Clinical Education II: January 4- March 12, 2021

Our goal is to consistently partner with the same sites from year to year - if you hosted a CE II student last year, we hope that you will consider hosting again. New and returning partners are always welcome to participate as well.

CE II: 2nd year student; has completed coursework in musculoskeletal and neuromuscular management tracks and two out of three semesters of medical conditions track; has completed two integrated clinical education experiences in addition to CE I in first year. Student expected to be able to carry ~75% caseload by end of the experience, still under CI guidance and supervision.

Availability For CE II*

Reserved for CU Student

Would you or your Clinical Instructor(s) consider a 2:1 model?

Yes

No

We would like more information about the 2:1 placements.

Clinic Location(s) (If different than address above)

Clinical Instructor Name (If known)

Clinical Instructor Email (If known)

How many CU students can you place during this time?*

If you are hosting more than one student for this rotation, click below and additional fields will open:*

 Yes we will host an additional student(s) No we will not host additional students

Clinical Education I: May 3 - June 25, 2021

Our goal is to consistently partner with the same sites from year to year - if you hosted a CE I student last year, we hope that you will consider hosting again. New and returning partners are always welcome to participate as well.

CE I: 1st year student; completed coursework in basic sciences; and management of patients with Musculoskeletal conditions of lumbar spine and lower quarter; Neuromuscular frameworks applied to CVA and Cerebral Palsy; and management of patients with Cardio-pulmonary conditions. Also completed first integrated clinical education experience. Expect student to be able to carry ~50% caseload by the end of the experience, still under CI guidance and supervision.

b. No we will not host additional students

Final Clinical Experience: Clinical Education III or Year-long Internship

Terminal clinical experience options: Currently, students either complete the final experience in a 16-week non-paid CE III experience or a yearlong internship . We ask for your consideration of either type of experience for 2021.

CE III: Monday August 30th-December 15th, 2021

Students complete a 16-week non-paid experience. Students and sites participate in an application/interview process to ensure a good match.

Year-long Internship: Starting Monday August 30th, 2021

Students complete the final experience in a year-long internship. Students and sites participate in an application/interview process to ensure a good match.

Please select one or both CE III or the Year-long Internship below.

Clinical Education III: August 30 - December 15, 2021

Our goal is to consistently partner with the same sites from year to year - if you hosted a CE III student last year, we hope that you will consider hosting again. New and returning partners are always welcome to participate as well.

Integrated Clinical Education (ICE)

*ICE is a short-term clinical experience using team-based approach. Students are in teams of 4. CIs are provided with training by CU prior to this experience to prepare for working with a student team. Clinical Instructors are requested to have a decreased productivity expectation (~50% reduction) for ICE weeks to allow protected teaching time; the PT program will reimburse clinical sites to off-set the loss of productivity. **Because of the unique attributes of ICE, these experiences use an alternative recruitment process.** Please indicate your current involvement or interest below.*

2020 dates

**ICE I: Sept 14-18 AND Nov 16-20, 2020
2021**

ICE II: October 12-23, 2020

2021 dates

ICE I: Sept 13-17 AND Nov 15-19,

ICE II: October 11-22, 2021

Availability*

I am already an ICE site

I am interested in learning more about becoming an ICE site. Please contact me.

I am not interested in ICE at this time.
