, specifically, fire/life safety equipment can result in a conduct hearing leading to fines and/or eviction.

Any individual found tampering with, or possessing any fire/life safety equipment, (including exit signs, fire extinguishers, sprinklers, smoke detectors, etc.) can face large fines and referral to the conduct process as well as possible termination of the housing contract and/or criminal prosecution.

Every room/suite comes equipped with a set of smoke detectors and one fire extinguisher. Smoke detectors can be found in the kitchen, common area, and each bedroom. The fire extinguisher can be found in the cabinet under or near the kitchen sink.

Please note that the smoke detectors in the room/suite are very sensitive. When taking a shower, close the bathroom door to ensure the steam does not affect the detector. When cooking, be sure to use the fan on the microwave. This could also help prevent a grease fire. If the smoke detector makes a beeping/chirping sound, it means the battery is low. Complete a work order as soon as possible to have the battery replaced. Any time a smoke detector sounds an alarm, you should respond to it as an emergency and proceed in a safe manner.

Fire extinguishers are intended for use in emergency situations only. In any event that a fire extinguisher is discharged, it should be reported to Housing & Dining staff or the Front Desk so that a replacement extinguisher can be installed.

Electrical Safety

Modifications to, or changes in, electrical wiring are not permitted. No "splices," "octopuses" or modification devices of any kind may be used to add plugs in a room or suite. Approved, grounded power strips with circuit breakers may be used only for computers and computer-related hardware. A maximum of two power strips may be used per room. Extension cords are not permitted.

Fire Safety

Under no circumstances should ANY smoke detector or life safety equipment be tampered with. No items are permitted on the ceiling, and no items should be attached to fire sprinkler heads. If any smoke detector is found in any other condition that it was installed, each resident will be referred to the Office of Student Conduct and Community Standards and will be fined a minimum of \$500. Additional offenses may result in increased fines and possible termination of the housing contract. In addition, any false alarms on the property as a direct result of smoking, using prohibited fire hazards, or any other housing contract violation will result in a \$500 fine for the first offense, and additional fine and possible termination of the housing contract for the multiple offenses.

Any resident found responsible for improperly using and/or tampering with a fire extinguisher will be referred to the Office of Student Conduct and Community Standards and will be fined a minimum of \$500. Additional offenses may result in increased fines and possible termination of the housing contract.

In addition to your room/suites, certain policies must be followed when using common areas, to adhere to local fire codes. Do not remove any exit signs, fire extinguishers, or any other fire/life safety items from any common

area or any area in the building. Any of this equipment, signage or other fire/life safety equipment found in your presence will be fined a minimum of \$500 will be assessed and could be followed by legal proceedings.

Prohibited Fire Hazards

Space heaters, hot plates, grills, other combustibles, any burning materials, including candles and incense, explosives, fireworks, ammunition, gasoline, other highly flammable material, e-cigarettes, hookahs, pipes, vaporizers, bong, other smoking devices. Refer to the [Student Code of Conduct](#) for additional university policies on fire safety.

Smoking

Smoking is strictly prohibited in all suites, hallways, breezeways, common rooms, the courtyard and within property gates. Smoking is permitted in the smoking pavilion, located in the South parking lot. Hookahs, bong, and any other smoking paraphernalia items involving an open flame are strictly prohibited on residential properties, even when they are not in use.

Evacuation

Fire warning devices and safety equipment are to be used only in case of emergency. The sounding of a fire alarm should be taken seriously, and residents should proceed according to the instructions posted in and about the property. The intentional sounding of an alarm outside of an emergency situation will be considered a criminal offense and the person or persons responsible will be treated accordingly.

If there is a fire or the alarm sounds, feel your door with the back of your hand before exiting. If it is cool, exit the room, close the door, and proceed to evacuate the building. If the door is hot, don't open it; fill any cracks with wet towels, signal from your room by hanging a sheet out your window and wait to be rescued by the fire department. Upon leaving your suite, close your door. If smoke is present in the breezeways, lie down and crawl to safety; fresh air will be near the floor. All residents should proceed away from the building and meet in the parking lot at the furthest point from your building. After exiting, please be sure to move away from the building in order to avoid falling debris and to give the fire department personnel room to operate. Notify a member of the property staff upon exiting the building. The fire department will give an "all clear" when it is safe to re-enter the building.

You are required by law to evacuate the buildings when the alarm sounds. Failure to do so is not only dangerous and illegal, but it also may result in criminal prosecution and the initiation of eviction proceedings. Failure to exit the property during a fire alarm or drill may result in fines up to \$1,000.
