** These blocks will be used as needed to schedule for independent study/research projects, specialty clinics or lab assistant time. These will not all be used in any given week.

*Other: Scheduled meeting with program director every 2-3 weeks

*Other: Journal Club 1x/month with ENRICH Early Intervention Team and 1x/quarter with Pediatric PT Resident Group

*Clinical Mentoring occurs 3-4 hours/week during the resident's clinical caseload with designated time in each clinical location where there is an ongoing caseload. The time is coordinated weekly by the mentor assigned to the resident. Times provided are only a sample and are not set times that occur consistently week by week.

*Specialty Experiences are scheduled throughout the program with attempts to place clinics and other experiences during open or flexible times in the schedule. When this cannot occur, the schedule is altered.

ENRICH = Early Intervention Patient Care

The RISE School of Denver = Private preschool for and children with developmental disabilities and typically developing peers.

CHCO = Children's Hospital Colorado Outpatient

APS = Aurora Public Schools

JFK Core Curriculum = LEND courses that are didactic instruction

Journal Club = quarterly with Peds PT Resident group
