presents

Behavioral Science in Health and Health Care

An ACCORDS Seminar Series

Wednesday
February 20, 2019
12:00-1:00
Education 2 South
Room 2305
Anschutz Medical Campus

"Behavioral Health in Practice: How to Implement Change in the Clinic"

Bethany Kwan, PhD, MSPH

Investigator & Education Program Director,
ACCORDS

Assistant Professor, Family Medicine

Dr. Kwan is a social health psychologist and dissemination and implementation scientist in ACCORDS, where she studies theory-based approaches to chronic disease management and prevention in health care settings.

Danielle Loeb, MD, MPH

Associate Professor, Medicine-Internal Medicine

Dr. Loeb is practicing general internist at University of Colorado School of Medicine and a fellowship-trained Dissemination and Implementation researcher. Her research focuses on improving care for complex patients with mental illness in a team-based model of care with a specific focus on the integration of PCPs within the healthcare team. She has performed both qualitative and quantitative research on the treatment of complex patients in primary care.
