**B. POLICY STATEMENT**

Pursuant to APS 5019, the University offers four weeks (160 hours) of paid parental leave to eligible twelve-month faculty and staff for the birth, adoption, or foster care placement

of a child(ren). The purpose of parental leave is to allow parents additional flexibility and time to care for and bond with their (child)ren.

For purposes of this policy, twelve-month faculty include Instructors, Senior Instructors, Assistant Professors, Associate Professors, Professors, Distinguished Professors, Assistant Professors (C/T), Associate Professors (C/T) and Professors (C/T), Assistant Professors – Research, Associate Professors – Research, Professors – Research, Research Instructors, Faculty Research Associates, Visiting Research Associates, Professional Research Assistants, Sr. Professional Research Assistants, Research Associates, Sr. Research Associates and Research Sr. Instructors.

### **D. LEAVE PROVISIONS**

2. Paid parental leave is calculated on the employee's base salary at the time the employee commences the leave. Incentive payments, bonus payments, and external compensation is excluded from the employee's salary calculation. Part-time employees' pay will be pro-rated based on the employee's FTE. Paid parental leave is subject to all applicable taxes and withholdings.
3. A multiple birth, adoption, or foster care placement (i.e. the birth of twins or adoption of siblings) does not increase the four weeks (160 hours) of paid leave.
4. Paid parental leave must be used within one year of the birth, adoption, or foster care placement of a child. Failure to use paid parental leave within one year will constitute a forfeiture of the leave.
5. Employees are only eligible for one period of paid parental leave in a rolling twelve-month period.

---

<sup>1</sup> APS 5019 defines "Parent" as a biological parent, domestic partner or new adoptive parent or guardian of a child or foster child, including an employee using a surrogate/gestational carrier.

6. If both parents are employed by CU Denver | Anschutz Medical Campus, they may take paid parental leave concurrently or at separate times.
7. Upon the exhaustion of paid parental leave, employees must use sick and, if necessary, vacation leave for the remainder of their leave period. In accordance with Regent Policy 11.E.3.d, vacation leave must be exhausted prior to being placed on leave without pay.
8. Employees who use parental leave for purposes other than to care for a newly born, adopted or foster care placed child may be subject to disciplinary action, up to and including termination.
9. An eligible employee shall, initially, verbally notify their supervisor of the need for paid parental leave and the timing and duration of the paid parental leave. If the need for paid parental leave is foreseeable, an eligible employee must give their supervisor at least 30 calendar days advance notice of the need for leave, if practicable. If the need for paid parental leave is not foreseeable, an eligible employee must give notice of the need for leave to the eligible employee's supervisor as soon as practicable. An eligible employee shall follow up the verbal request for paid parental leave in writing on an appropriate University leave request form.
