

LYNXCONNECT

A LETTER TO OUR STUDENTS

Dear Lynx Community:

I hope you all are staying safe and healthy, and that your basic needs are being met during these uncertain times. As you settle into learning remotely, and practice social distancing, many of you might be facing job uncertainty as well.

The *Career Center* and *Experiential Learning Center* are here to help.

Many of you may work for an employer that had to shut down completely or cut its workforce. We have staff ready to help you navigate this difficult time. We are holding appointments remotely via zoom, you can schedule those in Handshake.

Were you recently laid off? Here are some additional resources for you as well.

What does it mean to search for a job or internship during a pandemic? This is certainly uncharted territory for searchers and employers. The good news is that employers are still hiring! We have a virtual recruitment events for several different employers listed in Handshake. Before you attend one, make sure that your materials are up to date. Again, our teams are here to help with resumes, cover letters, applications, virtual interviewing and virtual networking. We can navigate this together.

In addition, as a CU Denver student, you have access to [LinkedIn Learning](#) via the student portal. Here are some of the courses and videos I'd recommend:
