

# ACCORDS Health Equity Seminar Series

For health services researchers and others designing and testing interventions to promote equity in health care

**Monday, September 16, 2019**

12:00-1:00pm

Education 2 North room 2302

Zoom information below

## Learning Objectives

- Understand various concepts of difference (e.g. disparity, inequity, inequality)
- Address drivers of disparities and the need for real world interventions
- Recognize the Kilbourne Model for Reducing Disparities in Health Care Systems
- Identify key elements for developing multi-level interventions to reduce disparities

**ACCORDS**  
UNIVERSITY OF COLORADO  
CHILDREN'S HOSPITAL COLORADO

Presents

## Reducing Disparities and Advancing Equity: Where the Research Has Been and Where It Needs to Go

The presentation will address concepts of difference (inequality, inequity, disparity) and focus on research frameworks and methods to advance equity and reduce disparities. The discussion will highlight the challenges of measuring equity, the drivers of disparities, and the development of interventions in real world settings

**Romana Hasnain-Wynia, PhD**  
Chief Research Officer, Denver Health

Dr. Hasnain-Wynia oversees Denver Health's research and sponsored programs through the Office of Research and represents research interests as a member of the Executive Leadership Team. Previously, she served as the director of the Addressing Disparities program at the Patient Centered Outcomes Research Institute.

\*Lunch will be provided for the first 30 participants.

\*\*No Registration required
