

**University of Colorado Denver**  
**Core Status for First-Year Seminar Courses**

Each FYS course is individually reviewed by the Core Curriculum Oversight Committee for knowledge area content, critical thinking and writing requirements in order to assign Core status to FYS courses. One, and only one, FYS course may be applied toward a specific Knowledge Area of the Core, which precludes using a FYS course towards the Intellectual Competencies, International Perspectives, or Cultural Diversity areas of the Core. The following table outlines the FYS courses by department/program, title, and instructor for official Core status, as approved by the CCOC.

<b>1111</b>	<b>Course Title</b>	<b>Fall 2009</b>	<b>Fall 2010</b>	<b>Fall 2011</b>	<b>Fall 2012</b>	<b>Fall 2013</b>
